(e) Any timber sales prepared and recreation projects completed under this section shall comply with all applicable environmental and natural resource laws and regulations.

These programs shall be designed to test the feasibility and desirability of the goal of ensuring, to the maximum extent practicable, that the debt service and operating expenses, including adequate reserves, attributable to such multifamily projects can be supported with or without mortgage insurance under the National Housing Act and with or without above-market rents and utilizing project-based assistance or, with the consent of the property owner, tenant-based assistance, while taking into account the need for assistance of low- and very low-income families in such projects. In carrying out this demonstration, the Secretary may use arrangements with third parties, under which the Secretary may provide for the assumption by the third parties (by delegation, contract, or otherwise) of some or all of the functions, obligations, and benefits of the Secretary.

(iii) restructuring the mortgages of such projects in a manner that is consistent with local housing market conditions;

(iv) supporting fair housing strategies;

(2) DEMONSTRATION APPROACHES.—In carrying out the demonstration programs, subject to the appropriation in subsection (f), the Secretary may use one or more of the following approaches:

(D) Nonrenewal of expiring existing project-based assistance contracts and providing tenant-based assistance to previously assisted households.

(b) For purposes of carrying out demonstration programs under subsection (a)—

(1) the Secretary may manage and dispose of multifamily properties owned by the Secretary as of October 1, 1995 and multifamily mortgages held by the Secretary as of October 1, 1995 for properties assisted under section 8 with rents above 110 percent of fair market rents without regard to any other provision of law; and

third party determines would interfere with the ability of the project to operate without above market rents. The Secretary or third party may require an owner of a property assisted under the section 8 new construction/substantial rehabilitation program to apply any accumulated residual receipts toward effecting the purposes of this section.

(2) Notwithstanding any other provision of law, the Secretary of Housing and Urban Development may enter into contracts to purchase reinsurance, or enter into participations or otherwise transfer economic interest in contracts of insurance or in the premiums paid, or due to be paid, on such insurance to third parties, on such terms and conditions as the Secretary may determine.

(3) The Secretary may offer project-based assistance with rents at or below fair market rents for the locality in which the project is located and may negotiate such other terms as are acceptable to the Secretary and the project owner.

(4) The Secretary may offer to pay all or a portion of the project's debt service, including payments monthly from the appropriate Insurance Fund, for the full remaining term of the insured mortgage.

(5) Notwithstanding any other provision of law, the Secretary may forgive and cancel any FHA-insured mortgage debt that a demonstration program property cannot carry at market rents while bearing full operating costs.

(6) For demonstration program properties that cannot carry full operating costs (excluding debt service) at market rents, the Secretary may approve project-based rents sufficient to carry such full operating costs and may offer to pay the full debt service in the manner provided in paragraph (4).

(d) COMMUNITY AND TENANT INPUT.—In carrying out this section, the Secretary shall develop procedures to provide appropriate and timely notice to officials of the unit of general local government affected, the community in which the project is situated, and the tenants of the project.

(B) OFFSETS FROM SOCIAL SECURITY PAYMENTS, ETC.—Subparagraph (A) of section 3716(c)(3) of title 31, United States Code (as added by subsection (d)(2) of this section), shall apply only to payments made after the date which is 4 months after the date of the enactment of this Act.

31 USC 3701 note.

(b) The purposes of this section are the following:

(1) To maximize collections of delinquent debts owed to the Government by ensuring quick action to enforce recovery of debts and the use of all appropriate collection tools.

(2) To minimize the costs of debt collection by consolidating related functions and activities and utilizing interagency teams.

(3) To reduce losses arising from debt management activities by requiring proper screening of potential borrowers, aggressive monitoring of all accounts, and sharing of information within and among Federal agencies.

(4) To ensure that the public is fully informed of the Federal Government's debt collection policies and that debtors are cog-

nizant of their financial obligations to repay amounts owed to the Federal Government.

(5) To ensure that debtors have all appropriate due process rights, including the ability to verify, challenge, and compromise claims, and access to administrative appeals procedures which are both reasonable and protect the interests of the United States.

(6) To encourage agencies, when appropriate, to sell delinquent debt, particularly debts with underlying collateral.

(7) To rely on the experience and expertise of private sector professionals to provide debt collection services to Federal agencies.

(c) Chapter 37 of title 31, United States Code, is amended—

"(4) 'executive, judicial, or legislative agency' means a department, agency, court, court administrative office, or instrumentality in the executive, judicial, or legislative branch of Government, including government corporations.".

"(c) In sections 3716 and 3717 of this title, the term 'person' does not include an agency of the United States Government.".

(2) REQUIREMENTS AND PROCEDURES.—Section 3716 of title 31, United States Code, is amended—

(A) by amending subsection (b) to read as follows:

"(b) Before collecting a claim by administrative offset, the head of an executive, judicial, or legislative agency must either—

"(1) adopt, without change, regulations on collecting by administrative offset promulgated by the Department of Justice, the General Accounting Office, or the Department of the Treasury; or

"(2) prescribe regulations on collecting by administrative offset consistent with the regulations referred to in paragraph (1).";

(B) by amending subsection (c)(2) to read as follows:

"(2) when a statute explicitly prohibits using administrative offset or setoff to collect the claim or type of claim involved.";

(C) by redesignating subsection (c) as subsection (e); and

(D) by inserting after subsection (b) the following new subsections:

"(c)(1)(A) Except as otherwise provided in this subsection, a disbursing official of the Department of the Treasury, the Department of Defense, the United States Postal Service, or any other government corporation, or any disbursing official of the United States designated by the Secretary of the Treasury, shall offset at least annually the amount of a payment which a payment certifying agency has certified to the disbursing official for disbursement, by an amount equal to the amount of a claim which a creditor agency has certified to the Secretary of the Treasury pursuant to this subsection.

"(B) An agency that designates disbursing officials pursuant to section 3321(c) of this title is not required to certify claims

arising out of its operations to the Secretary of the Treasury before such agency's disbursing officials offset such claims.

"(C) Payments certified by the Department of Education under a program administered by the Secretary of Education under title IV of the Higher Education Act of 1965 shall not be subject to administrative offset under this subsection.

"(2) Neither the disbursing official nor the payment certifying agency shall be liable—

"(A) for the amount of the administrative offset on the basis that the underlying obligation, represented by the payment before the administrative offset was taken, was not satisfied; or

"(B) for failure to provide timely notice under paragraph (8).

"(3)(A)(i) Notwithstanding any other provision of law (including sections 207 and 1631(d)(1) of the Social Security Act (42 U.S.C. 407 and 1383(d)(1)), section 413(b) of Public Law 91–173 (30 U.S.C. 923(b)), and section 14 of the Act of August 29, 1935 (45 U.S.C. 231m)), except as provided in clause (ii), all payments due to an individual under—

"(I) the Social Security Act,

"(II) part B of the Black Lung Benefits Act, or

"(III) any law administered by the Railroad Retirement Board (other than payments that such Board determines to be tier 2 benefits),

shall be subject to offset under this section.

"(ii) An amount of $9,000 which a debtor may receive under Federal benefit programs cited under clause (i) within a 12-month period shall be exempt from offset under this subsection. In applying the $9,000 exemption, the disbursing official shall—

"(I) reduce the $9,000 exemption amount for the 12-month period by the amount of all Federal benefit payments made during such 12-month period which are not subject to offset under this subsection; and

"(II) apply a prorated amount of the exemption to each periodic benefit payment to be made to the debtor during the applicable 12-month period.

For purposes of the preceding sentence, the amount of a periodic benefit payment shall be the amount after any reduction or deduction required under the laws authorizing the program under which such payment is authorized to be made (including any reduction or deduction to recover any overpayment under such program).

"(B) The Secretary of the Treasury shall exempt from administrative offset under this subsection payments under means-tested programs when requested by the head of the respective agency. The Secretary may exempt other payments from administrative offset under this subsection upon the written request of the head of a payment certifying agency. A written request for exemption of other payments must provide justification for the exemption under standards prescribed by the Secretary. Such standards shall give due consideration to whether administrative offset would tend to interfere substantially with or defeat the purposes of the payment certifying agency's program. The Secretary shall report to the Congress annually on exemptions granted under this section. Reports.

"(C) The provisions of sections 205(b)(1) and 1631(c)(1) of the Social Security Act shall not apply to any administrative offset

"(4) The Secretary of the Treasury may charge a fee sufficient to cover the full cost of implementing this subsection. The fee may be collected either by the retention of a portion of amounts collected pursuant to this subsection, or by billing the agency referring or transferring a claim for those amounts. Fees charged to the agencies shall be based on actual administrative offsets completed. Amounts received by the United States as fees under this subsection shall be deposited into the account of the Department of the Treasury under section 3711(g)(7) of this title, and shall be collected and accounted for in accordance with the provisions of that section.

"(5) The Secretary of the Treasury in consultation with the Commissioner of Social Security and the Director of the Office of Management and Budget, may prescribe such rules, regulations, and procedures as the Secretary of the Treasury considers necessary to carry out this subsection. The Secretary shall consult with the heads of affected agencies in the development of such rules, regulations, and procedures.

Rules, regulations, and procedures.

Notification.

"(6) Any Federal agency that is owed by a person a past due, legally enforceable nontax debt that is over 180 days delinquent, including nontax debt administered by a third party acting as an agent for the Federal Government, shall notify the Secretary of the Treasury of all such nontax debts for purposes of administrative offset under this subsection.

Notification.

"(7)(A) The disbursing official conducting an administrative offset with respect to a payment to a payee shall notify the payee in writing of—

"(i) the occurrence of the administrative offset to satisfy a past due legally enforceable debt, including a description of the type and amount of the payment otherwise payable to the payee against which the offset was executed;

"(ii) the identity of the creditor agency requesting the offset; and

"(iii) a contact point within the creditor agency that will handle concerns regarding the offset.

"(B) If the payment to be offset is a periodic benefit payment, the disbursing official shall take reasonable steps, as determined by the Secretary of the Treasury, to provide the notice to the payee not later than the date on which the payee is otherwise scheduled to receive the payment, or as soon as practical thereafter, but no later than the date of the administrative offset. Notwithstanding the preceding sentence, the failure of the debtor to receive such notice shall not impair the legality of such administrative offset.

"(8) A levy pursuant to the Internal Revenue Code of 1986 shall take precedence over requests for administrative offset pursuant to other laws.

"(d) Nothing in this section is intended to prohibit the use of any other administrative offset authority existing under statute or common law.".

(3) NONTAX DEBT OR CLAIM DEFINED.—Section 3701 of title 31, United States Code, is amended in subsection (a) by adding at the end the following new paragraph:

Environmental protection.
42 USC 14301 note.

This Act may be cited as the "Mercury-Containing and Rechargeable Battery Management Act".

SEC. 2. FINDINGS.

42 USC 14301.

The Congress finds that—

(1) it is in the public interest to—

(A) phase out the use of mercury in batteries and provide for the efficient and cost-effective collection and recycling or proper disposal of used nickel cadmium batteries, small sealed lead-acid batteries, and other regulated batteries; and

(B) educate the public concerning the collection, recycling, and proper disposal of such batteries;

(2) uniform national labeling requirements for regulated batteries, rechargeable consumer products, and product packaging will significantly benefit programs for regulated battery collection and recycling or proper disposal; and

(3) it is in the public interest to encourage persons who use rechargeable batteries to participate in collection for recycling of used nickel-cadmium, small sealed lead-acid, and other regulated batteries.

SEC. 3. DEFINITIONS.

For purposes of this Act:

(1) ADMINISTRATOR.—The term "Administrator" means the Administrator of the Environmental Protection Agency.

(2) BUTTON CELL.—The term "button cell" means a button- or coin-shaped battery.

(3) EASILY REMOVABLE.—The term "easily removable", with respect to a battery, means detachable or removable at the end of the life of the battery—

(A) from a consumer product by a consumer with the use of common household tools; or

(B) by a retailer of replacements for a battery used as the principal electrical power source for a vehicle.

(4) MERCURIC-OXIDE BATTERY.—The term "mercuric-oxide battery" means a battery that uses a mercuric-oxide electrode.

(5) RECHARGEABLE BATTERY.—The term "rechargeable battery"—

(A) means 1 or more voltaic or galvanic cells, electrically connected to produce electric energy, that is designed to be recharged for repeated uses; and

(B) includes any type of enclosed device or sealed container consisting of 1 or more such cells, including what is commonly called a battery pack (and in the case of a battery pack, for the purposes of the requirements of easy removability and labeling under section 103, means the battery pack as a whole rather than each component individually); but

(C) does not include—

(i) a lead-acid battery used to start an internal combustion engine or as the principal electrical power source for a vehicle, such as an automobile, a truck, construction equipment, a motorcycle, a garden tractor, a golf cart, a wheelchair, or a boat;

(ii) a lead-acid battery used for load leveling or for storage of electricity generated by an alternative energy source, such as a solar cell or wind-driven generator;

(iii) a battery used as a backup power source for memory or program instruction storage, timekeeping, or any similar purpose that requires uninterrupted electrical power in order to function if the primary energy supply fails or fluctuates momentarily; or

(iv) a rechargeable alkaline battery.

(6) RECHARGEABLE CONSUMER PRODUCT.—The term "rechargeable consumer product"—

(A) means a product that, when sold at retail, includes a regulated battery as a primary energy supply, and that is primarily intended for personal or household use; but

(B) does not include a product that only uses a battery solely as a source of backup power for memory or program instruction storage, timekeeping, or any similar purpose that requires uninterrupted electrical power in order to function if the primary energy supply fails or fluctuates momentarily.

(7) REGULATED BATTERY.—The term "regulated battery" means a rechargeable battery that—

(A) contains a cadmium or a lead electrode or any combination of cadmium and lead electrodes; or

(B) contains other electrode chemistries and is the subject of a determination by the Administrator under section 103(d).

information to the public concerning the proper handling and disposal of used regulated batteries and rechargeable consumer products with nonremovable batteries.

SEC. 5. ENFORCEMENT. 42 USC 14304.

(a) CIVIL PENALTY.—When on the basis of any information the Administrator determines that a person has violated, or is in violation of, any requirement of this Act (except a requirement of section 104) the Administrator—

(1) in the case of any violation, may issue an order assessing a civil penalty of not more than $10,000 for each violation, or requiring compliance immediately or within a reasonable specified time period, or both; or

(2) in the case of any violation or failure to comply with an order issued under this section, may commence a civil action in the United States district court in the district in which the violation occurred or in the district in which the violator resides for appropriate relief, including a temporary or permanent injunction.

(b) CONTENTS OF ORDER.—An order under subsection (a)(1) shall state with reasonable specificity the nature of the violation.

(c) CONSIDERATIONS.—In assessing a civil penalty under subsection (a)(1), the Administrator shall take into account the seriousness of the violation and any good faith efforts to comply with applicable requirements.

(d) FINALITY OF ORDER; REQUEST FOR HEARING.—An order under subsection (a)(1) shall become final unless, not later than 30 days after the order is served, a person named in the order requests a hearing on the record.

(e) HEARING.—On receiving a request under subsection (d), the Administrator shall promptly conduct a hearing on the record.

(f) SUBPOENA POWER.—In connection with any hearing on the record under this section, the Administrator may issue subpoenas for the attendance and testimony of witnesses and for the production of relevant papers, books, and documents.

(g) CONTINUED VIOLATION AFTER EXPIRATION OF PERIOD FOR COMPLIANCE.—If a violator fails to take corrective action within the time specified in an order under subsection (a)(1), the Administrator may assess a civil penalty of not more than $10,000 for the continued noncompliance with the order.

(h) SAVINGS PROVISION.—The Administrator may not take any enforcement action against a person for selling, offering for sale, or offering for promotional purposes to the ultimate consumer a battery or product covered by this Act that was—

(1) purchased ready for sale to the ultimate consumer; and

(2) sold, offered for sale, or offered for promotional purposes without modification.

The preceding sentence shall not apply to a person—

(A) who is the importer of a battery covered by this Act, and

(B) who has knowledge of the chemical contents of the battery

when such chemical contents make the sale, offering for sale, or offering for promotional purposes of such battery unlawful under title II of this Act.

42 USC 14305.

SEC. 6. INFORMATION GATHERING AND ACCESS.

(a) RECORDS AND REPORTS.—A person who is required to carry out the objectives of this Act, including—

(1) a regulated battery manufacturer;

SEC. 102. PURPOSE.

The purpose of this title is to facilitate the efficient recycling or proper disposal of used nickel-cadmium rechargeable batteries, used small sealed lead-acid rechargeable batteries, other regulated batteries, and such rechargeable batteries in used consumer products, by—

(1) providing for uniform labeling requirements and streamlined regulatory requirements for regulated battery collection programs; and

(2) encouraging voluntary industry programs by eliminating barriers to funding the collection and recycling or proper disposal of used rechargeable batteries.

42 USC 14322.

SEC. 103. RECHARGEABLE CONSUMER PRODUCTS AND LABELING.

(a) PROHIBITION.—

(1) IN GENERAL.—No person shall sell for use in the United States a regulated battery that is ready for retail sale or a rechargeable consumer product that is ready for retail sale, if such battery or product was manufactured on or after the date 12 months after the date of enactment of this Act, unless the labeling requirements of subsection (b) are met and, in the case of a regulated battery, the regulated battery—

(A) is easily removable from the rechargeable consumer product; or

(B) is sold separately.

(2) APPLICATION.—Paragraph (1) does not apply to any of the following:

(A) The sale of a remanufactured product unit unless paragraph (1) applied to the sale of the unit when originally manufactured.

(B) The sale of a product unit intended for export purposes only.

(b) LABELING.—Each regulated battery or rechargeable consumer product without an easily removable battery manufactured on or after the date that is 1 year after the date of enactment of this Act, whether produced domestically or imported shall bear the following labels:

(1) 3 chasing arrows or a comparable recycling symbol.

(2)(A) On each regulated battery which is a nickel-cadmium battery, the chemical name or the abbreviation "Ni-Cd" and the phrase "BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY.".

(B) On each regulated battery which is a lead-acid battery, "Pb" or the words "LEAD", "RETURN", and "RECYCLE" and if the regulated battery is sealed, the phrase "BATTERY MUST BE RECYCLED.".

(3) On each rechargeable consumer product containing a regulated battery that is not easily removable, the phrase "CONTAINS NICKEL-CADMIUM BATTERY. BATTERY MUST BE RECYCLED OR DISPOSED OF PROPERLY." or "CONTAINS SEALED LEAD BATTERY. BATTERY MUST BE RECYCLED.", as applicable.

(4) On the packaging of each rechargeable consumer product, and the packaging of each regulated battery sold separately from such a product, unless the required label is clearly visible through the packaging, the phrase "CONTAINS NICKEL-CADMIUM BATTERY. (2) CERTIFICATION.—

(A) IN GENERAL.—On application by persons subject to the labeling requirements of subsection (b) or the labeling requirements promulgated by the Administrator under subsection (d), the Administrator shall certify that a dif-

ferent label meets the requirements of subsection (b) or (d), respectively, if the different label—

(i) conveys the same information as the label required under subsection (b) or (d), respectively; or

(ii) conforms with a recognized international standard that is consistent with the overall purposes of this title.

(B) CONSTRUCTIVE CERTIFICATION.—Failure of the Administrator to object to an application under subparagraph (A) on the ground that a different label does not meet either of the conditions described in subparagraph (A) (i) or (ii) within 120 days after the date on which the application is made shall constitute certification for the purposes of this Act.

(d) RULEMAKING AUTHORITY OF THE ADMINISTRATOR.—

(1) IN GENERAL.—If the Administrator determines that other rechargeable batteries having electrode chemistries different from regulated batteries are toxic and may cause substantial harm to human health and the environment if discarded into the solid waste stream for land disposal or incineration, the Administrator may, with the advice and counsel of State regulatory authorities and manufacturers of rechargeable batteries and rechargeable consumer products, and after public comment—

(A) promulgate labeling requirements for the batteries with different electrode chemistries, rechargeable consumer products containing such batteries that are not easily removable batteries, and packaging for the batteries and products; and

(B) promulgate requirements for easy removability of regulated batteries from rechargeable consumer products designed to contain such batteries.

(2) SUBSTANTIAL SIMILARITY.—The regulations promulgated under paragraph (1) shall be substantially similar to the requirements set forth in subsections (a) and (b).

(e) UNIFORMITY.—After the effective dates of a requirement set forth in subsection (a), (b), or (c) or a regulation promulgated by the Administrator under subsection (d), no Federal agency, State, or political subdivision of a State may enforce any easy removability or environmental labeling requirement for a rechargeable battery or rechargeable consumer product that is not identical to the requirement or regulation.

(f) EXEMPTIONS.—

(1) IN GENERAL.—With respect to any rechargeable consumer product, any person may submit an application to the Administrator for an exemption from the requirements of subsection (a) in accordance with the procedures under paragraph (2). The application shall include the following information:

(A) A statement of the specific basis for the request for the exemption.

(B) The name, business address, and telephone number of the applicant.

(2) GRANTING OF EXEMPTION.—Not later than 60 days after receipt of an application under paragraph (1), the Administrator shall approve or deny the application. On approval of the application the Administrator shall grant an exemption to the

applicant. The exemption shall be issued for a period of time that the Administrator determines to be appropriate, except that the period shall not exceed 2 years. The Administrator shall grant an exemption on the basis of evidence supplied to the Administrator that the manufacturer has been unable to commence manufacturing the rechargeable consumer product in compliance with the requirements of this section and with an equivalent level of product performance without the product—

(A) posing a threat to human health, safety, or the environment; or

(B) violating requirements for approvals from governmental agencies or widely recognized private standard-setting organizations (including Underwriters Laboratories).

(3) RENEWAL OF EXEMPTION.—A person granted an exemption under paragraph (2) may apply for a renewal of the exemption in accordance with the requirements and procedures described in paragraphs (1) and (2). SEC. 7. PERINATAL TRANSMISSION OF HIV DISEASE.

42 USC 300ff–33 note.

(a) FINDINGS.—The Congress finds as follows:

(1) Research studies and statewide clinical experiences have demonstrated that administration of anti-retroviral medication during pregnancy can significantly reduce the transmission of the human immunodeficiency virus (commonly known as HIV) from an infected mother to her baby.

(2) The Centers for Disease Control and Prevention have recommended that all pregnant women receive HIV counseling; voluntary, confidential HIV testing; and appropriate medical treatment (including anti-retroviral therapy) and support services.

(3) The provision of such testing without access to such counseling, treatment, and services will not improve the health of the woman or the child.

(4) The provision of such counseling, testing, treatment, and services can reduce the number of pediatric cases of acquired immune deficiency syndrome, can improve access to and provision of medical care for the woman, and can provide opportunities for counseling to reduce transmission among adults, and from mother to child.

(5) The provision of such counseling, testing, treatment, and services can reduce the overall cost of pediatric cases of acquired immune deficiency syndrome.

(6) The cancellation or limitation of health insurance or other health coverage on the basis of HIV status should be impermissible under applicable law. Such cancellation or limitation could result in disincentives for appropriate counseling, testing, treatment, and services.

(7) For the reasons specified in paragraphs (1) through (6)—

(A) routine HIV counseling and voluntary testing of pregnant women should become the standard of care; and

(B) the relevant medical organizations as well as public health officials should issue guidelines making such counseling and testing the standard of care.

"(2)(A) Each non-Federal entity that expends a total amount of Federal awards of less than $300,000 or such other amount specified by the Director under subsection (a)(3) in any fiscal year of such entity, shall be exempt for such fiscal year from compliance with—

"(3) Every 2 years, the Director shall review the amount for requiring audits prescribed under paragraph (1)(A) and may adjust such dollar amount consistent with the purposes of this chapter, provided the Director does not make such adjustments below $300,000.

"(b)(1) Except as provided in paragraphs (2) and (3), audits conducted pursuant to this chapter shall be conducted annually.

"(2) A State or local government that is required by constitution or statute, in effect on January 1, 1987, to undergo its audits less frequently than annually, is permitted to undergo its audits pursuant to this chapter biennially. Audits conducted biennially under the provisions of this paragraph shall cover both years within the biennial period.

"(3) Any nonprofit organization that had biennial audits for all biennial periods ending between July 1, 1992, and January 1, 1995, is permitted to undergo its audits pursuant to this chapter biennially. Audits conducted biennially under the provisions of this paragraph shall cover both years within the biennial period.

"(c) Each audit conducted pursuant to subsection (a) shall be conducted by an independent auditor in accordance with generally accepted government auditing standards, except that, for the

purposes of this chapter, performance audits shall not be required except as authorized by the Director.

"(d) Each single audit conducted pursuant to subsection (a) for any fiscal year shall—

"(1) cover the operations of the entire non-Federal entity; or

"(2) at the option of such non-Federal entity such audit shall include a series of audits that cover departments, agencies, and other organizational units which expended or otherwise administered Federal awards during such fiscal year provided that each such audit shall encompass the financial statements and schedule of expenditures of Federal awards for each such department, agency, and organizational unit, which shall be considered to be a non-Federal entity.

"(B) assess control risk; and

"(C) perform tests of controls unless the controls are deemed to be ineffective; and

"(4) determine whether the non-Federal entity has complied with the provisions of laws, regulations, and contracts or grants pertaining to Federal awards that have a direct and material effect on each major program.

"(f)(1) Each Federal agency which provides Federal awards to a recipient shall—

"(A) provide such recipient the program names (and any identifying numbers) from which such awards are derived, and the Federal requirements which govern the use of such awards and the requirements of this chapter; and

"(B) review the audit of a recipient as necessary to determine whether prompt and appropriate corrective action has been taken with respect to audit findings, as defined by the Director, pertaining to Federal awards provided to the recipient by the Federal agency.

"(2) Each pass-through entity shall—

"(A) provide such subrecipient the program names (and any identifying numbers) from which such assistance is derived, and the Federal requirements which govern the use of such awards and the requirements of this chapter;

"(B) monitor the subrecipient's use of Federal awards through site visits, limited scope audits, or other means;

"(C) review the audit of a subrecipient as necessary to determine whether prompt and appropriate corrective action has been taken with respect to audit findings, as defined by the Director, pertaining to Federal awards provided to the subrecipient by the pass-through entity; and

"(D) require each of its subrecipients of Federal awards to permit, as a condition of receiving Federal awards, the independent auditor of the pass-through entity to have such

"(g)(1) The auditor shall report on the results of any audit conducted pursuant to this section, in accordance with guidance issued by the Director. Reports.

"(h) The non-Federal entity shall transmit the reporting package, which shall include the non-Federal entity's financial statements, schedule of expenditures of Federal awards, corrective action plan defined under subsection (i), and auditor's reports developed pursuant to this section, to a Federal clearinghouse designated by the Director, and make it available for public inspection within the earlier of—

"(1) 30 days after receipt of the auditor's report; or

"(2)(A) for a transition period of at least 2 years after the effective date of the Single Audit Act Amendments of 1996, as established by the Director, 13 months after the end of the period audited; or

"(B) for fiscal years beginning after the period specified in subparagraph (A), 9 months after the end of the period audited, or within a longer timeframe authorized by the Federal agency, determined under criteria issued under section 7504, when the 9-month timeframe would place an undue burden on the non-Federal entity.

"(i) If an audit conducted pursuant to this section discloses any audit findings, as defined by the Director, including material noncompliance with individual compliance requirements for a major program by, or reportable conditions in the internal controls of, the non-Federal entity with respect to the matters described in subsection (e), the non-Federal entity shall submit to Federal officials designated by the Director, a plan for corrective action to eliminate such audit findings or reportable conditions or a statement describing the reasons that corrective action is not necessary. Such plan shall be consistent with the audit resolution standard promulgated by the Comptroller General (as part of the standards for internal controls in the Federal Government) pursuant to section 3512(c).

"(j) The Director may authorize pilot projects to test alternative methods of achieving the purposes of this chapter. Such pilot projects may begin only after consultation with the Chair and Ranking Minority Member of the Committee on Governmental Affairs of the Senate and the Chair and Ranking Minority Member of the Committee on Government Reform and Oversight of the House of Representatives.

"§ 7503. Relation to other audit requirements

"(a) An audit conducted in accordance with this chapter shall be in lieu of any financial audit of Federal awards which a non-Federal entity is required to undergo under any other Federal law or regulation. To the extent that such audit provides a Federal agency with the information it requires to carry out its responsibilities under Federal law or regulation, a Federal agency shall rely upon and use that information.

"(b) Notwithstanding subsection (a), a Federal agency may conduct or arrange for additional audits which are necessary to carry out its responsibilities under Federal law or regulation. The provisions of this chapter do not authorize any non-Federal entity (or subrecipient thereof) to constrain, in any manner, such agency from carrying out or arranging for such additional audits, except that the Federal agency shall plan such audits to not be duplicative of other audits of Federal awards.

"(c) The provisions of this chapter do not limit the authority of Federal agencies to conduct, or arrange for the conduct of, audits and evaluations of Federal awards, nor limit the authority of any Federal agency Inspector General or other Federal official.

"(d) Subsection (a) shall apply to a non-Federal entity which undergoes an audit in accordance with this chapter even though it is not required by section 7502(a) to have such an audit.

"(e) A Federal agency that provides Federal awards and conducts or arranges for audits of non-Federal entities receiving such awards that are in addition to the audits of non-Federal entities conducted pursuant to this chapter shall, consistent with other applicable law, arrange for funding the full cost of such additional audits. Any such additional audits shall be coordinated with the Federal agency determined under criteria issued under section 7504 to preclude duplication of the audits conducted pursuant to this chapter or other additional audits.

"(f) Upon request by a Federal agency or the Comptroller General, any independent auditor conducting an audit pursuant to this chapter shall make the auditor's working papers available to the Federal agency or the Comptroller General as part of a quality review, to resolve audit findings, or to carry out oversight responsibilities consistent with the purposes of this chapter. Such access to auditor's working papers shall include the right to obtain copies.

"§ 7504. Federal agency responsibilities and relations with non-Federal entities

"(a) Each Federal agency shall, in accordance with guidance issued by the Director under section 7505, with regard to Federal awards provided by the agency—

"(1) monitor non-Federal entity use of Federal awards, and

"(2) assess the quality of audits conducted under this chapter for audits of entities for which the agency is the single Federal agency determined under subsection (b).

"(b) Each non-Federal entity shall have a single Federal agency, determined in accordance with criteria established by the Director, to provide the non-Federal entity with technical assistance and assist with implementation of this chapter.

"(c) The Director shall designate a Federal clearinghouse to—

"(1) receive copies of all reporting packages developed in accordance with this chapter;

"(2) identify recipients that expend $300,000 or more in Federal awards or such other amount specified by the Director under section 7502(a)(3) during the recipient's fiscal year but did not undergo an audit in accordance with this chapter; and

"(3) perform analyses to assist the Director in carrying out responsibilities under this chapter.

"§ 7505. Regulations

"(a) The Director, after consultation with the Comptroller General, and appropriate officials from Federal, State, and local governments and nonprofit organizations shall prescribe guidance to implement this chapter. Each Federal agency shall promulgate such amendments to its regulations as may be necessary to conform such regulations to the requirements of this chapter and of such guidance.

"(b)(1) The guidance prescribed pursuant to subsection (a) shall include criteria for determining the appropriate charges to Federal awards for the cost of audits. Such criteria shall prohibit a non-Federal entity from charging to any Federal awards—

"(A) the cost of any audit which is—

"(i) not conducted in accordance with this chapter; or

"(ii) conducted in accordance with this chapter when expenditures of Federal awards are less than amounts cited in section 7502(a)(1)(A) or specified by the Director under section 7502(a)(3), except that the Director may allow the cost of limited scope audits to monitor subrecipients in accordance with section 7502(f)(2)(B); and

"(B) more than a reasonably proportionate share of the cost of any such audit that is conducted in accordance with this chapter.

"(2) The criteria prescribed pursuant to paragraph (1) shall not, in the absence of documentation demonstrating a higher actual cost, permit the percentage of the cost of audits performed pursuant to this chapter charged to Federal awards, to exceed the ratio of total Federal awards expended by such non-Federal entity during the applicable fiscal year or years, to such non-Federal entity's total expenditures during such fiscal year or years.

"(c) Such guidance shall include such provisions as may be necessary to ensure that small business concerns and business concerns owned and controlled by socially and economically disadvantaged individuals will have the opportunity to participate in the performance of contracts awarded to fulfill the audit requirements of this chapter.

"§ 7506. Monitoring responsibilities of the Comptroller General

"(a) The Comptroller General shall review provisions requiring financial audits of non-Federal entities that receive Federal awards that are contained in bills and resolutions reported by the committees of the Senate and the House of Representatives.

"(b) If the Comptroller General determines that a bill or resolution contains provisions that are inconsistent with the requirements of this chapter, the Comptroller General shall, at the earliest practicable date, notify in writing—

"(1) the committee that reported such bill or resolution; and

"(2)(A) the Committee on Governmental Affairs of the Senate (in the case of a bill or resolution reported by a committee of the Senate); or

"(B) the Committee on Government Reform and Oversight of the House of Representatives (in the case of a bill or resolution reported by a committee of the House of Representatives).

"§ 7507. Effective date

"This chapter shall apply to any non-Federal entity with respect to any of its fiscal years which begin after June 30, 1996.".

104th Congress

An Act

July 9, 1996
[H.R. 2437]

To provide for the exchange of certain lands in Gilpin County, Colorado.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds and declares that—

(1) certain scattered parcels of Federal land located within Gilpin County, Colorado, are currently administered by the Secretary of the Interior as part of the Royal Gorge Resource Area, Canon City District, United States Bureau of Land Management;

(2) these land parcels, which comprises approximately 133 separate tracts of land, and range in size from approximately 38 acres to much less than an acre have been identified as suitable for disposal by the Bureau of Land Management through its resource management planning process and are appropriate for disposal; and

(3) even though the Federal land parcels in Gilpin County, Colorado, are scattered and small in size, they nevertheless by virtue of their proximity to existing communities appear to have a fair market value which may be used by the Federal Government to exchange for lands which will better lend themselves to Federal management and have higher values for future public access, use and enjoyment, recreation, the protection and enhancement of fish and wildlife and fish and wildlife habitat, and the protection of riparian lands, wetlands, scenic beauty and other public values.

(b) PURPOSE.—It is the purpose of this Act to authorize, direct, facilitate and expedite the land exchange set forth herein in order to further the public interest by disposing of Federal lands with limited public utility and acquire in exchange therefor lands with important values for permanent public management and protection.

SEC. 2. LAND EXCHANGE.

Lake Gulch, Inc.

(a) IN GENERAL.—The exchange directed by this Act shall be consummated if within 90 days after enactment of this Act, Lake Gulch, Inc., a Colorado Corporation (as defined in section 4 of this Act) offers to transfer to the United States pursuant to the provisions of this Act the offered lands or interests in land described herein.

(b) CONVEYANCE BY LAKE GULCH.—Subject to the provisions of section 3 of this Act, Lake Gulch shall convey to the Secretary of the Interior all right, title, and interest in and to the following offered lands—

16 USC 191 note.

(1) certain lands comprising approximately 40 acres with improvements thereon located in Larimer County, Colorado, and lying within the boundaries of Rocky Mountain National Park as generally depicted on a map entitled "Circle C Church Camp", dated August 1994, which shall upon their acquisition by the United States and without further action by the Secretary of the Interior be incorporated into Rocky Mountain National Park and thereafter be administered in accordance with the laws, rules and regulations generally applicable to the National Park System and Rocky Mountain National Park;

(2) certain lands located within and adjacent to the United States Bureau of Land Management San Luis Resource Area in Conejos County, Colorado, which comprise approximately 3,993 acres and are generally depicted on a map entitled "Quinlan Ranches Tract", dated August 1994; and

(3) certain lands located within the United States Bureau of Land Management Royal Gorge Resource Area in Huerfano County, Colorado, which comprise approximately 4,700 acres and are generally depicted on a map entitled "Bonham Ranch-Cucharas Canyon", dated June 1995: *Provided, however,* That it is the intention of Congress that such lands may remain available for the grazing of livestock as determined appropriate by the Secretary in accordance with applicable laws, rules, and regulations: *Provided further,* That if the Secretary determines that certain of the lands acquired adjacent to Cucharas Canyon hereunder are not needed for public purposes they may be sold in accordance with the provisions of section 203 of the Federal Land Policy and Management Act of 1976 and other applicable law.

(c) SUBSTITUTION OF LANDS.—If one or more of the precise offered land parcels identified above is unable to be conveyed to the United States due to appraisal or other problems, Lake Gulch and the Secretary may mutually agree to substitute therefor alternative offered lands acceptable to the Secretary.

(d) CONVEYANCE BY THE UNITED STATES.—(1) Upon receipt of title to the lands identified in subsection (a) the Secretary shall simultaneously convey to Lake Gulch all right, title, and interest of the United States, subject to valid existing rights, in and to the following selected lands—

(A) certain surveyed lands located in Gilpin County, Colorado, Township 3 South, Range 72 West, Sixth Principal Meridian, Section 18, Lots 118–220, which comprise approximately 195 acres and are intended to include all federally owned lands in section 18, as generally depicted on a map entitled "Lake Gulch Selected Lands", dated July 1994;

(B) certain surveyed lands located in Gilpin County, Colorado, Township 3 South, Range 72 West, Sixth Principal Meridian, Section 17, Lots 37, 38, 39, 40, 52, 53, and 54, which comprise approximately 96 acres, as generally depicted on a map entitled "Lake Gulch Selected Lands", dated July 1994; and

(C) certain unsurveyed lands located in Gilpin County, Colorado, Township 3 South, Range 73 West, Sixth Principal Meridian, Section 13, which comprise approximately 11 acres, and are generally depicted as parcels 302–304, 306 and 308–326 on a map entitled "Lake Gulch Selected Lands", dated July 1994: *Provided, however,* That a parcel or parcels of land

in section 13 shall not be transferred to Lake Gulch if at the time of the proposed transfer the parcel or parcels are under formal application for transfer to a qualified unit of local government. Due to the small and unsurveyed nature of such parcels proposed for transfer to Lake Gulch in section 13, and the high cost of surveying such small parcels, the Secretary is authorized to transfer such section 13 lands to Lake Gulch without survey based on such legal or other description as the Secretary determines appropriate to carry out the basic intent of the map cited in this subparagraph.

(2) If the Secretary and Lake Gulch mutually agree, and the Secretary determines it is in the public interest, the Secretary may utilize the authority and direction of this Act to transfer to Lake Gulch lands in sections 17 and 13 that are in addition to those precise selected lands shown on the map cited herein, and which are not under formal application for transfer to a qualified unit of local government, upon transfer to the Secretary of additional offered lands acceptable to the Secretary or upon payment to the Secretary by Lake Gulch of cash equalization money amounting to the full appraised fair market value of any such additional lands. If any such additional lands are located in section 13 they may be transferred to Lake Gulch without survey based on such legal or other description as the Secretary determines appropriate as long as the Secretary determines that the boundaries of any adjacent lands not owned by Lake Gulch can be properly identified so as to avoid possible future boundary conflicts or disputes. If the Secretary determines surveys are necessary to convey any such additional lands to Lake Gulch, the costs of such surveys shall be paid by Lake Gulch but shall not be eligible for any adjustment in the value of such additional lands pursuant to section 206(f)(2) of the Federal Land Policy and Management Act of 1976 (as amended by the Federal Land Exchange Facilitation Act of 1988) (43 U.S.C. 1716(f)(2)).

Notification.

(3) Prior to transferring out of public ownership pursuant to this Act or other authority of law any lands which are contiguous to North Clear Creek southeast of the City of Black Hawk, Colorado in the County of Gilpin, Colorado, the Secretary shall notify and consult with the County and City and afford such units of local government an opportunity to acquire or reserve pursuant to the Federal Land Policy and Management Act of 1976 or other applicable law, such easements or rights-of-way parallel to North Clear Creek as may be necessary to serve public utility line or recreation path needs: *Provided, however*, That any survey or other costs associated with the acquisition or reservation of such easements or rights-of-way shall be paid for by the unit or units of local government concerned.

SEC. 3. TERMS AND CONDITIONS OF EXCHANGE.

(a) EQUALIZATION OF VALUES.—(1) The values of the lands to be exchanged pursuant to this Act shall be equal as determined by the Secretary of the Interior utilizing comparable sales of surface and subsurface property and nationally recognized appraisal standards, including, to the extent appropriate, the Uniform Standards for Federal Land Acquisition, the Uniform Standards of Professional Appraisal Practice, the provisions of section 206(d) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716(d)), and other applicable law.

(2) In the event any cash equalization or land sale moneys are received by the United States pursuant to this Act, any such moneys shall be retained by the Secretary of the Interior and may be utilized by the Secretary until fully expended to purchase from willing sellers land or water rights, or a combination thereof, to augment wildlife habitat and protect and restore wetlands in the Bureau of Land Management's Blanca Wetlands, Alamosa County, Colorado.

(3) Any water rights acquired by the United States pursuant to this section shall be obtained by the Secretary of the Interior in accordance with all applicable provisions of Colorado law, including the requirement to change the time, place, and type of use of said water rights through the appropriate State legal proceedings and to comply with any terms, conditions, or other provisions contained in an applicable decree of the Colorado Water Court. The use of any water rights acquired pursuant to this section shall be limited to water that can be used or exchanged for water that can be used on the Blanca Wetlands. Any requirement or proposal to utilize facilities of the San Luis Valley Project, Closed Basin Diversion, in order to effectuate the use of any such water rights shall be subject to prior approval of the Rio Grande Water Conservation District.

(b) RESTRICTIONS ON SELECTED LANDS.—(1) Conveyance of the selected lands to Lake Gulch pursuant to this Act shall be contingent upon Lake Gulch executing an agreement with the United States prior to such conveyance, the terms of which are acceptable to the Secretary of the Interior, and which—

(A) grant the United States a covenant that none of the selected lands (which currently lie outside the legally approved gaming area) shall ever be used for purposes of gaming should the current legal gaming area ever be expanded by the State of Colorado; and

(B) permanently hold the United States harmless for liability and indemnify the United States against all costs arising from any activities, operations (including the storing, handling, and dumping of hazardous materials or substances) or other acts conducted by Lake Gulch or its employees, agents, successors or assigns on the selected lands after their transfer to Lake Gulch: *Provided, however*, That nothing in this Act shall be construed as either diminishing or increasing any responsibility or liability of the United States based on the condition of the selected lands prior to or on the date of their transfer to Lake Gulch.

(2) Conveyance of the selected lands to Lake Gulch pursuant to this Act shall be subject to the existing easement for Gilpin County Road 6.

(3) The above terms and restrictions of this subsection shall not be considered in determining, or result in any diminution in, the fair market value of the selected land for purposes of the appraisals of the selected land required pursuant to section 3 of this Act.

(c) REVOCATION OF WITHDRAWAL.—The Public Water Reserve established by Executive order dated April 17, 1926 (Public Water Reserve 107), Serial Number Colorado 17321, is hereby revoked insofar as it affects the NW¼ SW¼ of Section 17, Township 3 South, Range 72 West, Sixth Principal Meridian, which covers a portion of the selected lands identified in this Act.

Exports and imports.
19 USC 2434 note.

SECTION 1. CONGRESSIONAL FINDINGS AND SUPPLEMENTAL ACTION.

(a) CONGRESSIONAL FINDINGS.—The Congress finds that Bulgaria—

(1) has received most-favored-nation treatment since 1991 and has been found to be in full compliance with the freedom of emigration requirements under title IV of the Trade Act of 1974 since 1993;

(2) has reversed many years of Communist dictatorship and instituted a constitutional republic ruled by a democratically elected government as well as basic market-oriented reforms, including privatization;

(3) is in the process of acceding to the General Agreement on Tariffs and Trade (GATT) and the World Trade Organization (WTO), and extension of unconditional most-favored-nation treatment would enable the United States to avail itself of all rights under the GATT and the WTO with respect to Bulgaria; and

(4) has demonstrated a strong desire to build friendly relationships and to cooperate fully with the United States on trade matters.

(b) SUPPLEMENTAL ACTION.—The Congress notes that the United States Trade Representative intends to negotiate with Bulgaria in order to preserve the commitments of that country under the bilateral commercial agreement in effect between that country and the United States that are consistent with the GATT and the WTO.

of the United States in and to the Islands. Unbudgeted actual costs incurred by the Secretary for such transfer shall be borne by the District. The District may seek reimbursement from any third party for such costs.

(b) GRANT OF EASEMENTS.—(1) The Secretary shall, not later than six months after the date of enactment of this Act, grant, without consideration, to the District, permanent easements across the waterways and bed of the Anacostia River as described in the Survey as Leased Riverbed Areas A, B, C, and D, and across the shoreline of the Anacostia River as depicted on the plat map recorded in the Office of the Surveyor of the District as S.O. 92–252.

(4) The District shall require any nongovernmental entity authorized to construct, develop, and operate National Children's Island to establish an escrow fund, post a surety bond, provide a letter of credit or otherwise provide such security for the benefit of the National Park Service, substantially equivalent to that specified in paragraph 11 of the legend on the plat, to serve as the sole source of funding for restoration of the recreation park to a condition suitable for National Park Service purposes (namely, the removal of all buildings and grading, seeding and landscaping of the recreation park) upon reversion of the property. If, on the date which is two years from the date of reversion of the property, the National Park Service has not commenced restoration or is not diligently proceeding with such restoration, any amount in the escrow fund shall be distributed to such nongovernmental entity.

this project in full compliance with all applicable provisions of the National Environmental Policy Act of 1969.

SEC. 5. EFFECT OF PROPERTY TRANSFER.

(a) EFFECT OF PROPERTY TRANSFER.—Upon the transfer of the Islands to the District pursuant to this Act:

(1) The Transfer of Jurisdiction concerning the Islands from the National Park Service to the District dated February 1993, as set out on the plat map recorded in the Office of the Surveyor of the District as S.O. 92–252 and as approved by the Council of the District by Resolution 10–91, shall become null and void and of no further force and effect, except for the references in this Act to paragraphs 3 and 11 of the legend on the plat.

(2) The Islands shall no longer be considered to be part of Anacostia Park and shall not be considered to be within the park system of the District; therefore, the provisions of section 2 of the Act entitled "An Act to vest in the Commissioners of the District of Columbia control of street parking in said District", approved July 1, 1898 (ch. 543, 30 Stat. 570; D.C. SEC. 6. SAVINGS PROVISIONS.

No provision of this Act shall be construed—

(1) as an express or implied endorsement or approval by the Congress of any such construction, development, or operation of National Children's Island;

(2) except as provided in section 5, to exempt the recreational park and playground from the laws of the United States or the District, including laws relating to the environment, health, and safety; or

(3) to prevent additional conditions on the National Children's Island development or operation to mitigate adverse impacts on adjacent residential neighborhoods and park lands and the Anacostia River.

(5) OPERATION OF THE COMMISSION.—

(A) CHAIRMANSHIP.—The President, the Speaker of the House of Representatives, and the Majority Leader of the Senate shall jointly designate one member as the Chairman of the Commission. In the event of a disagreement among the appointing authorities, the Chairman shall be determined by a majority vote of the appointing authorities. The determination of which member shall be Chairman shall be made not later than 15 days after the appointment of the last member of the Commission, but in no case later than 75 days after the date of enactment of this Act.

SEC. 210. MINOR CROP PROTECTION.

(a) DEFINITION.—Section 2 (7 U.S.C. 136), as amended by section 120, is further amended by adding at the end the following:

"(ll) MINOR USE.—The term 'minor use' means the use of a pesticide on an animal, on a commercial agricultural crop or site, or for the protection of public health where—

"(1) the total United States acreage for the crop is less than 300,000 acres, as determined by the Secretary of Agriculture; or

"(2) the Administrator, in consultation with the Secretary of Agriculture, determines that, based on information provided by an applicant for registration or a registrant, the use does not provide sufficient economic incentive to support the initial registration or continuing registration of a pesticide for such use and—

"(A) there are insufficient efficacious alternative registered pesticides available for the use;

"(B) the alternatives to the pesticide use pose greater risks to the environment or human health;

"(C) the minor use pesticide plays or will play a significant part in managing pest resistance; or

"(D) the minor use pesticide plays or will play a significant part in an integrated pest management program.

The status as a minor use under this subsection shall continue as long as the Administrator has not determined that, based on existing data, such use may cause an unreasonable adverse effect on the environment and the use otherwise qualifies for such status.".

"(I) there are insufficient efficacious alternative registered pesticides available for the use;

"(II) the alternatives to the minor use pesticide pose greater risks to the environment or human health;

"(III) the minor use pesticide plays or will play a significant part in managing pest resistance; or

"(IV) the minor use pesticide plays or will play a significant part in an integrated pest management program.

The registration of a pesticide for a minor use on a crop grouping established by the Administrator shall be considered for purposes of this clause 1 minor use for each representative crop for which data are provided in the crop grouping. Any additional exclusive use period under this clause shall be modified as appropriate or terminated if the registrant voluntarily cancels the product or deletes from the registration the minor uses which formed the basis for the extension of the additional exclusive use period or if the Administrator determines that the registrant is not actually marketing the product for such minor uses.";

"(vi) With respect to data submitted after the date of enactment of this clause by an applicant or registrant to support an amendment adding a new use to an existing registration that does not retain any period of exclusive use, if such data relates solely to a minor use of a pesticide, such data shall not, without the written permission of the original data submitter, be considered by the Administrator to support an application for a minor use by another person during

the period of 10 years following the date of submission of such data. The applicant or registrant at the time the new minor use is requested shall notify the Administrator that to the best of their knowledge the exclusive use period for the pesticide has expired and that the data pertaining solely to the minor use of a pesticide is eligible for the provisions of this paragraph. If the minor use registration which is supported by data submitted pursuant to this subsection is voluntarily canceled or if such data are subsequently used to support a nonminor use, the data shall no longer be subject to the exclusive use provisions of this clause but shall instead be considered by the Administrator in accordance with the provisions of clause (i), as appropriate.". "(I) the data to support other uses of the pesticide on a food are being provided;

"(II) the registrant, in submitting a request for such an extension, provides a schedule, including interim dates to measure progress, to assure that the data production will be completed before the expiration of the extension period;

"(III) the Administrator has determined that such extension will not significantly delay the Administrator's schedule for issuing a reregistration eligibility determination required under section 4; and

"(IV) the Administrator has determined that based on existing data, such extension would not significantly increase the risk of any unreasonable adverse effect on the environment. If the Administrator grants an extension under this clause, the Administrator shall monitor the development of the data and shall ensure that the registrant is meeting the schedule for the production of the data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) regarding the continued registration of the affected products with the minor use and shall inform the public of such action. Notwithstanding the provisions of this clause, the Administrator may take action to modify or revoke the extension under this clause if the Administrator determines that the extension for the minor use may cause an unreasonable adverse effect on the environment. In such circumstance, the Administrator shall provide, in writing to the reg- Notice.

istrant, a notice revoking the extension of time for submission of data. Such data shall instead be due in accordance with the date established by the Administrator for the submission of the data.".

(2) REREGISTRATION.—Sections 4(d)(4)(B), 4(e)(2)(B), and 4(f)(2)(B) (7 U.S.C. 136a–1(d)(4)(B), (e)(2)(B), and (f)(2)(B)) are each amended by adding at the end the following: "Upon application of a registrant, the Administrator shall, in the case of a minor use, extend the deadline for the production of residue chemistry data under this subparagraph for data required solely to support that minor use until the final deadline for submission of data under this section for the other uses of the pesticide established as of the date of enactment of the Food Quality Protection Act of 1996 if—

"(i) the data to support other uses of the pesticide on a food are being provided;

"(ii) the registrant, in submitting a request for such an extension provides a schedule, including interim dates to measure progress, to assure that the data production will be completed before the expiration of the extension period;

"(iii) the Administrator has determined that such extension will not significantly delay the Administrator's schedule for issuing a reregistration eligibility determination required under this section; and

"(iv) the Administrator has determined that based on existing data, such extension would not significantly increase the risk of any unreasonable adverse effect on the environment. If the Administrator grants an extension under this subparagraph, the Administrator shall monitor the development of the data and shall ensure that the registrant is meeting the schedule for the production of the data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with clause (iv) of section 3(c)(2)(B) or other provisions of this section, as appropriate, regarding the continued registration of the affected products with the minor use and shall inform the public of such action. Notwithstanding the provisions of this subparagraph, the Administrator may take action to modify or revoke the extension under this subparagraph if the Administrator determines that the extension for the minor use may cause an unreasonable adverse effect on the environment. In such circumstance, the Administrator shall provide written notice to the registrant revoking the extension of time for submission of data. Such data shall instead be due in accordance with the date then established by the Administrator for submission of the data.".

(d) MINOR USE WAIVER.—Section 3(c)(2) (7 U.S.C. 136a(c)(2)) is amended—

(1) by inserting "IN GENERAL.—" after "(A)";

(3) by inserting "SIMPLIFIED PROCEDURES.—" after "(C)"; and

(4) by adding at the end the following:

"(E) MINOR USE WAIVER.—In handling the registration of a pesticide for a minor use, the Administrator may waive otherwise applicable data requirements if the Administrator determines that the absence of such data will not prevent the Administrator from determining—

"(i) the incremental risk presented by the minor use of the pesticide; and

"(ii) that such risk, if any, would not be an unreasonable adverse effect on the environment.".

(e) EXPEDITING MINOR USE REGISTRATIONS.—Section 3(c)(3) (7 U.S.C. 136a(c)(3)) is amended—

(1) by inserting after "(A)" the following: "IN GENERAL.—";

"(II) for a registration or a registration amendment that proposes significant minor uses.

"(ii) For the purposes of clause (i)—

"(I) the term 'as expeditiously as possible' means that the Administrator shall, to the greatest extent practicable, complete a review and evaluation of all data, submitted with a complete application, within 12 months after the submission of the complete application, and the failure of the Administrator to complete such a review and evaluation under clause (i) shall not be subject to judicial review; and

"(II) the term 'significant minor uses' means 3 or more minor uses proposed for every nonminor use, a minor use that would, in the judgment of the Administrator, serve as a replacement for any use which has been canceled in the 5 years preceding the receipt of the application, or a minor use that in the opinion of the Administrator would avoid the reissuance of an emergency exemption under section 18 for that minor use.

"(D) ADEQUATE TIME FOR SUBMISSION OF MINOR USE DATA.—If a registrant makes a request for a minor use waiver, regarding data required by the Administrator, pursuant to paragraph (2)(E), and if the Administrator denies in whole or in part such data waiver request, the registrant shall have a full-time period for providing such data. For purposes of this subparagraph, the term 'full-time period' means the time period originally established by the Administrator for submission of such data, beginning

On such a determination the Administrator may refuse the request for extension by the registrant. Upon receipt of the request from the registrant, the Administrator shall publish in the Federal Register a notice of the receipt of the request and the effective date upon which the uses not being supported will be voluntarily deleted from the registration pursuant to section 6(f)(1). If the Administrator grants an extension under this paragraph, the Administrator shall monitor the development of the data for the uses being supported and shall ensure that the registrant is meeting the schedule for the production of such data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with section 3(c)(2)(B)(iv) regarding the continued registration of the affected products with the minor and other uses and shall inform the public of such action in accordance with section 6(f)(2). Notwithstanding this subparagraph, the Administrator may deny, modify, or revoke the temporary extension under this paragraph if the Administrator determines that the continuation of the minor use may cause an unreasonable adverse effect on the environment. In the event of modification or revocation, the Administrator shall provide, in writing, to the registrant a notice revoking the temporary extension and establish a new effective date by which the minor use shall be deleted from the registration.".

specific minor use of the pesticide but is supporting and providing data in a timely and adequate fashion to support other nonfood uses of the pesticide, the Administrator, at the written request of the registrant, shall not take any action pursuant to this subparagraph in regard to such unsupported minor use until the final deadline established as of the date of enactment of the Food Quality Protection Act of 1996, for the submission of data under this section for the supported uses identified pursuant to this subparagraph unless the Administrator determines that the absence of the data is significant enough to cause human health or environmental concerns. On the basis of such determination, the Administrator may refuse the request for extension by the registrant. Upon receipt of the request from the registrant, the Administrator shall publish in the Federal Register a notice of the receipt of the request and the effective date upon which the uses not being supported will be voluntarily deleted from the registration pursuant to section 6(f)(1). If the Administrator grants an extension under this subparagraph, the Administrator shall monitor the development of the data for the uses being supported and shall ensure that the registrant is meeting the schedule for the production of such data. If the Administrator determines that the registrant is not meeting or has not met the schedule for the production of such data, the Administrator may proceed in accordance with section 3(c)(2)(B)(iv) regarding the continued registration of the affected products with the minor and other uses and shall inform the public of such action in accordance with section 6(f)(2). Notwithstanding this subparagraph, the Administrator may deny, modify, or revoke the temporary extension under this subparagraph if the Administrator determines that the continuation of the minor use may cause an unreasonable adverse effect on the environment. "(1) GENERAL RULE.—Except as provided in paragraph (2) or (3), any pesticide chemical residue in or on a food shall be deemed unsafe for the purpose of section 402(a)(2)(B) unless—

"(A) a tolerance for such pesticide chemical residue in or on such food is in effect under this section and the quantity of the residue is within the limits of the tolerance; or

"(B) an exemption from the requirement of a tolerance is in effect under this section for the pesticide chemical residue.

For the purposes of this section, the term 'food', when used as a noun without modification, shall mean a raw agricultural commodity or processed food.

"(2) PROCESSED FOOD.—Notwithstanding paragraph (1)—

"(A) if a tolerance is in effect under this section for a pesticide chemical residue in or on a raw agricultural commodity, a pesticide chemical residue that is present in or on a processed food because the food is made from that raw agricultural commodity shall not be considered unsafe within the meaning of section 402(a)(2)(B) despite the lack of a tolerance for the pesticide chemical residue in or on the processed food if the pesticide chemical has been used in or on the raw agricultural commodity in conformity with a tolerance under this section, such residue in or on the raw agricultural commodity has been removed

to the extent possible in good manufacturing practice, and the concentration of the pesticide chemical residue in the processed food is not greater than the tolerance prescribed for the pesticide chemical residue in the raw agricultural commodity; or

"(B) if an exemption for the requirement for a tolerance is in effect under this section for a pesticide chemical residue in or on a raw agricultural commodity, a pesticide chemical residue that is present in or on a processed food because the food is made from that raw agricultural commodity shall not be considered unsafe within the meaning of section 402(a)(2)(B).

"(3) RESIDUES OF DEGRADATION PRODUCTS.—If a pesticide chemical residue is present in or on a food because it is a metabolite or other degradation product of a precursor substance that itself is a pesticide chemical or pesticide chemical residue, such a residue shall not be considered to be unsafe within the meaning of section 402(a)(2)(B) despite the lack of a tolerance or exemption from the need for a tolerance for such residue in or on such food if—

"(A) the Administrator has not determined that the degradation product is likely to pose any potential health risk from dietary exposure that is of a different type than, or of a greater significance than, any risk posed by dietary exposure to the precursor substance;

"(B) either—

"(i) a tolerance is in effect under this section for residues of the precursor substance in or on the food, and the combined level of residues of the degradation product and the precursor substance in or on the food is at or below the stoichiometrically equivalent level that would be permitted by the tolerance if the residue consisted only of the precursor substance rather than the degradation product; or

"(ii) an exemption from the need for a tolerance is in effect under this section for residues of the precursor substance in or on the food; and

"(C) the tolerance or exemption for residues of the precursor substance does not state that it applies only to particular named substances and does not state that it does not apply to residues of the degradation product.

"(4) EFFECT OF TOLERANCE OR EXEMPTION.—While a tolerance or exemption from the requirement for a tolerance is in effect under this section for a pesticide chemical residue with respect to any food, the food shall not by reason of bearing or containing any amount of such a residue be considered to be adulterated within the meaning of section 402(a)(1).

"(b) AUTHORITY AND STANDARD FOR TOLERANCE.—

"(1) AUTHORITY.—The Administrator may issue regulations establishing, modifying, or revoking a tolerance for a pesticide chemical residue in or on a food—

"(A) in response to a petition filed under subsection (d); or

"(B) on the Administrator's own initiative under subsection (e).

As used in this section, the term 'modify' shall not mean expanding the tolerance to cover additional foods.

"(2) STANDARD.—

"(A) GENERAL RULE.—

"(i) STANDARD.—The Administrator may establish or leave in effect a tolerance for a pesticide chemical residue in or on a food only if the Administrator determines that the tolerance is safe. The Administrator shall modify or revoke a tolerance if the Administrator determines it is not safe.

"(ii) DETERMINATION OF SAFETY.—As used in this section, the term 'safe', with respect to a tolerance for a pesticide chemical residue, means that the Administrator has determined that there is a reasonable certainty that no harm will result from aggregate exposure to the pesticide chemical residue, including all anticipated dietary exposures and all other exposures for which there is reliable information.

"(iii) RULE OF CONSTRUCTION.—With respect to a tolerance, a pesticide chemical residue meeting the standard under clause (i) is not an eligible pesticide chemical residue for purposes of subparagraph (B).

"(B) TOLERANCES FOR ELIGIBLE PESTICIDE CHEMICAL RESIDUES.—

"(i) DEFINITION.—As used in this subparagraph, the term 'eligible pesticide chemical residue' means a pesticide chemical residue as to which—

"(I) the Administrator is not able to identify a level of exposure to the residue at which the residue will not cause or contribute to a known or anticipated harm to human health (referred to in this section as a 'nonthreshold effect');

"(II) the lifetime risk of experiencing the nonthreshold effect is appropriately assessed by quantitative risk assessment; and

"(III) with regard to any known or anticipated harm to human health for which the Administrator is able to identify a level at which the residue will not cause such harm (referred to in this section as a 'threshold effect'), the Administrator determines that the level of aggregate exposure is safe.

"(ii) DETERMINATION OF TOLERANCE.—Notwithstanding subparagraph (A)(i), a tolerance for an eligible pesticide chemical residue may be left in effect or modified under this subparagraph if—

"(I) at least one of the conditions described in clause (iii) is met; and

"(II) both of the conditions described in clause (iv) are met.

"(iii) CONDITIONS REGARDING USE.—For purposes of clause (ii), the conditions described in this clause with respect to a tolerance for an eligible pesticide chemical residue are the following:

"(I) Use of the pesticide chemical that produces the residue protects consumers from adverse effects on health that would pose a greater risk than the dietary risk from the residue.

"(II) Use of the pesticide chemical that produces the residue is necessary to avoid a significant

disruption in domestic production of an adequate, wholesome, and economical food supply.

"(iv) CONDITIONS REGARDING RISK.—For purposes of clause (ii), the conditions described in this clause with respect to a tolerance for an eligible pesticide chemical residue are the following:

"(I) The yearly risk associated with the nonthreshold effect from aggregate exposure to the residue does not exceed 10 times the yearly risk that would be allowed under subparagraph (A) for such effect.

"(II) The tolerance is limited so as to ensure that the risk over a lifetime associated with the nonthreshold effect from aggregate exposure to the residue is not greater than twice the lifetime risk that would be allowed under subparagraph (A) for such effect.

"(v) REVIEW.—Five years after the date on which the Administrator makes a determination to leave in effect or modify a tolerance under this subparagraph, and thereafter as the Administrator deems appropriate, the Administrator shall determine, after notice and opportunity for comment, whether it has been demonstrated to the Administrator that a condition described in clause (iii)(I) or clause (iii)(II) continues to exist with respect to the tolerance and that the yearly and lifetime risks from aggregate exposure to such residue continue to comply with the limits specified in clause (iv). If the Administrator determines by such date that such demonstration has not been made, the Administrator shall, not later than 180 days after the date of such determination, issue a regulation under subsection (e)(1) to modify or revoke the tolerance. Regulations.

"(vi) INFANTS AND CHILDREN.—Any tolerance under this subparagraph shall meet the requirements of subparagraph (C).

"(C) EXPOSURE OF INFANTS AND CHILDREN.—In establishing, modifying, leaving in effect, or revoking a tolerance or exemption for a pesticide chemical residue, the Administrator—

"(i) shall assess the risk of the pesticide chemical residue based on—

"(I) available information about consumption patterns among infants and children that are likely to result in disproportionately high consumption of foods containing or bearing such residue among infants and children in comparison to the general population;

"(II) available information concerning the special susceptibility of infants and children to the pesticide chemical residues, including neurological differences between infants and children and adults, and effects of in utero exposure to pesticide chemicals; and

"(III) available information concerning the cumulative effects on infants and children of such

residues and other substances that have a common mechanism of toxicity; and

"(ii) shall—

"(I) ensure that there is a reasonable certainty that no harm will result to infants and children from aggregate exposure to the pesticide chemical residue; and

Publication.

"(II) publish a specific determination regarding the safety of the pesticide chemical residue for infants and children.

Surveys.

The Secretary of Health and Human Services and the Secretary of Agriculture, in consultation with the Administrator, shall conduct surveys to document dietary exposure to pesticides among infants and children. In the case of threshold effects, for purposes of clause (ii)(I) an additional tenfold margin of safety for the pesticide chemical residue and other sources of exposure shall be applied for infants and children to take into account potential pre- and postnatal toxicity and completeness of the data with respect to exposure and toxicity to infants and children. Notwithstanding such requirement for an additional margin of safety, the Administrator may use a different margin of safety for the pesticide chemical residue only if, on the basis of reliable data, such margin will be safe for infants and children.

"(D) FACTORS.—In establishing, modifying, leaving in effect, or revoking a tolerance or exemption for a pesticide chemical residue, the Administrator shall consider, among other relevant factors—

"(i) the validity, completeness, and reliability of the available data from studies of the pesticide chemical and pesticide chemical residue;

"(ii) the nature of any toxic effect shown to be caused by the pesticide chemical or pesticide chemical residue in such studies;

"(iii) available information concerning the relationship of the results of such studies to human risk;

"(iv) available information concerning the dietary consumption patterns of consumers (and major identifiable subgroups of consumers);

"(v) available information concerning the cumulative effects of such residues and other substances that have a common mechanism of toxicity;

"(vi) available information concerning the aggregate exposure levels of consumers (and major identifiable subgroups of consumers) to the pesticide chemical residue and to other related substances, including dietary exposure under the tolerance and all other tolerances in effect for the pesticide chemical residue, and exposure from other non-occupational sources;

"(vii) available information concerning the variability of the sensitivities of major identifiable subgroups of consumers;

"(viii) such information as the Administrator may require on whether the pesticide chemical may have an effect in humans that is similar to an effect pro-

duced by a naturally occurring estrogen or other endocrine effects; and

"(ix) safety factors which in the opinion of experts qualified by scientific training and experience to evaluate the safety of food additives are generally recognized as appropriate for the use of animal experimentation data.

"(E) DATA AND INFORMATION REGARDING ANTICIPATED AND ACTUAL RESIDUE LEVELS.—

"(i) AUTHORITY.—In establishing, modifying, leaving in effect, or revoking a tolerance for a pesticide chemical residue, the Administrator may consider available data and information on the anticipated residue levels of the pesticide chemical in or on food and the actual residue levels of the pesticide chemical that have been measured in food, including residue data collected by the Food and Drug Administration.

"(ii) REQUIREMENT.—If the Administrator relies on anticipated or actual residue levels in establishing, modifying, or leaving in effect a tolerance, the Administrator shall pursuant to subsection (f)(1) require that data be provided five years after the date on which the tolerance is established, modified, or left in effect, and thereafter as the Administrator deems appropriate, demonstrating that such residue levels are not above the levels so relied on. If such data are not so provided, or if the data do not demonstrate that the residue levels are not above the levels so relied on, the Administrator shall, not later than 180 days after the date on which the data were required to be provided, issue a regulation under subsection (e)(1), or an order under subsection (f)(2), as appropriate, to modify or revoke the tolerance. Regulations.

"(F) PERCENT OF FOOD ACTUALLY TREATED.—In establishing, modifying, leaving in effect, or revoking a tolerance for a pesticide chemical residue, the Administrator may, when assessing chronic dietary risk, consider available data and information on the percent of food actually treated with the pesticide chemical (including aggregate pesticide use data collected by the Department of Agriculture) only if the Administrator—

"(i) finds that the data are reliable and provide a valid basis to show what percentage of the food derived from such crop is likely to contain such pesticide chemical residue;

"(ii) finds that the exposure estimate does not understate exposure for any significant subpopulation group;

"(iii) finds that, if data are available on pesticide use and consumption of food in a particular area, the population in such area is not dietarily exposed to residues above those estimated by the Administrator; and

"(iv) provides for the periodic reevaluation of the estimate of anticipated dietary exposure.

"(3) DETECTION METHODS.—

"(A) GENERAL RULE.—A tolerance for a pesticide chemical residue in or on a food shall not be established or

modified by the Administrator unless the Administrator determines, after consultation with the Secretary, that there is a practical method for detecting and measuring the levels of the pesticide chemical residue in or on the food.

"(B) DETECTION LIMIT.—A tolerance for a pesticide chemical residue in or on a food shall not be established at or modified to a level lower than the limit of detection of the method for detecting and measuring the pesticide chemical residue specified by the Administrator under subparagraph (A).

"(4) INTERNATIONAL STANDARDS.—In establishing a tolerance for a pesticide chemical residue in or on a food, the Administrator shall determine whether a maximum residue level for the pesticide chemical has been established by the Codex Alimentarius Commission. If a Codex maximum residue level has been established for the pesticide chemical and the Administrator does not propose to adopt the Codex level, the Administrator shall publish for public comment a notice explaining the reasons for departing from the Codex level.

Publication.

"(c) AUTHORITY AND STANDARD FOR EXEMPTIONS.—

"(1) AUTHORITY.—The Administrator may issue a regulation establishing, modifying, or revoking an exemption from the requirement for a tolerance for a pesticide chemical residue in or on food—

"(A) in response to a petition filed under subsection (d); or

"(B) on the Administrator's initiative under subsection (e).

"(2) STANDARD.—

"(A) GENERAL RULE.—

"(i) STANDARD.—The Administrator may establish or leave in effect an exemption from the requirement for a tolerance for a pesticide chemical residue in or on food only if the Administrator determines that the exemption is safe. The Administrator shall modify or revoke an exemption if the Administrator determines it is not safe.

"(ii) DETERMINATION OF SAFETY.—The term 'safe', with respect to an exemption for a pesticide chemical residue, means that the Administrator has determined that there is a reasonable certainty that no harm will result from aggregate exposure to the pesticide chemical residue, including all anticipated dietary exposures and all other exposures for which there is reliable information.

"(B) FACTORS.—In making a determination under this paragraph, the Administrator shall take into account, among other relevant considerations, the considerations set forth in subparagraphs (C) and (D) of subsection (b)(2).

"(3) LIMITATION.—An exemption from the requirement for a tolerance for a pesticide chemical residue in or on food shall not be established or modified by the Administrator unless the Administrator determines, after consultation with the Secretary—

"(A) that there is a practical method for detecting and measuring the levels of such pesticide chemical residue in or on food; or

"(B) that there is no need for such a method, and states the reasons for such determination in issuing the regulation establishing or modifying the exemption.

"(d) PETITION FOR TOLERANCE OR EXEMPTION.—

"(1) PETITIONS AND PETITIONERS.—Any person may file with the Administrator a petition proposing the issuance of a regulation—

"(A) establishing, modifying, or revoking a tolerance for a pesticide chemical residue in or on a food; or

"(B) establishing, modifying, or revoking an exemption from the requirement of a tolerance for such a residue.

"(2) PETITION CONTENTS.—

"(A) ESTABLISHMENT.—A petition under paragraph (1) to establish a tolerance or exemption for a pesticide chemical residue shall be supported by such data and information as are specified in regulations issued by the Administrator, including— Regulations.

"(i)(I) an informative summary of the petition and of the data, information, and arguments submitted or cited in support of the petition; and

"(II) a statement that the petitioner agrees that such summary or any information it contains may be published as a part of the notice of filing of the petition to be published under this subsection and as part of a proposed or final regulation issued under this section;

"(ii) the name, chemical identity, and composition of the pesticide chemical residue and of the pesticide chemical that produces the residue;

"(iii) data showing the recommended amount, frequency, method, and time of application of that pesticide chemical;

"(iv) full reports of tests and investigations made with respect to the safety of the pesticide chemical, including full information as to the methods and controls used in conducting those tests and investigations;

"(v) full reports of tests and investigations made with respect to the nature and amount of the pesticide chemical residue that is likely to remain in or on the food, including a description of the analytical methods used;

"(vi) a practical method for detecting and measuring the levels of the pesticide chemical residue in or on the food, or for exemptions, a statement why such a method is not needed;

"(vii) a proposed tolerance for the pesticide chemical residue, if a tolerance is proposed;

"(viii) if the petition relates to a tolerance for a processed food, reports of investigations conducted using the processing method(s) used to produce that food;

"(ix) such information as the Administrator may require to make the determination under subsection (b)(2)(C);

"(x) such information as the Administrator may require on whether the pesticide chemical may have an effect in humans that is similar to an effect produced by a naturally occurring estrogen or other endocrine effects;

"(xi) information regarding exposure to the pesticide chemical residue due to any tolerance or exemption already granted for such residue;

"(xii) practical methods for removing any amount of the residue that would exceed any proposed tolerance; and

"(xiii) such other data and information as the Administrator requires by regulation to support the petition.

If information or data required by this subparagraph is available to the Administrator, the person submitting the petition may cite the availability of the information or data in lieu of submitting it. The Administrator may require a petition to be accompanied by samples of the pesticide chemical with respect to which the petition is filed.

"(B) MODIFICATION OR REVOCATION.—The Administrator may by regulation establish the requirements for information and data to support a petition to modify or revoke a tolerance or to modify or revoke an exemption from the requirement for a tolerance.

Publication.

"(3) NOTICE.—A notice of the filing of a petition that the Administrator determines has met the requirements of paragraph (2) shall be published by the Administrator within 30 days after such determination. The notice shall announce the availability of a description of the analytical methods available to the Administrator for the detection and measurement of the pesticide chemical residue with respect to which the petition is filed or shall set forth the petitioner's statement of why such a method is not needed. The notice shall include the summary required by paragraph (2)(A)(i)(I).

"(4) ACTIONS BY THE ADMINISTRATOR.—

Regulations.

"(A) IN GENERAL.—The Administrator shall, after giving due consideration to a petition filed under paragraph (1) and any other information available to the Administrator—

"(i) issue a final regulation (which may vary from that sought by the petition) establishing, modifying, or revoking a tolerance for the pesticide chemical residue or an exemption of the pesticide chemical residue from the requirement of a tolerance (which final regulation shall be issued without further notice and without further period for public comment);

"(ii) issue a proposed regulation under subsection (e), and thereafter issue a final regulation under such subsection; or

"(iii) issue an order denying the petition.

"(B) PRIORITIES.—The Administrator shall give priority to petitions for the establishment or modification of a tolerance or exemption for a pesticide chemical residue that appears to pose a significantly lower risk to human health

from dietary exposure than pesticide chemical residues that have tolerances in effect for the same or similar uses.

"(C) EXPEDITED REVIEW OF CERTAIN PETITIONS.—

"(i) DATE CERTAIN FOR REVIEW.—If a person files a complete petition with the Administrator proposing the issuance of a regulation establishing a tolerance or exemption for a pesticide chemical residue that presents a lower risk to human health than a pesticide chemical residue for which a tolerance has been left in effect or modified under subsection (b)(2)(B), the Administrator shall complete action on such petition under this paragraph within 1 year.

"(ii) REQUIRED DETERMINATIONS.—If the Administrator issues a final regulation establishing a tolerance or exemption for a safer pesticide chemical residue under clause (i), the Administrator shall, not later than 180 days after the date on which the regulation is issued, determine whether a condition described in subclause (I) or (II) of subsection (b)(2)(B)(iii) continues to exist with respect to a tolerance that has been left in effect or modified under subsection (b)(2)(B). If such condition does not continue to exist, the Administrator shall, not later than 180 days after the date on which the determination under the preceding sentence is made, issue a regulation under subsection (e)(1) to modify or revoke the tolerance. Regulations.

"(e) ACTION ON ADMINISTRATOR'S OWN INITIATIVE.—

"(1) GENERAL RULE.—The Administrator may issue a regulation—

"(A) establishing, modifying, suspending under subsection (l)(3), or revoking a tolerance for a pesticide chemical or a pesticide chemical residue;

"(B) establishing, modifying, suspending under subsection (l)(3), or revoking an exemption of a pesticide chemical residue from the requirement of a tolerance; or

"(C) establishing general procedures and requirements to implement this section.

"(2) NOTICE.—Before issuing a final regulation under paragraph (1), the Administrator shall issue a notice of proposed rulemaking and provide a period of not less than 60 days for public comment on the proposed regulation, except that a shorter period for comment may be provided if the Administrator for good cause finds that it would be in the public interest to do so and states the reasons for the finding in the notice of proposed rulemaking.

"(f) SPECIAL DATA REQUIREMENTS.—

"(1) REQUIRING SUBMISSION OF ADDITIONAL DATA.—If the Administrator determines that additional data or information are reasonably required to support the continuation of a tolerance or exemption that is in effect under this section for a pesticide chemical residue on a food, the Administrator shall—

"(A) issue a notice requiring the person holding the pesticide registrations associated with such tolerance or exemption to submit the data or information under section 3(c)(2)(B) of the Federal Insecticide, Fungicide, and Rodenticide Act; Notice.

Rules.

"(B) issue a rule requiring that testing be conducted on a substance or mixture under section 4 of the Toxic Substances Control Act; or

Federal Register, publication.

"(C) publish in the Federal Register, after first providing notice and an opportunity for comment of not less than 60 days' duration, an order—

"(i) requiring the submission to the Administrator by one or more interested persons of a notice identifying the person or persons who will submit the required data and information;

"(ii) describing the type of data and information required to be submitted to the Administrator and stating why the data and information could not be obtained under the authority of section 3(c)(2)(B) of the Federal Insecticide, Fungicide, and Rodenticide Act or section 4 of the Toxic Substances Control Act;

"(iii) describing the reports of the Administrator required to be prepared during and after the collection of the data and information;

"(iv) requiring the submission to the Administrator of the data, information, and reports referred to in clauses (ii) and (iii); and

"(v) establishing dates by which the submissions described in clauses (i) and (iv) must be made.

The Administrator may under subparagraph (C) revise any such order to correct an error. The Administrator may under this paragraph require data or information pertaining to whether the pesticide chemical may have an effect in humans that is similar to an effect produced by a naturally occurring estrogen or other endocrine effects.

"(2) NONCOMPLIANCE.—If a submission required by a notice issued in accordance with paragraph (1)(A), a rule issued under paragraph (1)(B), or an order issued under paragraph (1)(C) is not made by the time specified in such notice, rule, or order, the Administrator may by order published in the Federal Register modify or revoke the tolerance or exemption in question. In any review of such an order under subsection (g)(2), the only material issue shall be whether a submission required under paragraph (1) was not made by the time specified.

"(g) EFFECTIVE DATE, OBJECTIONS, HEARINGS, AND ADMINISTRATIVE REVIEW.—

"(1) EFFECTIVE DATE.—A regulation or order issued under subsection (d)(4), (e)(1), or (f)(2) shall take effect upon publication unless the regulation or order specifies otherwise. The Administrator may stay the effectiveness of the regulation or order if, after issuance of such regulation or order, objections are filed with respect to such regulation or order pursuant to paragraph (2).

"(2) FURTHER PROCEEDINGS.—

"(A) OBJECTIONS.—Within 60 days after a regulation or order is issued under subsection (d)(4), (e)(1)(A), (e)(1)(B), (f)(2), (n)(3), or (n)(5)(C), any person may file objections thereto with the Administrator, specifying with particularity the provisions of the regulation or order deemed objectionable and stating reasonable grounds therefor. If the regulation or order was issued in response to a petition under subsection (d)(1), a copy of each objection filed by

a person other than the petitioner shall be served by the Administrator on the petitioner.

"(B) HEARING.—An objection may include a request for a public evidentiary hearing upon the objection. The Administrator shall, upon the initiative of the Administrator or upon the request of an interested person and after due notice, hold a public evidentiary hearing if and to the extent the Administrator determines that such a public hearing is necessary to receive factual evidence relevant to material issues of fact raised by the objections. The presiding officer in such a hearing may authorize a party to obtain discovery from other persons and may upon a showing of good cause made by a party issue a subpoena to compel testimony or production of documents from any person. The presiding officer shall be governed by the Federal Rules of Civil Procedure in making any order for the protection of the witness or the content of documents produced and shall order the payment of reasonable fees and expenses as a condition to requiring testimony of the witness. On contest, such a subpoena may be enforced by a Federal district court.

"(C) FINAL DECISION.—As soon as practicable after receiving the arguments of the parties, the Administrator shall issue an order stating the action taken upon each such objection and setting forth any revision to the regulation or prior order that the Administrator has found to be warranted. If a hearing was held under subparagraph (B), such order and any revision to the regulation or prior order shall, with respect to questions of fact at issue in the hearing, be based only on substantial evidence of record at such hearing, and shall set forth in detail the findings of facts and the conclusions of law or policy upon which the order or regulation is based. Orders.

"(h) JUDICIAL REVIEW.—

"(1) PETITION.—In a case of actual controversy as to the validity of any regulation issued under subsection (e)(1)(C), or any order issued under subsection (f)(1)(C) or (g)(2)(C), or any regulation that is the subject of such an order, any person who will be adversely affected by such order or regulation may obtain judicial review by filing in the United States Court of Appeals for the circuit wherein that person resides or has its principal place of business, or in the United States Court of Appeals for the District of Columbia Circuit, within 60 days after publication of such order or regulation, a petition praying that the order or regulation be set aside in whole or in part.

"(2) RECORD AND JURISDICTION.—A copy of the petition under paragraph (1) shall be forthwith transmitted by the clerk of the court to the Administrator, or any officer designated by the Administrator for that purpose, and thereupon the Administrator shall file in the court the record of the proceedings on which the Administrator based the order or regulation, as provided in section 2112 of title 28, United States Code. Upon the filing of such a petition, the court shall have exclusive jurisdiction to affirm or set aside the order or regulation complained of in whole or in part. As to orders issued following a public evidentiary hearing, the findings of the Administrator with respect to questions of fact shall be sustained only if

supported by substantial evidence when considered on the record as a whole.

"(3) ADDITIONAL EVIDENCE.—If a party applies to the court for leave to adduce additional evidence and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for the failure to adduce the evidence in the proceeding before the Administrator, the court may order that the additional evidence (and evidence in rebuttal thereof) shall be taken before the Administrator in the manner and upon the terms and conditions the court deems proper. The Administrator may modify prior findings as to the facts by reason of the additional evidence so taken and may modify the order or regulation accordingly. The Administrator shall file with the court any such modified finding, order, or regulation.

"(4) FINAL JUDGMENT; SUPREME COURT REVIEW.—The judgment of the court affirming or setting aside, in whole or in part, any regulation or any order and any regulation which is the subject of such an order shall be final, subject to review by the Supreme Court of the United States as provided in section 1254 of title 28 of the United States Code. The commencement of proceedings under this subsection shall not, unless specifically ordered by the court to the contrary, operate as a stay of a regulation or order.

"(5) APPLICATION.—Any issue as to which review is or was obtainable under this subsection shall not be the subject of judicial review under any other provision of law.

"(i) CONFIDENTIALITY AND USE OF DATA.—

"(1) GENERAL RULE.—Data and information that are or have been submitted to the Administrator under this section or section 409 in support of a tolerance or an exemption from a tolerance shall be entitled to confidential treatment for reasons of business confidentiality and to exclusive use and data compensation to the same extent provided by sections 3 and 10 of the Federal Insecticide, Fungicide, and Rodenticide Act.

"(2) EXCEPTIONS.—

"(A) IN GENERAL.—Data and information that are entitled to confidential treatment under paragraph (1) may be disclosed, under such security requirements as the Administrator may provide by regulation, to—

"(i) employees of the United States authorized by the Administrator to examine such data and information in the carrying out of their official duties under this Act or other Federal statutes intended to protect the public health; or

"(ii) contractors with the United States authorized by the Administrator to examine such data and information in the carrying out of contracts under this Act or such statutes.

"(B) CONGRESS.—This subsection does not authorize the withholding of data or information from either House of Congress or from, to the extent of matter within its jurisdiction, any committee or subcommittee of such committee or any joint committee of Congress or any subcommittee of such joint committee.

"(3) SUMMARIES.—Notwithstanding any provision of this subsection or other law, the Administrator may publish the

informative summary required by subsection (d)(2)(A)(i) and may, in issuing a proposed or final regulation or order under this section, publish an informative summary of the data relating to the regulation or order.

"(j) STATUS OF PREVIOUSLY ISSUED REGULATIONS.—

"(1) REGULATIONS UNDER SECTION 406.—Regulations affecting pesticide chemical residues in or on raw agricultural commodities promulgated, in accordance with section 701(e), under the authority of section 406(a) upon the basis of public hearings instituted before January 1, 1953, shall be deemed to be regulations issued under this section and shall be subject to modification or revocation under subsections (d) and (e), and shall be subject to review under subsection (q).

"(2) REGULATIONS UNDER SECTION 409.—Regulations that established tolerances for substances that are pesticide chemical residues in or on processed food, or that otherwise stated the conditions under which such pesticide chemicals could be safely used, and that were issued under section 409 on or before the date of the enactment of this paragraph, shall be deemed to be regulations issued under this section and shall be subject to modification or revocation under subsection (d) or (e), and shall be subject to review under subsection (q).

"(3) REGULATIONS UNDER SECTION 408.—Regulations that established tolerances or exemptions under this section that were issued on or before the date of the enactment of this paragraph shall remain in effect unless modified or revoked under subsection (d) or (e), and shall be subject to review under subsection (q).

"(k) TRANSITIONAL PROVISION.—If, on the day before the date of the enactment of this subsection, a substance that is a pesticide chemical was, with respect to a particular pesticidal use of the substance and any resulting pesticide chemical residue in or on a particular food—

"(1) regarded by the Administrator or the Secretary as generally recognized as safe for use within the meaning of the provisions of subsection (a) or section 201(s) as then in effect; or

"(2) regarded by the Secretary as a substance described by section 201(s)(4);

such a pesticide chemical residue shall be regarded as exempt from the requirement for a tolerance, as of the date of enactment of this subsection. The Administrator shall by regulation indicate which substances are described by this subsection. Any exemption under this subsection may be modified or revoked as if it had been issued under subsection (c). Regulations.

"(l) HARMONIZATION WITH ACTION UNDER OTHER LAWS.—

"(1) COORDINATION WITH FIFRA.—To the extent practicable and consistent with the review deadlines in subsection (q), in issuing a final rule under this subsection that suspends or revokes a tolerance or exemption for a pesticide chemical residue in or on food, the Administrator shall coordinate such action with any related necessary action under the Federal Insecticide, Fungicide, and Rodenticide Act.

"(2) REVOCATION OF TOLERANCE OR EXEMPTION FOLLOWING CANCELLATION OF ASSOCIATED REGISTRATIONS.—If the Administrator, acting under the Federal Insecticide, Fungicide, and Rodenticide Act, cancels the registration of each pesticide that

contains a particular pesticide chemical and that is labeled for use on a particular food, or requires that the registration of each such pesticide be modified to prohibit its use in connection with the production, storage, or transportation of such food, due in whole or in part to dietary risks to humans posed by residues of that pesticide chemical on that food, the Administrator shall revoke any tolerance or exemption that allows the presence of the pesticide chemical, or any pesticide chemical residue that results from its use, in or on that food. Subsection (e) shall apply to actions taken under this paragraph. A revocation under this paragraph shall become effective not later than 180 days after—

Effective date.

"(A) the date by which each such cancellation of a registration has become effective; or

"(B) the date on which the use of the canceled pesticide becomes unlawful under the terms of the cancellation, whichever is later.

"(3) SUSPENSION OF TOLERANCE OR EXEMPTION FOLLOWING SUSPENSION OF ASSOCIATED REGISTRATIONS.—

"(A) SUSPENSION.—If the Administrator, acting under the Federal Insecticide, Fungicide, and Rodenticide Act, suspends the use of each registered pesticide that contains a particular pesticide chemical and that is labeled for use on a particular food, due in whole or in part to dietary risks to humans posed by residues of that pesticide chemical on that food, the Administrator shall suspend any tolerance or exemption that allows the presence of the pesticide chemical, or any pesticide chemical residue that results from its use, in or on that food. Subsection (e) shall apply to actions taken under this paragraph. A suspension under this paragraph shall become effective not later than 60 days after the date by which each such suspension of use has become effective.

Applicability.
Effective date.

"(B) EFFECT OF SUSPENSION.—The suspension of a tolerance or exemption under subparagraph (A) shall be effective as long as the use of each associated registration of a pesticide is suspended under the Federal Insecticide, Fungicide, and Rodenticide Act. While a suspension of a tolerance or exemption is effective the tolerance or exemption shall not be considered to be in effect. If the suspension of use of the pesticide under that Act is terminated, leaving the registration of the pesticide for such use in effect under that Act, the Administrator shall rescind any associated suspension of tolerance or exemption.

"(4) TOLERANCES FOR UNAVOIDABLE RESIDUES.—In connection with action taken under paragraph (2) or (3), or with respect to pesticides whose registrations were suspended or canceled prior to the date of the enactment of this paragraph under the Federal Insecticide, Fungicide, and Rodenticide Act, if the Administrator determines that a residue of the canceled or suspended pesticide chemical will unavoidably persist in the environment and thereby be present in or on a food, the Administrator may establish a tolerance for the pesticide chemical residue. In establishing such a tolerance, the Administrator shall take into account both the factors set forth in subsection (b)(2) and the unavoidability of the residue. Subsection (e) shall apply to the establishment of such tolerance. The Adminis-

Applicability.
Review.

trator shall review any such tolerance periodically and modify it as necessary so that it allows no greater level of the pesticide chemical residue than is unavoidable.

"(5) PESTICIDE RESIDUES RESULTING FROM LAWFUL APPLICATION OF PESTICIDE.—Notwithstanding any other provision of this Act, if a tolerance or exemption for a pesticide chemical residue in or on a food has been revoked, suspended, or modified under this section, an article of that food shall not be deemed unsafe solely because of the presence of such pesticide chemical residue in or on such food if it is shown to the satisfaction of the Secretary that—

"(A) the residue is present as the result of an application or use of a pesticide at a time and in a manner that was lawful under the Federal Insecticide, Fungicide, and Rodenticide Act; and

"(B) the residue does not exceed a level that was authorized at the time of that application or use to be present on the food under a tolerance, exemption, food additive regulation, or other sanction then in effect under this Act;

unless, in the case of any tolerance or exemption revoked, suspended, or modified under this subsection or subsection (d) or (e), the Administrator has issued a determination that consumption of the legally treated food during the period of its likely availability in commerce will pose an unreasonable dietary risk.

"(6) TOLERANCE FOR USE OF PESTICIDES UNDER AN EMERGENCY EXEMPTION.—If the Administrator grants an exemption under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136p) for a pesticide chemical, the Administrator shall establish a tolerance or exemption from the requirement for a tolerance for the pesticide chemical residue. Such a tolerance or exemption from a tolerance shall have an expiration date. The Administrator may establish such a tolerance or exemption without providing notice or a period for comment on the tolerance or exemption. The Administrator shall promulgate regulations within 365 days after the date of the enactment of this paragraph governing the establishment of tolerances and exemptions under this paragraph. Such regulations shall be consistent with the safety standard under subsections (b)(2) and (c)(2) and with section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act. Regulations.

"(m) FEES.—

"(1) AMOUNT.—The Administrator shall by regulation require the payment of such fees as will in the aggregate, in the judgment of the Administrator, be sufficient over a reasonable term to provide, equip, and maintain an adequate service for the performance of the Administrator's functions under this section. Under the regulations, the performance of the Administrator's services or other functions under this section, including— Regulations.

"(A) the acceptance for filing of a petition submitted under subsection (d);

"(B) establishing, modifying, leaving in effect, or revoking a tolerance or establishing, modifying, leaving in effect, or revoking an exemption from the requirement for a tolerance under this section;

"(C) the acceptance for filing of objections under subsection (g); or

"(D) the certification and filing in court of a transcript of the proceedings and the record under subsection (h);

may be conditioned upon the payment of such fees. The regulations may further provide for waiver or refund of fees in whole or in part when in the judgment of the Administrator such a waiver or refund is equitable and not contrary to the purposes of this subsection.

"(2) DEPOSIT.—All fees collected under paragraph (1) shall be deposited in the Reregistration and Expedited Processing Fund created by section 4(k) of the Federal Insecticide, Fungicide, and Rodenticide Act. Such fees shall be available to the Administrator, without fiscal year limitation, for the performance of the Administrator's services or functions as specified in paragraph (1).

"(n) NATIONAL UNIFORMITY OF TOLERANCES.—

"(1) QUALIFYING PESTICIDE CHEMICAL RESIDUE.—For purposes of this subsection, the term 'qualifying pesticide chemical residue' means a pesticide chemical residue resulting from the use, in production, processing, or storage of a food, of a pesticide chemical that is an active ingredient and that—

"(A) was first approved for such use in a registration of a pesticide issued under section 3(c)(5) of the Federal Insecticide, Fungicide, and Rodenticide Act on or after April 25, 1985, on the basis of data determined by the Administrator to meet all applicable requirements for data prescribed by regulations in effect under that Act on April 25, 1985; or

"(B) was approved for such use in a reregistration eligibility determination issued under section 4(g) of that Act on or after the date of enactment of this subsection.

"(2) QUALIFYING FEDERAL DETERMINATION.—For purposes of this subsection, the term 'qualifying Federal determination' means a tolerance or exemption from the requirement for a tolerance for a qualifying pesticide chemical residue that—

"(A) is issued under this section after the date of the enactment of this subsection and determined by the Administrator to meet the standard under subsection (b)(2)(A) (in the case of a tolerance) or (c)(2) (in the case of an exemption); or

"(B)(i) pursuant to subsection (j) is remaining in effect or is deemed to have been issued under this section, or is regarded under subsection (k) as exempt from the requirement for a tolerance; and

"(ii) is determined by the Administrator to meet the standard under subsection (b)(2)(A) (in the case of a tolerance) or (c)(2) (in the case of an exemption).

"(3) LIMITATION.—The Administrator may make the determination described in paragraph (2)(B)(ii) only by issuing a rule in accordance with the procedure set forth in subsection (d) or (e) and only if the Administrator issues a proposed rule and allows a period of not less than 30 days for comment on the proposed rule. Any such rule shall be reviewable in accordance with subsections (g) and (h).

"(4) STATE AUTHORITY.—Except as provided in paragraphs (5), (6), and (8) no State or political subdivision may establish

or enforce any regulatory limit on a qualifying pesticide chemical residue in or on any food if a qualifying Federal determination applies to the presence of such pesticide chemical residue in or on such food, unless such State regulatory limit is identical to such qualifying Federal determination. A State or political subdivision shall be deemed to establish or enforce a regulatory limit on a pesticide chemical residue in or on a food if it purports to prohibit or penalize the production, processing, shipping, or other handling of a food because it contains a pesticide residue (in excess of a prescribed limit).

"(5) PETITION PROCEDURE.—

"(A) IN GENERAL.—Any State may petition the Administrator for authorization to establish in such State a regulatory limit on a qualifying pesticide chemical residue in or on any food that is not identical to the qualifying Federal determination applicable to such qualifying pesticide chemical residue.

"(B) PETITION REQUIREMENTS.—Any petition under subparagraph (A) shall—

"(i) satisfy any requirements prescribed, by rule, by the Administrator; and

"(ii) be supported by scientific data about the pesticide chemical residue that is the subject of the petition or about chemically related pesticide chemical residues, data on the consumption within such State of food bearing the pesticide chemical residue, and data on exposure of humans within such State to the pesticide chemical residue.

"(C) AUTHORIZATION.—The Administrator may, by order, grant the authorization described in subparagraph (A) if the Administrator determines that the proposed State regulatory limit—

"(i) is justified by compelling local conditions; and

"(ii) would not cause any food to be a violation of Federal law.

"(D) TREATMENT.—In lieu of any action authorized under subparagraph (C), the Administrator may treat a petition under this paragraph as a petition under subsection (d) to modify or revoke a tolerance or an exemption. If the Administrator determines to treat a petition under this paragraph as a petition under subsection (d), the Administrator shall thereafter act on the petition pursuant to subsection (d).

"(E) REVIEW.—Any order of the Administrator granting or denying the authorization described in subparagraph (A) shall be subject to review in the manner described in subsections (g) and (h).

"(6) URGENT PETITION PROCEDURE.—Any State petition to the Administrator pursuant to paragraph (5) that demonstrates that consumption of a food containing such pesticide residue level during the period of the food's likely availability in the State will pose a significant public health threat from acute exposure shall be considered an urgent petition. If an order by the Administrator to grant or deny the requested authorization in an urgent petition is not made within 30 days of receipt of the petition, the petitioning State may establish and enforce a temporary regulatory limit on a qualifying pesticide chemical

residue in or on the food. The temporary regulatory limit shall be validated or terminated by the Administrator's final order on the petition.

"(7) RESIDUES FROM LAWFUL APPLICATION.—No State or political subdivision may enforce any regulatory limit on the level of a pesticide chemical residue that may appear in or on any food if, at the time of the application of the pesticide that resulted in such residue, the sale of such food with such residue level was lawful under this section and under the law of such State, unless the State demonstrates that consumption of the food containing such pesticide residue level during the period of the food's likely availability in the State will pose an unreasonable dietary risk to the health of persons within such State.

"(8) SAVINGS.—Nothing in this Act preempts the authority of any State or political subdivision to require that a food containing a pesticide chemical residue bear or be the subject of a warning or other statement relating to the presence of the pesticide chemical residue in or on such food.

Publication. Public information.

"(o) CONSUMER RIGHT TO KNOW.—Not later than 2 years after the date of the enactment of the Food Quality Protection Act of 1996, and annually thereafter, the Administrator shall, in consultation with the Secretary of Agriculture and the Secretary of Health and Human Services, publish in a format understandable to a lay person, and distribute to large retail grocers for public display (in a manner determined by the grocer), the following information, at a minimum:

"(1) A discussion of the risks and benefits of pesticide chemical residues in or on food purchased by consumers.

"(2) A listing of actions taken under subparagraph (B) of subsection (b)(2) that may result in pesticide chemical residues in or on food that present a yearly or lifetime risk above the risk allowed under subparagraph (A) of such subsection, and the food on which the pesticide chemicals producing the residues are used.

"(3) Recommendations to consumers for reducing dietary exposure to pesticide chemical residues in a manner consistent with maintaining a healthy diet, including a list of food that may reasonably substitute for food listed under paragraph (2).

Nothing in this subsection shall prevent retail grocers from providing additional information.

"(p) ESTROGENIC SUBSTANCES SCREENING PROGRAM.—

"(1) DEVELOPMENT.—Not later than 2 years after the date of enactment of this section, the Administrator shall in consultation with the Secretary of Health and Human Services develop a screening program, using appropriate validated test systems and other scientifically relevant information, to determine whether certain substances may have an effect in humans that is similar to an effect produced by a naturally occurring estrogen, or such other endocrine effect as the Administrator may designate.

"(2) IMPLEMENTATION.—Not later than 3 years after the date of enactment of this section, after obtaining public comment and review of the screening program described in paragraph (1) by the scientific advisory panel established under section 25(d) of the Federal Insecticide, Fungicide, and Rodenticide Act or the science advisory board established by

section 8 of the Environmental Research, Development, and Demonstration Act of 1978 (42 U.S.C. 4365), the Administrator shall implement the program.

"(3) SUBSTANCES.—In carrying out the screening program described in paragraph (1), the Administrator—

"(A) shall provide for the testing of all pesticide chemicals; and

"(B) may provide for the testing of any other substance that may have an effect that is cumulative to an effect of a pesticide chemical if the Administrator determines that a substantial population may be exposed to such substance.

"(4) EXEMPTION.—Notwithstanding paragraph (3), the Administrator may, by order, exempt from the requirements of this section a biologic substance or other substance if the Administrator determines that the substance is anticipated not to produce any effect in humans similar to an effect produced by a naturally occurring estrogen.

"(5) COLLECTION OF INFORMATION.—

"(A) IN GENERAL.—The Administrator shall issue an order to a registrant of a substance for which testing is required under this subsection, or to a person who manufactures or imports a substance for which testing is required under this subsection, to conduct testing in accordance with the screening program described in paragraph (1), and submit information obtained from the testing to the Administrator, within a reasonable time period that the Administrator determines is sufficient for the generation of the information. Orders.

"(B) PROCEDURES.—To the extent practicable the Administrator shall minimize duplicative testing of the same substance for the same endocrine effect, develop, as appropriate, procedures for fair and equitable sharing of test costs, and develop, as necessary, procedures for handling of confidential business information.

"(C) FAILURE OF REGISTRANTS TO SUBMIT INFORMATION.—

"(i) SUSPENSION.—If a registrant of a substance referred to in paragraph (3)(A) fails to comply with an order under subparagraph (A) of this paragraph, the Administrator shall issue a notice of intent to suspend the sale or distribution of the substance by the registrant. Any suspension proposed under this paragraph shall become final at the end of the 30-day period beginning on the date that the registrant receives the notice of intent to suspend, unless during that period a person adversely affected by the notice requests a hearing or the Administrator determines that the registrant has complied fully with this paragraph. Notice.

"(ii) HEARING.—If a person requests a hearing under clause (i), the hearing shall be conducted in accordance with section 554 of title 5, United States Code. The only matter for resolution at the hearing shall be whether the registrant has failed to comply with an order under subparagraph (A) of this paragraph. A decision by the Administrator after comple-

tion of a hearing shall be considered to be a final agency action.

"(iii) TERMINATION OF SUSPENSIONS.—The Administrator shall terminate a suspension under this subparagraph issued with respect to a registrant if the Administrator determines that the registrant has complied fully with this paragraph.

"(D) NONCOMPLIANCE BY OTHER PERSONS.—Any person (other than a registrant) who fails to comply with an order under subparagraph (A) shall be liable for the same penalties and sanctions as are provided under section 16 of the Toxic Substances Control Act (15 U.S.C. 2601 and following) in the case of a violation referred to in that section. Such penalties and sanctions shall be assessed and imposed in the same manner as provided in such section 16.

"(6) AGENCY ACTION.—In the case of any substance that is found, as a result of testing and evaluation under this section, to have an endocrine effect on humans, the Administrator shall, as appropriate, take action under such statutory authority as is available to the Administrator, including consideration under other sections of this Act, as is necessary to ensure the protection of public health.

"(7) REPORT TO CONGRESS.—Not later than 4 years after the date of enactment of this section, the Administrator shall prepare and submit to Congress a report containing—

"(A) the findings of the Administrator resulting from the screening program described in paragraph (1);

"(B) recommendations for further testing needed to evaluate the impact on human health of the substances tested under the screening program; and

"(C) recommendations for any further actions (including any action described in paragraph (6)) that the Administrator determines are appropriate based on the findings.

"(q) SCHEDULE FOR REVIEW.—

"(1) IN GENERAL.—The Administrator shall review tolerances and exemptions for pesticide chemical residues in effect on the day before the date of the enactment of the Food Quality Protection Act of 1996, as expeditiously as practicable, assuring that—

"(A) 33 percent of such tolerances and exemptions are reviewed within 3 years of the date of enactment of such Act;

"(B) 66 percent of such tolerances and exemptions are reviewed within 6 years of the date of enactment of such Act; and

"(C) 100 percent of such tolerances and exemptions are reviewed within 10 years of the date of enactment of such Act.

Regulations.

In conducting a review of a tolerance or exemption, the Administrator shall determine whether the tolerance or exemption meets the requirements of subsections (b)(2) or (c)(2) and shall, by the deadline for the review of the tolerance or exemption, issue a regulation under subsection (d)(4) or (e)(1) to modify or revoke the tolerance or exemption if the tolerance or exemption does not meet such requirements.

"(2) PRIORITIES.—In determining priorities for reviewing tolerances and exemptions under paragraph (1), the Administrator shall give priority to the review of the tolerances or exemptions that appear to pose the greatest risk to public health.

"(3) PUBLICATION OF SCHEDULE.—Not later than 12 months after the date of the enactment of the Food Quality Protection Act of 1996, the Administrator shall publish a schedule for review of tolerances and exemptions established prior to the date of the enactment of the Food Quality Protection Act of 1996. The determination of priorities for the review of tolerances and exemptions pursuant to this subsection is not a rulemaking and shall not be subject to judicial review, except that failure to take final action pursuant to the schedule established by this paragraph shall be subject to judicial review.

"(r) TEMPORARY TOLERANCE OR EXEMPTION.—The Administrator may, upon the request of any person who has obtained an experimental permit for a pesticide chemical under the Federal Insecticide, Fungicide, and Rodenticide Act or upon the Administrator's own initiative, establish a temporary tolerance or exemption for the pesticide chemical residue for the uses covered by the permit. Subsections (b)(2), (c)(2), (d), and (e) shall apply to actions taken under this subsection.

"(s) SAVINGS CLAUSE.—Nothing in this section shall be construed to amend or modify the provisions of the Toxic Substances Control Act or the Federal Insecticide, Fungicide, and Rodenticide Act.".

SEC. 406. AUTHORIZATION FOR INCREASED MONITORING.

For the fiscal years 1997 through 1999, there is authorized to be appropriated in the aggregate an additional $12,000,000 for increased monitoring by the Secretary of Health and Human Services of pesticide residues in imported and domestic food.

"(B) This paragraph shall not apply to any person who grew the article of food that is adulterated. If the Secretary assesses a civil penalty against any person under this paragraph, the Secretary may not use the criminal authorities under this section to sanction such person for the introduction or delivery for introduction into interstate commerce of the article of food that is adulterated. If the Secretary assesses a civil penalty against any person under this paragraph, the Secretary may not use the seizure authorities of section 304 or the injunction authorities of section 302 with respect to the article of food that is adulterated.

"(C) In a hearing to assess a civil penalty under this paragraph, the presiding officer shall have the same authority with regard

to compelling testimony or production of documents as a presiding officer has under section 408(g)(2)(B). The third sentence of paragraph (3)(A) shall not apply to any investigation under this paragraph.";

Such moneys derived from fees may not be expended in any fiscal year to the extent such moneys derived from fees would exceed money appropriated for use by the Administrator and expended in such year for such costs of reregistration and expedited processing of such applications. The Administrator shall, prior to expending any such moneys derived from fees—

Effective date. Rules and procedures.

104th Congress

An Act

To authorize the extension of nondiscriminatory treatment (most-favored-nation treatment) to the products of Romania.

Aug. 3, 1996
[H.R. 3161]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Exports and imports.
19 USC 2434 note.

SECTION 1. FINDINGS.

The Congress finds that—

(1) Romania emerged from years of brutal Communist dictatorship in 1989 and approved a new Constitution and elected a Parliament by 1991, laying the foundation for a modern parliamentary democracy charged with guaranteeing fundamental human rights, freedom of expression, and respect for private property;

(2) local elections, parliamentary elections, and presidential elections have been held in Romania, and 1996 will mark the second nationwide presidential elections under the new Constitution;

(3) Romania has undertaken significant economic reforms, including the establishment of a two-tier banking system, the introduction of a modern tax system, the freeing of most prices and elimination of most subsidies, the adoption of a tariff-based trade regime, and the rapid privatization of industry and nearly all agriculture;

(4) Romania concluded a bilateral investment treaty with the United States in 1993, and both United States investment in Romania and bilateral trade are increasing rapidly;

(5) Romania has received most-favored-nation treatment since 1993, and has been found by the President to be in full compliance with the freedom of emigration requirements under title IV of the Trade Act of 1974;

(6) Romania is a member of the World Trade Organization and extension of unconditional most-favored-nation treatment to the products of Romania would enable the United States to avail itself of all rights under the World Trade Organization with respect to Romania; and

(7) Romania has demonstrated a strong desire to build friendly relationships and to cooperate fully with the United States on trade matters.

SEC. 2. TERMINATION OF APPLICATION OF TITLE IV OF THE TRADE ACT OF 1974 TO ROMANIA.

19 USC 2434 note.

(a) PRESIDENTIAL DETERMINATIONS AND EXTENSION OF NONDISCRIMINATORY TREATMENT.—Notwithstanding any provision of

title IV of the Trade Act of 1974 (19 U.S.C. 2431 et seq.), the President may—

(1) determine that such title should no longer apply to Romania; and

(2) after making a determination under paragraph (1), proclaim the extension of nondiscriminatory treatment (most-favored-nation treatment) to the products of that country.

(b) TERMINATION OF APPLICATION OF TITLE IV.—On and after the effective date of the extension under subsection (a)(2) of nondiscriminatory treatment to the products of Romania, title IV of the Trade Act of 1974 shall cease to apply to that country.

Public Law 104–172
104th Congress

An Act

To impose sanctions on persons making certain investments directly and significantly contributing to the enhancement of the ability of Iran or Libya to develop its petroleum resources, and on persons exporting certain items that enhance Libya's weapons or aviation capabilities or enhance Libya's ability to develop its petroleum resources, and for other purposes.

Aug. 5, 1996
[H.R. 3107]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Iran and Libya Sanctions Act of 1996.
50 USC 1701 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Iran and Libya Sanctions Act of 1996".

SEC. 2. FINDINGS.

50 USC 1701 note.

The Congress makes the following findings:

(1) The efforts of the Government of Iran to acquire weapons of mass destruction and the means to deliver them and its support of acts of international terrorism endanger the national security and foreign policy interests of the United States and those countries with which the United States shares common strategic and foreign policy objectives.

(2) The objective of preventing the proliferation of weapons of mass destruction and acts of international terrorism through existing multilateral and bilateral initiatives requires additional efforts to deny Iran the financial means to sustain its nuclear, chemical, biological, and missile weapons programs.

(3) The Government of Iran uses its diplomatic facilities and quasi-governmental institutions outside of Iran to promote acts of international terrorism and assist its nuclear, chemical, biological, and missile weapons programs.

(4) The failure of the Government of Libya to comply with Resolutions 731, 748, and 883 of the Security Council of the United Nations, its support of international terrorism, and its efforts to acquire weapons of mass destruction constitute a threat to international peace and security that endangers the national security and foreign policy interests of the United States and those countries with which it shares common strategic and foreign policy objectives.

SEC. 3. DECLARATION OF POLICY.

50 USC 1701 note.

(a) POLICY WITH RESPECT TO IRAN.—The Congress declares that it is the policy of the United States to deny Iran the ability to support acts of international terrorism and to fund the development and acquisition of weapons of mass destruction and the means to deliver them by limiting the development of Iran's ability to

explore for, extract, refine, or transport by pipeline petroleum resources of Iran.

(b) POLICY WITH RESPECT TO LIBYA.—The Congress further declares that it is the policy of the United States to seek full compliance by Libya with its obligations under Resolutions 731, 748, and 883 of the Security Council of the United Nations, including ending all support for acts of international terrorism and efforts to develop or acquire weapons of mass destruction.

President. 50 USC 1701 note.

SEC. 4. MULTILATERAL REGIME.

(a) MULTILATERAL NEGOTIATIONS.—In order to further the objectives of section 3, the Congress urges the President to commence immediately diplomatic efforts, both in appropriate international fora such as the United Nations, and bilaterally with allies of the United States, to establish a multilateral sanctions regime against Iran, including provisions limiting the development of petroleum resources, that will inhibit Iran's efforts to carry out activities described in section 2.

(b) REPORTS TO CONGRESS.—The President shall report to the appropriate congressional committees, not later than 1 year after the date of the enactment of this Act, and periodically thereafter, on the extent that diplomatic efforts described in subsection (a) have been successful. Each report shall include—

(1) the countries that have agreed to undertake measures to further the objectives of section 3 with respect to Iran, and a description of those measures; and

(2) the countries that have not agreed to measures described in paragraph (1), and, with respect to those countries, other measures (in addition to that provided in subsection (d)) the President recommends that the United States take to further the objectives of section 3 with respect to Iran.

(c) WAIVER.—The President may waive the application of section 5(a) with respect to nationals of a country if—

(1) that country has agreed to undertake substantial measures, including economic sanctions, that will inhibit Iran's efforts to carry out activities described in section 2 and information required by subsection (b)(1) has been included in a report submitted under subsection (b); and

Notification.

(2) the President, at least 30 days before the waiver takes effect, notifies the appropriate congressional committees of his intention to exercise the waiver.

(d) ENHANCED SANCTION.—

(1) SANCTION.—With respect to nationals of countries except those with respect to which the President has exercised the waiver authority of subsection (c), at any time after the first report is required to be submitted under subsection (b), section 5(a) shall be applied by substituting "$20,000,000" for "$40,000,000" each place it appears, and by substituting "$5,000,000" for "$10,000,000".

(2) REPORT TO CONGRESS.—The President shall report to the appropriate congressional committees any country with respect to which paragraph (1) applies.

(e) INTERIM REPORT ON MULTILATERAL SANCTIONS; MONITORING.—The President, not later than 90 days after the date of the enactment of this Act, shall report to the appropriate congressional committees on—

(1) whether the member states of the European Union, the Republic of Korea, Australia, Israel, or Japan have legislative or administrative standards providing for the imposition of trade sanctions on persons or their affiliates doing business or having investments in Iran or Libya;

(2) the extent and duration of each instance of the application of such sanctions; and

(3) the disposition of any decision with respect to such sanctions by the World Trade Organization or its predecessor organization.

SEC. 5. IMPOSITION OF SANCTIONS.

President. 50 USC 1701 note.

"Whereas the signatory parties hereto desire to provide for joint natural resource management and enforcement of laws and regulations pertaining to natural resources and boating at the Jennings Randolph Lake Project lying in Garrett County, Maryland and Mineral County, West Virginia, for which they have a joint responsibility; and they declare as follows:

"1. The Congress, under Public Law 87–874, authorized the development of the Jennings Randolph Lake Project for the North Branch of the Potomac River substantially in accordance with House Document Number 469, 87th Congress, 2nd Session for flood control, water supply, water quality, and recreation; and

fish and wildlife of the State(s) in which such area is situated; and

"3. Pursuant to the authorities cited above, the U.S. Army Engineer District (Baltimore), hereinafter 'District', did construct and now maintains and operates the Jennings Randolph Lake Project; and

"4. The National Environmental Policy Act of 1969 (P.L. 91–190) encourages productive and enjoyable harmony between man and his environment, promotes efforts which will stimulate the health and welfare of man, and encourages cooperation with State and local governments to achieve these ends; and

"5. The Fish and Wildlife Coordination Act (16 U.S.C. 661–666c) provides for the consideration and coordination with other features of water-resource development programs through the effectual and harmonious planning, development, maintenance, and coordination of wildlife conservation and rehabilitation; and

"7. In the respective States, the Maryland Department of Natural Resources (hereinafter referred to as 'Maryland DNR') and the West Virginia Division of Natural Resources (hereinafter referred to as 'West Virginia DNR') are responsible for providing a system of control, propagation, management, protection, and regulation of natural resources and boating in Maryland and West Virginia and the enforcement of laws and regulations pertaining to those resources as provided in Annotated Code of Maryland Natural Resources Article and West Virginia Chapter 20, respectively, and the successors thereof; and

"Now, therefore, be it *Resolved,* That the States of Maryland and West Virginia, with the concurrence of the United States Department of the Army, Corps of Engineers, hereby solemnly covenant and agree with each other, upon enactment of concurrent legislation by The Congress of the United States and by the respective state legislatures, to the Jennings Randolph Lake Project Compact, which consists of this preamble and the articles that follow:

"2. The lands and waters of the Jennings Randolph Lake Project are subject to the sovereign rights and responsibilities of the signatory parties, and it is the purpose of this compact that, notwithstanding any boundary between Maryland and West Virginia that preexisted the creation of Jennings Randolph Lake, the parties will have and exercise concurrent jurisdiction over any lands and waters of the Jennings Randolph Lake Project concerning natural resources and boating laws and regulations in the common interest of the people of the region.

"Article II—District Responsibilities

All buoys, aids to navigation and regulatory markers to be used shall be marked in conformance with the Uniform State Waterway Marking System,

"2.6 Agrees to allow hunting, trapping, boating and fishing by the public in accordance with the laws and regulations relating to the Jennings Randolph Lake Project,

In case of emergency releases or emergency flow curtailments, telephone or oral notification will be provided. The District reserves the right, following issuance of the above notice, to make operational and other tests which may be necessary to insure the safe and efficient operation of the dam, for inspection and maintenance purposes, and for the gathering of water quality data both within the impoundment and in the Potomac River downstream from the dam.

"Article III—State Responsibilities

It is the legislative intent that the provisions of the Compact be reasonably and liberally construed to effectuate the stated purposes of the Compact.

Joint Resolution

Granting the consent of Congress to the Mutual Aid Agreement between the city of Bristol, Virginia, and the city of Bristol, Tennessee.

Aug. 6, 1996
[H.J. Res. 166]

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONGRESSIONAL CONSENT.

The Congress consents to the Mutual Aid Agreement entered into between the city of Bristol, Virginia, and the city of Bristol, Tennessee. The agreement reads as follows:

"THIS MUTUAL AID AGREEMENT, made and entered into by and between the CITY OF BRISTOL VIRGINIA, a municipality incorporated under the laws of the Commonwealth of Virginia (hereinafter 'Bristol Virginia'); and the CITY OF BRISTOL TENNESSEE, a municipality incorporated under the laws of the State of Tennessee (hereinafter 'Bristol Tennessee').

"WITNESSETH:

"WHEREAS, Section 15.1–131 of the Code of Virginia and Sections 6–54–307 and 12–9–101 et seq. of the Tennessee Code Annotated authorize Bristol Virginia and Bristol Tennessee to enter into an agreement providing for mutual law enforcement assistance;

"WHEREAS, the two cities desire to avail themselves of the authority conferred by these respective laws;

"WHEREAS, it is the intention of the two cities to enter into mutual assistance commitments with a pre-determined plan by which each city might render aid to the other in case of need, or in case of an emergency which demands law enforcement services to a degree beyond the existing capabilities of either city; and,

"WHEREAS, it is in the public interest of each city to enter into an agreement for mutual assistance in law enforcement to assure adequate protection for each city.

"NOW, THEREFORE, for and in consideration of the mutual promises and the benefits to be derived therefrom, the City of Bristol Virginia and the City of Bristol Tennessee agree as follows:

"1. Each city will respond to calls for law enforcement assistance by the other city only upon request for such assistance made by the senior law enforcement officer on duty for the requesting city, or his designee, in accordance with the terms of this Agreement. All requests for law enforcement assistance shall be directed to the senior law enforcement officer on duty for the city from which aid is requested.

"2. Upon request for law enforcement assistance as provided in Paragraph 1, the senior law enforcement officer on duty in the responding city will authorize a response as follows:

"a. The responding city will attempt to provide at least the following personnel and equipment in response to the request:

"(1) A minimum response of one vehicle and one person.

"(2) A maximum response of fifty percent (50%) of available personnel and resources.

"b. The response will be determined by the severity of the circumstances in the requesting city which prompted such request as determined by the senior law enforcement officer on duty in the responding city after discussion with the senior law enforcement officer on duty in the requesting city. Any decision reached by such senior officer of the responding city as to such response shall be final.

"c. If an emergency exists in the responding city at the time the request is made, or if such an emergency occurs during the course of responding to a request under this Agreement, and if the senior law enforcement officer on duty in the responding city reasonably determines, after a consideration of the severity of the emergency in his jurisdiction, that the responding city cannot comply with the minimal requirements under this Agreement without endangering life or incurring significant property damage in his city, or both, he may choose to use all equipment and personnel in his own jurisdiction. In such event, such officer of the responding city shall immediately attempt to inform the senior law enforcement officer on duty in the requesting city of his decision.

"3. The city which requests mutual aid under this Agreement shall not be deemed liable or responsible for the equipment and other personal property of personnel of the responding city which might be lost, stolen or damaged during the course of responding under the terms of this Agreement.

"4. The city responding to a request for mutual aid under this Agreement assumes all liabilities and responsibility as between the two cities for damage to its own equipment and other personal property. The responding city also assumes all liability and responsibility, as between the two cities, for any damage caused by its own equipment and/or the negligence of its personnel occurring outside the jurisdiction of the requesting city while en route thereto pursuant to a request for assistance under this Agreement, or while returning therefrom.

"5. The city responding under this Agreement assumes no responsibility or liability for damage to property or injury to any person that may occur due to actions taken in responding under this Agreement; all such liability and responsibility shall rest solely with the city requesting such aid and within which boundaries the property exists or the incident occurs, and the requesting party hereby assumes all of such liability and responsibility.

"6. Each city hereby waives any and all claims against the other city which may arise out of their activities in the other city's jurisdiction under this Agreement. To the extent permitted by law, the city requesting assistance under this

Agreement shall indemnify and hold harmless the responding city (and its officers, agents and employees) from any and all claims by third parties for property damage or personal injury which may arise out of the activities of the responding city within the jurisdiction of the requesting city under this Agreement.

"7. The city responding to a request for assistance under this Agreement assumes no responsibility or liability for damage to property or injury to any person that may occur within the jurisdiction of the requesting city due to actions taken in responding under this Agreement. In accordance with Section 15.1–131 of the Code of Virginia and Section 29–20–107(f) of the Tennessee Code Annotated, all personnel of the responding city shall, during such time as they providing assistance in the requesting city under this Agreement, be deemed to be employees of the requesting city for tort liability purposes.

"8. No compensation will be due or paid by either city for mutual aid law enforcement assistance rendered under this Agreement.

"9. Except as provided in Paragraph 7 of this Agreement, neither city will make any claim for compensation against the other city for any loss, damage or personal injury which may occur as a result of law enforcement assistance rendered under this Agreement, and all such rights or claims are hereby expressly waived.

"10. When law enforcement assistance is rendered under this Agreement, the senior law enforcement officer on duty in the requesting city shall in all instances be in command as to strategy, tactics and overall direction of the operations. All orders or directions regarding the operations of the responding party shall be relayed to the senior law enforcement officer in command of the responding city.

"11. Either city may terminate this Agreement upon sixty (60) days' written notice to the other city.

"12. This Agreement shall take effect upon its execution by the Mayor and Chief of Police for each city after approval of the City Council of each city, and upon its approval by the Congress of the United States as provided in Section 15.1–131 of the Code of Virginia. Each city will promptly submit this Agreement to its respective Congressman and Senators for submission to the Congress.". Effective date.

SEC. 2. RIGHT TO ALTER, AMEND, OR REPEAL.

The right to alter, amend, or repeal this joint resolution is hereby expressly reserved by the Congress. The consent granted by this joint resolution shall not be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the region which forms the subject of the agreement.

SEC. 3. CONSTRUCTION AND SEVERABILITY.

It is intended that the provisions of this agreement shall be reasonably and liberally construed to effectuate the purposes thereof. If any part or application of this agreement, or legislation enabling the agreement, is held invalid, the remainder of the agreement or its application to other situations or persons shall not be affected.

42 USC 300f note.

SEC. 3. FINDINGS.

The Congress finds that—

(1) safe drinking water is essential to the protection of public health;

(2) because the requirements of the Safe Drinking Water Act (42 U.S.C. 300f et seq.) now exceed the financial and technical capacity of some public water systems, especially many small public water systems, the Federal Government needs to provide assistance to communities to help the communities meet Federal drinking water requirements;

(3) the Federal Government commits to maintaining and improving its partnership with the States in the administration and implementation of the Safe Drinking Water Act;

(4) States play a central role in the implementation of safe drinking water programs, and States need increased financial resources and appropriate flexibility to ensure the prompt and effective development and implementation of drinking water programs;

(5) the existing process for the assessment and selection of additional drinking water contaminants needs to be revised and improved to ensure that there is a sound scientific basis for setting priorities in establishing drinking water regulations;

(6) procedures for assessing the health effects of contaminants establishing drinking water standards should be revised to provide greater opportunity for public education and participation;

(7) in considering the appropriate level of regulation for contaminants in drinking water, risk assessment, based on sound and objective science, and benefit-cost analysis are important analytical tools for improving the efficiency and effectiveness of drinking water regulations to protect human health;

(8) more effective protection of public health requires—

(A) a Federal commitment to set priorities that will allow scarce Federal, State, and local resources to be targeted toward the drinking water problems of greatest public health concern;

(B) maximizing the value of the different and complementary strengths and responsibilities of the Federal and State governments in those States that have primary enforcement responsibility for the Safe Drinking Water Act; and

(C) prevention of drinking water contamination through well-trained system operators, water systems with adequate managerial, technical, and financial capacity, and enhanced protection of source waters of public water systems;

(9) compliance with the requirements of the Safe Drinking Water Act continues to be a concern at public water systems experiencing technical and financial limitations, and Federal, State, and local governments need more resources and more effective authority to attain the objectives of the Safe Drinking Water Act; and

(10) consumers served by public water systems should be provided with information on the source of the water they are drinking and its quality and safety, as well as prompt notification of any violation of drinking water regulations.

TITLE I—AMENDMENTS TO SAFE DRINKING WATER ACT

(B) by adding at the end the following: "At any time after promulgation of a regulation referred to in this paragraph, the Administrator may add equally effective quality control and testing procedures by guidance published in the Federal Register. (4) By adding at the end the following:

"(ii) IRRIGATION DISTRICTS.—An irrigation district in existence prior to May 18, 1994, that provides primarily agricultural service through a piped water system with only incidental residential or similar use shall not be considered to be a public water system if the system or the residential or similar users of the system comply with subclause (II) or (III) of clause (i).

"(C) TRANSITION PERIOD.—A water supplier that would be a public water system only as a result of modifications made to this paragraph by the Safe Drinking Water Act Amendments of 1996 shall not be considered a public water system for purposes of the Act until the date that is two years after the date of enactment of this subparagraph. If a water supplier does not serve 15 service connections (as defined in subparagraphs (A) and (B)) or 25 people at any time after the conclusion of the 2-year period, the water supplier shall not be considered a public water system.".

(2) GAO STUDY.—The Comptroller General of the United States shall undertake a study to— 42 USC 300f note.

(A) ascertain the numbers and locations of individuals and households relying for their residential water needs, including drinking, bathing, and cooking (or other similar uses) on irrigation water systems, mining water systems, industrial water systems, or other water systems covered by section 1401(4)(B) of the Safe Drinking Water Act that are not public water systems subject to the Safe Drinking Water Act;

(B) determine the sources and costs and affordability (to users and systems) of water used by such populations for their residential water needs; and

(C) review State and water system compliance with the exclusion provisions of section 1401(4)(B) of such Act.

The Comptroller General shall submit a report to the Congress within 3 years after the date of enactment of this Act containing the results of such study. Reports.

SEC. 102. GENERAL AUTHORITY.

(a) STANDARDS.—Section 1412(b) (42 U.S.C. 300g–1(b)) is amended by striking "(b)(1)" and all that follows through the end of paragraph (3) and inserting the following:

"(b) STANDARDS.—

"(1) IDENTIFICATION OF CONTAMINANTS FOR LISTING.—

"(A) GENERAL AUTHORITY.—The Administrator shall, in accordance with the procedures established by this subsection, publish a maximum contaminant level goal and Publication. Regulations.

promulgate a national primary drinking water regulation for a contaminant (other than a contaminant referred to in paragraph (2) for which a national primary drinking water regulation has been promulgated as of the date of enactment of the Safe Drinking Water Act Amendments of 1996) if the Administrator determines that—

"(i) the contaminant may have an adverse effect on the health of persons;

"(ii) the contaminant is known to occur or there is a substantial likelihood that the contaminant will occur in public water systems with a frequency and at levels of public health concern; and

"(iii) in the sole judgment of the Administrator, regulation of such contaminant presents a meaningful opportunity for health risk reduction for persons served by public water systems.

"(B) REGULATION OF UNREGULATED CONTAMINANTS.—

Publication.

"(i) LISTING OF CONTAMINANTS FOR CONSIDERATION.—(I) Not later than 18 months after the date of enactment of the Safe Drinking Water Act Amendments of 1996 and every 5 years thereafter, the Administrator, after consultation with the scientific community, including the Science Advisory Board, after notice and opportunity for public comment, and after considering the occurrence data base established under section 1445(g), shall publish a list of contaminants which, at the time of publication, are not subject to any proposed or promulgated national primary drinking water regulation, which are known or anticipated to occur in public water systems, and which may require regulation under this title.

"(II) The unregulated contaminants considered under subclause (I) shall include, but not be limited to, substances referred to in section 101(14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, and substances registered as pesticides under the Federal Insecticide, Fungicide, and Rodenticide Act.

"(III) The Administrator's decision whether or not to select an unregulated contaminant for a list under this clause shall not be subject to judicial review.

"(ii) DETERMINATION TO REGULATE.—(I) Not later than 5 years after the date of enactment of the Safe Drinking Water Act Amendments of 1996, and every 5 years thereafter, the Administrator shall, after notice of the preliminary determination and opportunity for public comment, for not fewer than 5 contaminants included on the list published under clause (i), make determinations of whether or not to regulate such contaminants.

"(II) A determination to regulate a contaminant shall be based on findings that the criteria of clauses (i), (ii), and (iii) of subparagraph (A) are satisfied. Such findings shall be based on the best available public health information, including the occurrence data base established under section 1445(g).

"(III) The Administrator may make a determination to regulate a contaminant that does not appear on a list under clause (i) if the determination to regulate is made pursuant to subclause (II).

"(IV) A determination under this clause not to regulate a contaminant shall be considered final agency action and subject to judicial review.

"(iii) REVIEW.—Each document setting forth the determination for a contaminant under clause (ii) shall be available for public comment at such time as the determination is published.

"(C) PRIORITIES.—In selecting unregulated contaminants for consideration under subparagraph (B), the Administrator shall select contaminants that present the greatest public health concern. The Administrator, in making such selection, shall take into consideration, among other factors of public health concern, the effect of such contaminants upon subgroups that comprise a meaningful portion of the general population (such as infants, children, pregnant women, the elderly, individuals with a history of serious illness, or other subpopulations) that are identifiable as being at greater risk of adverse health effects due to exposure to contaminants in drinking water than the general population.

"(D) URGENT THREATS TO PUBLIC HEALTH.—The Administrator may promulgate an interim national primary drinking water regulation for a contaminant without making a determination for the contaminant under paragraph (4)(C), or completing the analysis under paragraph (3)(C), to address an urgent threat to public health as determined by the Administrator after consultation with and written response to any comments provided by the Secretary of Health and Human Services, acting through the director of the Centers for Disease Control and Prevention or the director of the National Institutes of Health. A determination for any contaminant in accordance with paragraph (4)(C) subject to an interim regulation under this subparagraph shall be issued, and a completed analysis meeting the requirements of paragraph (3)(C) shall be published, not later than 3 years after the date on which the regulation is promulgated and the regulation shall be repromulgated, or revised if appropriate, not later than 5 years after that date. Publication.

"(E) REGULATION.—For each contaminant that the Administrator determines to regulate under subparagraph (B), the Administrator shall publish maximum contaminant level goals and promulgate, by rule, national primary drinking water regulations under this subsection. The Administrator shall propose the maximum contaminant level goal and national primary drinking water regulation for a contaminant not later than 24 months after the determination to regulate under subparagraph (B), and may publish such proposed regulation concurrent with the determination to regulate. The Administrator shall publish a maximum contaminant level goal and promulgate a national primary drinking water regulation within 18 months after the proposal thereof. The Administrator, by notice in the Publication. Federal Register, publication.

Federal Register, may extend the deadline for such promulgation for up to 9 months.

"(F) HEALTH ADVISORIES AND OTHER ACTIONS.—The Administrator may publish health advisories (which are not regulations) or take other appropriate actions for contaminants not subject to any national primary drinking water regulation.

"(2) SCHEDULES AND DEADLINES.—

Publication. Regulations.

"(A) IN GENERAL.—In the case of the contaminants listed in the Advance Notice of Proposed Rulemaking published in volume 47, Federal Register, page 9352, and in volume 48, Federal Register, page 45502, the Administrator shall publish maximum contaminant level goals and promulgate national primary drinking water regulations—

"(i) not later than 1 year after June 19, 1986, for not fewer than 9 of the listed contaminants;

"(ii) not later than 2 years after June 19, 1986, for not fewer than 40 of the listed contaminants; and

"(iii) not later than 3 years after June 19, 1986, for the remainder of the listed contaminants.

"(B) SUBSTITUTION OF CONTAMINANTS.—If the Administrator identifies a drinking water contaminant the regulation of which, in the judgment of the Administrator, is more likely to be protective of public health (taking into account the schedule for regulation under subparagraph (A)) than a contaminant referred to in subparagraph (A), the Administrator may publish a maximum contaminant level goal and promulgate a national primary drinking water regulation for the identified contaminant in lieu of regulating the contaminant referred to in subparagraph (A). Substitutions may be made for not more than 7 contaminants referred to in subparagraph (A). Regulation of a contaminant identified under this subparagraph shall be in accordance with the schedule applicable to the contaminant for which the substitution is made.

Rules.

"(C) DISINFECTANTS AND DISINFECTION BYPRODUCTS.—The Administrator shall promulgate an Interim Enhanced Surface Water Treatment Rule, a Final Enhanced Surface Water Treatment Rule, a Stage I Disinfectants and Disinfection Byproducts Rule, and a Stage II Disinfectants and Disinfection Byproducts Rule in accordance with the schedule published in volume 59, Federal Register, page 6361 (February 10, 1994), in table III.13 of the proposed Information Collection Rule. If a delay occurs with respect to the promulgation of any rule in the schedule referred to in this subparagraph, all subsequent rules shall be completed as expeditiously as practicable but no later than a revised date that reflects the interval or intervals for the rules in the schedule.".

42 USC 300g–1 note.

(b) APPLICABILITY OF PRIOR REQUIREMENTS.—The requirements of subparagraphs (C) and (D) of section 1412(b)(3) of the Safe Drinking Water Act as in effect before the date of enactment of this Act, and any obligation to promulgate regulations pursuant to such subparagraphs not promulgated as of the date of enactment of this Act, are superseded by the amendments made by subsection (a).

(c) CONFORMING AMENDMENTS.—(1) Section 1415(d) (42 U.S.C. 300g–4(d)) is amended by striking "1412(b)(3)" and inserting "1412(b)".

(2) Section 1412(a)(3) (42 U.S.C. 300g–1(a)(3)) is amended by striking "paragraph (1), (2), or (3) of" in each place it appears.

SEC. 103. RISK ASSESSMENT, MANAGEMENT, AND COMMUNICATION.

Section 1412(b) (42 U.S.C. 300g–1(b)) is amended by inserting after paragraph (2) the following:

"(3) RISK ASSESSMENT, MANAGEMENT, AND COMMUNICATION.—

"(A) USE OF SCIENCE IN DECISIONMAKING.—In carrying out this section, and, to the degree that an Agency action is based on science, the Administrator shall use—

"(i) the best available, peer-reviewed science and supporting studies conducted in accordance with sound and objective scientific practices; and

"(ii) data collected by accepted methods or best available methods (if the reliability of the method and the nature of the decision justifies use of the data).

"(B) PUBLIC INFORMATION.—In carrying out this section, the Administrator shall ensure that the presentation of information on public health effects is comprehensive, informative, and understandable. The Administrator shall, in a document made available to the public in support of a regulation promulgated under this section, specify, to the extent practicable—

"(i) each population addressed by any estimate of public health effects;

"(ii) the expected risk or central estimate of risk for the specific populations;

"(iii) each appropriate upper-bound or lower-bound estimate of risk;

"(iv) each significant uncertainty identified in the process of the assessment of public health effects and studies that would assist in resolving the uncertainty; and

"(v) peer-reviewed studies known to the Administrator that support, are directly relevant to, or fail to support any estimate of public health effects and the methodology used to reconcile inconsistencies in the scientific data.

"(C) HEALTH RISK REDUCTION AND COST ANALYSIS.—

"(i) MAXIMUM CONTAMINANT LEVELS.—When proposing any national primary drinking water regulation that includes a maximum contaminant level, the Administrator shall, with respect to a maximum contaminant level that is being considered in accordance with paragraph (4) and each alternative maximum contaminant level that is being considered pursuant to paragraph (5) or (6)(A), publish, seek public comment on, and use for the purposes of paragraphs (4), (5), and (6) an analysis of each of the following: Publication.

"(I) Quantifiable and nonquantifiable health risk reduction benefits for which there is a factual basis in the rulemaking record to conclude that

such benefits are likely to occur as the result of treatment to comply with each level.

"(II) Quantifiable and nonquantifiable health risk reduction benefits for which there is a factual basis in the rulemaking record to conclude that such benefits are likely to occur from reductions in co-occurring contaminants that may be attributed solely to compliance with the maximum contaminant level, excluding benefits resulting from compliance with other proposed or promulgated regulations.

"(III) Quantifiable and nonquantifiable costs for which there is a factual basis in the rulemaking record to conclude that such costs are likely to occur solely as a result of compliance with the maximum contaminant level, including monitoring, treatment, and other costs and excluding costs resulting from compliance with other proposed or promulgated regulations.

"(IV) The incremental costs and benefits associated with each alternative maximum contaminant level considered.

"(V) The effects of the contaminant on the general population and on groups within the general population such as infants, children, pregnant women, the elderly, individuals with a history of serious illness, or other subpopulations that are identified as likely to be at greater risk of adverse health effects due to exposure to contaminants in drinking water than the general population.

"(VI) Any increased health risk that may occur as the result of compliance, including risks associated with co-occurring contaminants.

"(VII) Other relevant factors, including the quality and extent of the information, the uncertainties in the analysis supporting subclauses (I) through (VI), and factors with respect to the degree and nature of the risk.

Publication.

"(ii) TREATMENT TECHNIQUES.—When proposing a national primary drinking water regulation that includes a treatment technique in accordance with paragraph (7)(A), the Administrator shall publish and seek public comment on an analysis of the health risk reduction benefits and costs likely to be experienced as the result of compliance with the treatment technique and alternative treatment techniques that are being considered, taking into account, as appropriate, the factors described in clause (i).

"(iii) APPROACHES TO MEASURE AND VALUE BENEFITS.—The Administrator may identify valid approaches for the measurement and valuation of benefits under this subparagraph, including approaches to identify consumer willingness to pay for reductions in health risks from drinking water contaminants.

"(iv) AUTHORIZATION.—There are authorized to be appropriated to the Administrator, acting through the Office of Ground Water and Drinking Water, to conduct

studies, assessments, and analyses in support of regulations or the development of methods, $35,000,000 for each of fiscal years 1996 through 2003.".

SEC. 104. STANDARD-SETTING.

(a) IN GENERAL.—Section 1412(b) (42 U.S.C. 300g–1(b)) is amended as follows:

(1) In paragraph (4)—

(A) by striking "(4) Each" and inserting the following:
"(4) GOALS AND STANDARDS.—
"(A) MAXIMUM CONTAMINANT LEVEL GOALS.—Each";

(B) in the last sentence—

(i) by striking "Each national" and inserting the following:
"(B) MAXIMUM CONTAMINANT LEVELS.— Except as provided in paragraphs (5) and (6), each national"; and

(ii) by striking "maximum level" and inserting "maximum contaminant level"; and

(C) by adding at the end the following:
"(C) DETERMINATION.—At the time the Administrator proposes a national primary drinking water regulation under this paragraph, the Administrator shall publish a determination as to whether the benefits of the maximum contaminant level justify, or do not justify, the costs based on the analysis conducted under paragraph (3)(C).". Publication.

(2) By striking "(5) For the" and inserting the following:
"(D) DEFINITION OF FEASIBLE.—For the".

(3) In the second sentence of paragraph (4)(D) (as so designated), by striking "paragraph (4)" and inserting "this paragraph".

(4) By striking "(6) Each national" and inserting the following:
"(E) FEASIBLE TECHNOLOGIES.—
"(i) IN GENERAL.—Each national".

(5) In paragraph (4)(E)(i) (as so designated), by striking "this paragraph" and inserting "this subsection".

(6) By inserting after paragraph (4) (as so amended) the following:
"(5) ADDITIONAL HEALTH RISK CONSIDERATIONS.—
"(A) IN GENERAL.—Notwithstanding paragraph (4), the Administrator may establish a maximum contaminant level for a contaminant at a level other than the feasible level, if the technology, treatment techniques, and other means used to determine the feasible level would result in an increase in the health risk from drinking water by—
"(i) increasing the concentration of other contaminants in drinking water; or
"(ii) interfering with the efficacy of drinking water treatment techniques or processes that are used to comply with other national primary drinking water regulations.
"(B) ESTABLISHMENT OF LEVEL.—If the Administrator establishes a maximum contaminant level or levels or requires the use of treatment techniques for any contaminant or contaminants pursuant to the authority of this paragraph—

"(i) the level or levels or treatment techniques shall minimize the overall risk of adverse health effects by balancing the risk from the contaminant and the risk from other contaminants the concentrations of which may be affected by the use of a treatment technique or process that would be employed to attain the maximum contaminant level or levels; and

"(ii) the combination of technology, treatment techniques, or other means required to meet the level or levels shall not be more stringent than is feasible (as defined in paragraph (4)(D)).

"(6) ADDITIONAL HEALTH RISK REDUCTION AND COST CONSIDERATIONS.—

"(A) IN GENERAL.—Notwithstanding paragraph (4), if the Administrator determines based on an analysis conducted under paragraph (3)(C) that the benefits of a maximum contaminant level promulgated in accordance with paragraph (4) would not justify the costs of complying with the level, the Administrator may, after notice and opportunity for public comment, promulgate a maximum contaminant level for the contaminant that maximizes health risk reduction benefits at a cost that is justified by the benefits.

"(B) EXCEPTION.—The Administrator shall not use the authority of this paragraph to promulgate a maximum contaminant level for a contaminant, if the benefits of compliance with a national primary drinking water regulation for the contaminant that would be promulgated in accordance with paragraph (4) experienced by—

"(i) persons served by large public water systems; and

"(ii) persons served by such other systems as are unlikely, based on information provided by the States, to receive a variance under section 1415(e) (relating to small system variances);

would justify the costs to the systems of complying with the regulation. This subparagraph shall not apply if the contaminant is found almost exclusively in small systems eligible under section 1415(e) for a small system variance.

"(C) DISINFECTANTS AND DISINFECTION BYPRODUCTS.—The Administrator may not use the authority of this paragraph to establish a maximum contaminant level in a Stage I or Stage II national primary drinking water regulation (as described in paragraph (2)(C)) for contaminants that are disinfectants or disinfection byproducts, or to establish a maximum contaminant level or treatment technique requirement for the control of cryptosporidium. The authority of this paragraph may be used to establish regulations for the use of disinfection by systems relying on ground water sources as required by paragraph (8).

"(D) JUDICIAL REVIEW.—A determination by the Administrator that the benefits of a maximum contaminant level or treatment requirement justify or do not justify the costs of complying with the level shall be reviewed by the court pursuant to section 1448 only as part of a review of a final national primary drinking water regulation that has been promulgated based on the determination

and shall not be set aside by the court under that section unless the court finds that the determination is arbitrary and capricious.".

(b) DISINFECTANTS AND DISINFECTION BYPRODUCTS.—The Administrator of the Environmental Protection Agency may use the authority of section 1412(b)(5) of the Safe Drinking Water Act (as amended by this Act) to promulgate the Stage I and Stage II Disinfectants and Disinfection Byproducts Rules as proposed in volume 59, Federal Register, page 38668 (July 29, 1994). The considerations used in the development of the July 29, 1994, proposed national primary drinking water regulation on disinfectants and disinfection byproducts shall be treated as consistent with such section 1412(b)(5) for purposes of such Stage I and Stage II rules. 42 USC 300g–1 note.

(c) REVIEW OF STANDARDS.—Section 1412(b)(9) (42 U.S.C. 300g–1(b)(9)) is amended to read as follows:

"(9) REVIEW AND REVISION.—The Administrator shall, not less often than every 6 years, review and revise, as appropriate, each national primary drinking water regulation promulgated under this title. Any revision of a national primary drinking water regulation shall be promulgated in accordance with this section, except that each revision shall maintain, or provide for greater, protection of the health of persons.".

SEC. 105. TREATMENT TECHNOLOGIES FOR SMALL SYSTEMS.

Section 1412(b)(4)(E) (42 U.S.C. 300g–1(b)(4)(E)) is amended by adding at the end the following:

"(ii) LIST OF TECHNOLOGIES FOR SMALL SYSTEMS.—The Administrator shall include in the list any technology, treatment technique, or other means that is affordable, as determined by the Administrator in consultation with the States, for small public water systems serving—

"(I) a population of 10,000 or fewer but more than 3,300;

"(II) a population of 3,300 or fewer but more than 500; and

"(III) a population of 500 or fewer but more than 25;

and that achieves compliance with the maximum contaminant level or treatment technique, including packaged or modular systems and point-of-entry or point-of-use treatment units. Point-of-entry and point-of-use treatment units shall be owned, controlled and maintained by the public water system or by a person under contract with the public water system to ensure proper operation and maintenance and compliance with the maximum contaminant level or treatment technique and equipped with mechanical warnings to ensure that customers are automatically notified of operational problems. The Administrator shall not include in the list any point-of-use treatment technology, treatment technique, or other means to achieve compliance with a maximum contaminant level or treatment technique requirement for a microbial contaminant (or an indicator of a microbial contaminant). If the American National Standards Institute

has issued product standards applicable to a specific type of point-of-entry or point-of-use treatment unit, individual units of that type shall not be accepted for compliance with a maximum contaminant level or treatment technique requirement unless they are independently certified in accordance with such standards. In listing any technology, treatment technique, or other means pursuant to this clause, the Administrator shall consider the quality of the source water to be treated.

"(iii) LIST OF TECHNOLOGIES THAT ACHIEVE COMPLIANCE.—Except as provided in clause (v), not later than 2 years after the date of enactment of this clause and after consultation with the States, the Administrator shall issue a list of technologies that achieve compliance with the maximum contaminant level or treatment technique for each category of public water systems described in subclauses (I), (II), and (III) of clause (ii) for each national primary drinking water regulation promulgated prior to the date of enactment of this paragraph.

"(iv) ADDITIONAL TECHNOLOGIES.—The Administrator may, at any time after a national primary drinking water regulation has been promulgated, supplement the list of technologies describing additional or new or innovative treatment technologies that meet the requirements of this paragraph for categories of small public water systems described in subclauses (I), (II), and (III) of clause (ii) that are subject to the regulation.

Records.

"(v) TECHNOLOGIES THAT MEET SURFACE WATER TREATMENT RULE.—Within one year after the date of enactment of this clause, the Administrator shall list technologies that meet the Surface Water Treatment Rule for each category of public water systems described in subclauses (I), (II), and (III) of clause (ii).".

SEC. 106. LIMITED ALTERNATIVE TO FILTRATION.

Section 1412(b)(7)(C) (42 U.S.C. 300g–1(b)(7)(C)) is amended by adding the following after clause (iv):

"(v) As an additional alternative to the regulations promulgated pursuant to clauses (i) and (iii), including the criteria for avoiding filtration contained in 40 CFR 141.71, a State exercising primary enforcement responsibility for public water systems may, on a case-by-case basis, and after notice and opportunity for public comment, establish treatment requirements as an alternative to filtration in the case of systems having uninhabited, undeveloped watersheds in consolidated ownership, and having control over access to, and activities in, those watersheds, if the State determines (and the Administrator concurs) that the quality of the source water and the alternative treatment requirements established by the State ensure greater removal or inactivation efficiencies of pathogenic organisms for which national primary drinking water regulations have been promulgated or that are of public health concern than would be achieved by the combination of filtration and chlorine disinfection (in compliance with this section).".

SEC. 107. GROUND WATER DISINFECTION. Regulations.

Paragraph (8) of section 1412(b) (42 U.S.C. 300g–1(b)(8)) is amended by moving the margins of such paragraph 2 ems to the right and by striking the first sentence and inserting the following: "DISINFECTION.—At any time after the end of the 3-year period that begins on the date of enactment of the Safe Drinking Water Act Amendments of 1996, but not later than the date on which the Administrator promulgates a Stage II rulemaking for disinfectants and disinfection byproducts (as described in paragraph (2)(C)), the Administrator shall also promulgate national primary drinking water regulations requiring disinfection as a treatment technique for all public water systems, including surface water systems and, as necessary, ground water systems. After consultation with the States, the Administrator shall (as part of the regulations) promulgate criteria that the Administrator, or a State that has primary enforcement responsibility under section 1413, shall apply to determine whether disinfection shall be required as a treatment technique for any public water system served by ground water.".

SEC. 108. EFFECTIVE DATE FOR REGULATIONS.

Section 1412(b)(10) (42 U.S.C. 300g–1(b)(10)) is amended to read as follows:

"(10) EFFECTIVE DATE.—A national primary drinking water regulation promulgated under this section (and any amendment thereto) shall take effect on the date that is 3 years after the date on which the regulation is promulgated unless the Administrator determines that an earlier date is practicable, except that the Administrator, or a State (in the case of an individual system), may allow up to 2 additional years to comply with a maximum contaminant level or treatment technique if the Administrator or State (in the case of an individual system) determines that additional time is necessary for capital improvements.".

SEC. 109. ARSENIC, SULFATE, AND RADON.

(a) ARSENIC AND SULFATE.—Section 1412(b) (42 U.S.C. 300g–1(b)) is amended by inserting after paragraph (11) the following:

"(12) CERTAIN CONTAMINANTS.—

"(A) ARSENIC.—

"(i) SCHEDULE AND STANDARD.—Notwithstanding the deadlines set forth in paragraph (1), the Administrator shall promulgate a national primary drinking water regulation for arsenic pursuant to this subsection, in accordance with the schedule established by this paragraph.

"(ii) STUDY PLAN.—Not later than 180 days after the date of enactment of this paragraph, the Administrator shall develop a comprehensive plan for study in support of drinking water rulemaking to reduce the uncertainty in assessing health risks associated with exposure to low levels of arsenic. In conducting such study, the Administrator shall consult with the National Academy of Sciences, other Federal agencies, and interested public and private entities.

"(iii) COOPERATIVE AGREEMENTS.—In carrying out the study plan, the Administrator may enter into cooperative agreements with other Federal agencies,

State and local governments, and other interested public and private entities.

"(iv) PROPOSED REGULATIONS.—The Administrator shall propose a national primary drinking water regulation for arsenic not later than January 1, 2000.

"(v) FINAL REGULATIONS.—Not later than January 1, 2001, after notice and opportunity for public comment, the Administrator shall promulgate a national primary drinking water regulation for arsenic.

"(vi) AUTHORIZATION.—There are authorized to be appropriated $2,500,000 for each of fiscal years 1997 through 2000 for the studies required by this paragraph.

"(B) SULFATE.—

"(i) ADDITIONAL STUDY.—Prior to promulgating a national primary drinking water regulation for sulfate, the Administrator and the Director of the Centers for Disease Control and Prevention shall jointly conduct an additional study to establish a reliable dose-response relationship for the adverse human health effects that may result from exposure to sulfate in drinking water, including the health effects that may be experienced by groups within the general population (including infants and travelers) that are potentially at greater risk of adverse health effects as the result of such exposure. The study shall be conducted in consultation with interested States, shall be based on the best available, peer-reviewed science and supporting studies conducted in accordance with sound and objective scientific practices, and shall be completed not later than 30 months after the date of enactment of the Safe Drinking Water Act Amendments of 1996.

"(ii) DETERMINATION.—The Administrator shall include sulfate among the 5 or more contaminants for which a determination is made pursuant to paragraph (3)(B) not later than 5 years after the date of enactment of the Safe Drinking Water Act Amendments of 1996.

"(iii) PROPOSED AND FINAL RULE.—Notwithstanding the deadlines set forth in paragraph (2), the Administrator may, pursuant to the authorities of this subsection and after notice and opportunity for public comment, promulgate a final national primary drinking water regulation for sulfate. Any such regulation shall include requirements for public notification and options for the provision of alternative water supplies to populations at risk as a means of complying with the regulation in lieu of a best available treatment technology or other means.".

(b) RADON.—Section 1412(b) (42 U.S.C. 300g–1(b)) is amended by inserting after paragraph (12) the following:

"(13) RADON IN DRINKING WATER.—

"(A) NATIONAL PRIMARY DRINKING WATER REGULATION.—Notwithstanding paragraph (2), the Administrator shall withdraw any national primary drinking water regulation for radon proposed prior to the date of enactment of this paragraph and shall propose and promulgate a regulation for radon under this section, as amended by the Safe Drinking Water Act Amendments of 1996.

"(B) RISK ASSESSMENT AND STUDIES.—

"(i) ASSESSMENT BY NAS.—Prior to proposing a national primary drinking water regulation for radon, the Administrator shall arrange for the National Academy of Sciences to prepare a risk assessment for radon in drinking water using the best available science in accordance with the requirements of paragraph (3). The risk assessment shall consider each of the risks associated with exposure to radon from drinking water and consider studies on the health effects of radon at levels and under conditions likely to be experienced through residential exposure. The risk assessment shall be peer-reviewed.

"(ii) STUDY OF OTHER MEASURES.—The Administrator shall arrange for the National Academy of Sciences to prepare an assessment of the health risk reduction benefits associated with various mitigation measures to reduce radon levels in indoor air. The assessment may be conducted as part of the risk assessment authorized by clause (i) and shall be used by the Administrator to prepare the guidance and approve State programs under subparagraph (G).

"(iii) OTHER ORGANIZATION.—If the National Academy of Sciences declines to prepare the risk assessment or studies required by this subparagraph, the Administrator shall enter into a contract or cooperative agreement with another independent, scientific organization to prepare such assessments or studies. Contracts.

"(C) HEALTH RISK REDUCTION AND COST ANALYSIS.— Publication.
Not later than 30 months after the date of enactment of this paragraph, the Administrator shall publish, and seek public comment on, a health risk reduction and cost analysis meeting the requirements of paragraph (3)(C) for potential maximum contaminant levels that are being considered for radon in drinking water. The Administrator shall include a response to all significant public comments received on the analysis with the preamble for the proposed rule published under subparagraph (D).

"(D) PROPOSED REGULATION.—Not later than 36 months after the date of enactment of this paragraph, the Administrator shall propose a maximum contaminant level goal and a national primary drinking water regulation for radon pursuant to this section.

"(E) FINAL REGULATION.—Not later than 12 months after the date of the proposal under subparagraph (D), the Administrator shall publish a maximum contaminant level goal and promulgate a national primary drinking water regulation for radon pursuant to this section based on the risk assessment prepared pursuant to subparagraph (B) and the health risk reduction and cost analysis published pursuant to subparagraph (C). In considering the risk assessment and the health risk reduction and cost analysis in connection with the promulgation of such a standard, the Administrator shall take into account the costs and benefits of control programs for radon from other sources.

Regulations.

"(F) ALTERNATIVE MAXIMUM CONTAMINANT LEVEL.—If the maximum contaminant level for radon in drinking water promulgated pursuant to subparagraph (E) is more stringent than necessary to reduce the contribution to radon in indoor air from drinking water to a concentration that is equivalent to the national average concentration of radon in outdoor air, the Administrator shall, simultaneously with the promulgation of such level, promulgate an alternative maximum contaminant level for radon that would result in a contribution of radon from drinking water to radon levels in indoor air equivalent to the national average concentration of radon in outdoor air. If the Administrator promulgates an alternative maximum contaminant level under this subparagraph, the Administrator shall, after notice and opportunity for public comment and in consultation with the States, publish guidelines for State programs, including criteria for multimedia measures to mitigate radon levels in indoor air, to be used by the States in preparing programs under subparagraph (G). The guidelines shall take into account data from existing radon mitigation programs and the assessment of mitigation measures prepared under subparagraph (B).

Publication.
Guidelines.

"(G) MULTIMEDIA RADON MITIGATION PROGRAMS.—

"(i) IN GENERAL.—A State may develop and submit a multimedia program to mitigate radon levels in indoor air for approval by the Administrator under this subparagraph. If, after notice and the opportunity for public comment, such program is approved by the Administrator, public water systems in the State may comply with the alternative maximum contaminant level promulgated under subparagraph (F) in lieu of the maximum contaminant level in the national primary drinking water regulation promulgated under subparagraph (E).

"(ii) ELEMENTS OF PROGRAMS.—State programs may rely on a variety of mitigation measures including public education, testing, training, technical assistance, remediation grant and loan or incentive programs, or other regulatory or nonregulatory measures. The effectiveness of elements in State programs shall be evaluated by the Administrator based on the assessment prepared by the National Academy of Sciences under subparagraph (B) and the guidelines published by the Administrator under subparagraph (F).

"(iii) APPROVAL.—The Administrator shall approve a State program submitted under this paragraph if the health risk reduction benefits expected to be achieved by the program are equal to or greater than the health risk reduction benefits that would be achieved if each public water system in the State complied with the maximum contaminant level promulgated under subparagraph (E). The Administrator shall approve or disapprove a program submitted under this paragraph within 180 days of receipt. A program that is not disapproved during such period shall be deemed approved. A program that is disapproved may be modi-

fied to address the objections of the Administrator and be resubmitted for approval.

"(iv) REVIEW.—The Administrator shall periodically, but not less often than every 5 years, review each multimedia mitigation program approved under this subparagraph to determine whether it continues to meet the requirements of clause (iii) and shall, after written notice to the State and an opportunity for the State to correct any deficiency in the program, withdraw approval of programs that no longer comply with such requirements.

"(v) EXTENSION.—If, within 90 days after the promulgation of an alternative maximum contaminant level under subparagraph (F), the Governor of a State submits a letter to the Administrator committing to develop a multimedia mitigation program under this subparagraph, the effective date of the national primary drinking water regulation for radon in the State that would be applicable under paragraph (10) shall be extended for a period of 18 months.

"(vi) LOCAL PROGRAMS.—In the event that a State chooses not to submit a multimedia mitigation program for approval under this subparagraph or has submitted a program that has been disapproved, any public water system in the State may submit a program for approval by the Administrator according to the same criteria, conditions, and approval process that would apply to a State program. The Administrator shall approve a multimedia mitigation program if the health risk reduction benefits expected to be achieved by the program are equal to or greater than the health risk reduction benefits that would result from compliance by the public water system with the maximum contaminant level for radon promulgated under subparagraph (E).".

SEC. 110. RECYCLING OF FILTER BACKWASH.

Regulations.

Section 1412(b) (42 U.S.C. 300g–1(b)) is amended by adding the following new paragraph after paragraph (13):

"(14) RECYCLING OF FILTER BACKWASH.—The Administrator shall promulgate a regulation to govern the recycling of filter backwash water within the treatment process of a public water system. The Administrator shall promulgate such regulation not later than 4 years after the date of enactment of the Safe Drinking Water Act Amendments of 1996 unless such recycling has been addressed by the Administrator's Enhanced Surface Water Treatment Rule prior to such date.".

SEC. 111. TECHNOLOGY AND TREATMENT TECHNIQUES.

(a) VARIANCE TECHNOLOGIES.—Section 1412(b) (42 U.S.C. 300g–1(b)) is amended by adding the following new paragraph after paragraph (14):

"(15) VARIANCE TECHNOLOGIES.— Regulations.

"(A) IN GENERAL.—At the same time as the Administrator promulgates a national primary drinking water regulation for a contaminant pursuant to this section, the Administrator shall issue guidance or regulations describing the best treatment technologies, treatment techniques,

or other means (referred to in this paragraph as 'variance technology') for the contaminant that the Administrator finds, after examination for efficacy under field conditions and not solely under laboratory conditions, are available and affordable, as determined by the Administrator in consultation with the States, for public water systems of varying size, considering the quality of the source water to be treated. The Administrator shall identify such variance technologies for public water systems serving—

"(i) a population of 10,000 or fewer but more than 3,300;

"(ii) a population of 3,300 or fewer but more than 500; and

"(iii) a population of 500 or fewer but more than 25,

if, considering the quality of the source water to be treated, no treatment technology is listed for public water systems of that size under paragraph (4)(E). Variance technologies identified by the Administrator pursuant to this paragraph may not achieve compliance with the maximum contaminant level or treatment technique requirement of such regulation, but shall achieve the maximum reduction or inactivation efficiency that is affordable considering the size of the system and the quality of the source water. The guidance or regulations shall not require the use of a technology from a specific manufacturer or brand.

"(B) LIMITATION.—The Administrator shall not identify any variance technology under this paragraph, unless the Administrator has determined, considering the quality of the source water to be treated and the expected useful life of the technology, that the variance technology is protective of public health.

"(C) ADDITIONAL INFORMATION.—The Administrator shall include in the guidance or regulations identifying variance technologies under this paragraph any assumptions supporting the public health determination referred to in subparagraph (B), where such assumptions concern the public water system to which the technology may be applied, or its source waters. The Administrator shall provide any assumptions used in determining affordability, taking into consideration the number of persons served by such systems. The Administrator shall provide as much reliable information as practicable on performance, effectiveness, limitations, costs, and other relevant factors including the applicability of variance technology to waters from surface and underground sources.

"(D) REGULATIONS AND GUIDANCE.—Not later than 2 years after the date of enactment of this paragraph and after consultation with the States, the Administrator shall issue guidance or regulations under subparagraph (A) for each national primary drinking water regulation promulgated prior to the date of enactment of this paragraph for which a variance may be granted under section 1415(e). The Administrator may, at any time after a national primary drinking water regulation has been promulgated, issue guidance or regulations describing additional variance technologies. The Administrator shall, not less often than

every 7 years, or upon receipt of a petition supported by substantial information, review variance technologies identified under this paragraph. The Administrator shall issue revised guidance or regulations if new or innovative variance technologies become available that meet the requirements of this paragraph and achieve an equal or greater reduction or inactivation efficiency than the variance technologies previously identified under this subparagraph. No public water system shall be required to replace a variance technology during the useful life of the technology for the sole reason that a more efficient variance technology has been listed under this subparagraph.".

(b) AVAILABILITY OF INFORMATION ON SMALL SYSTEM TECHNOLOGIES.—Section 1445 (42 U.S.C. 300j–4) is amended by adding the following new subsection after subsection (g):

"(h) AVAILABILITY OF INFORMATION ON SMALL SYSTEM TECHNOLOGIES.—For purposes of sections 1412(b)(4)(E) and 1415(e) (relating to small system variance program), the Administrator may request information on the characteristics of commercially available treatment systems and technologies, including the effectiveness and performance of the systems and technologies under various operating conditions. The Administrator may specify the form, content, and submission date of information to be submitted by manufacturers, States, and other interested persons for the purpose of considering the systems and technologies in the development of regulations or guidance under sections 1412(b)(4)(E) and 1415(e).".

(2) By adding at the end the following subsection:

"(c) INTERIM PRIMARY ENFORCEMENT AUTHORITY.—A State that has primary enforcement authority under this section with respect to each existing national primary drinking water regulation shall be considered to have primary enforcement authority with respect to each new or revised national primary drinking water regulation during the period beginning on the effective date of a regulation adopted and submitted by the State with respect to the new or revised national primary drinking water regulation in accordance with subsection (b)(1) and ending at such time as the Administrator makes a determination under subsection (b)(2)(B) with respect to the regulation.".

"(8) REVIEW BY THE ADMINISTRATOR.—

"(A) IN GENERAL.—The Administrator shall periodically review the program of each State that has primary enforcement responsibility for public water systems under section 1413 with respect to variances to determine whether the variances granted by the State comply with the requirements of this subsection. With respect to affordability, the determination of the Administrator shall be limited to whether the variances granted by the State comply with the affordability criteria developed by the State.

"(B) NOTICE AND PUBLICATION.—If the Administrator determines that variances granted by a State are not in compliance with affordability criteria developed by the State and the requirements of this subsection, the Administrator shall notify the State in writing of the deficiencies and make public the determination.

If the Administrator objects to the granting of a variance, the Administrator shall notify the State in writing of each basis for the objection and propose a Notification.

modification to the variance to resolve the concerns of the Administrator. The State shall make the recommended modification or respond in writing to each objection. If the State issues the variance without resolving the concerns of the Administrator, the Administrator may overturn the State decision to grant the variance if the Administrator determines that the State decision does not comply with this subsection.

"(B) PETITION BY CONSUMERS.—Not later than 30 days after a State exercising primary enforcement responsibility for public water systems under section 1413 proposes to grant a variance for a public water system, any person served by the system may petition the Administrator to object to the granting of a variance. The Administrator shall respond to the petition and determine whether to object to the variance under subparagraph (A) not later than 60 days after the receipt of the petition.

"OPERATOR CERTIFICATION

Federal Register, publication. 42 USC 300g–8.

"SEC. 1419. (a) GUIDELINES.—Not later than 30 months after the date of enactment of the Safe Drinking Water Act Amendments of 1996 and in cooperation with the States, the Administrator shall publish guidelines in the Federal Register, after notice and opportunity for comment from interested persons, including States and public water systems, specifying minimum standards for certification (and recertification) of the operators of community and nontransient noncommunity public water systems. Such guidelines shall take into account existing State programs, the complexity of the system, and other factors aimed at providing an effective program at reasonable cost to States and public water systems, taking into account the size of the system.

"(b) STATE PROGRAMS.—Beginning 2 years after the date on which the Administrator publishes guidelines under subsection (a), the Administrator shall withhold 20 percent of the funds a State is otherwise entitled to receive under section 1452 unless the State has adopted and is implementing a program for the certification of operators of community and nontransient noncommunity public water systems that meets the requirements of the guidelines published pursuant to subsection (a) or that has been submitted in compliance with subsection (c) and that has not been disapproved.

"(c) EXISTING PROGRAMS.—For any State exercising primary enforcement responsibility for public water systems or any other State which has an operator certification program, the guidelines under subsection (a) shall allow the State to enforce such program in lieu of the guidelines under subsection (a) if the State submits the program to the Administrator within 18 months after the publication of the guidelines unless the Administrator determines (within 9 months after the State submits the program to the Administrator) that such program is not substantially equivalent to such guidelines. In making this determination, an existing State program shall be presumed to be substantially equivalent to the guidelines, notwithstanding program differences, based on the size of systems or the quality of source water, providing the State program meets the overall public health objectives of the guidelines. If disapproved, the program may be resubmitted within 6 months after receipt of notice of disapproval.

"(d) EXPENSE REIMBURSEMENT.—

"(1) IN GENERAL.—The Administrator shall provide reimbursement for the costs of training, including an appropriate per diem for unsalaried operators, and certification for persons operating systems serving 3,300 persons or fewer that are required to undergo training pursuant to this section.

"(2) STATE GRANTS.—The reimbursement shall be provided through grants to States with each State receiving an amount sufficient to cover the reasonable costs for training all such operators in the State, as determined by the Administrator, to the extent required by this section. Grants received by a State pursuant to this paragraph shall first be used to provide reimbursement for training and certification costs of persons operating systems serving 3,300 persons or fewer. "(8) RESERVATION OF FUNDS BY THE ADMINISTRATOR.—If the Administrator assumes the primary enforcement responsibility of a State public water system supervision program, the Administrator may reserve from funds made available pursuant to this subsection an amount equal to the amount that would otherwise have been provided to the State pursuant to this subsection. The Administrator shall use the funds reserved pursuant to this paragraph to ensure the full and effective administration of a public water system supervision program in the State.

"(9) STATE LOAN FUNDS.—

"(A) RESERVATION OF FUNDS.—For any fiscal year for which the amount made available to the Administrator by appropriations to carry out this subsection is less than the amount that the Administrator determines is necessary to supplement funds made available pursuant to paragraph (8) to ensure the full and effective administration of a public water system supervision program in a State, the Administrator may reserve from the funds made available to the State under section 1452 (relating to State loan funds) an amount that is equal to the amount of the shortfall. This paragraph shall not apply to any State not exercising primary enforcement responsibility for public water systems as of the date of enactment of the Safe Drinking Water Act Amendments of 1996.

"(B) DUTY OF ADMINISTRATOR.—If the Administrator reserves funds from the allocation of a State under subparagraph (A), the Administrator shall carry out in the State each of the activities that would be required of the State if the State had primary enforcement authority under section 1413.".

SEC. 125. MONITORING AND INFORMATION GATHERING.

(a) REVIEW OF EXISTING REQUIREMENTS.—Paragraph (1) of section 1445(a) (42 U.S.C. 300j–4(a)(1)) is amended to read as follows:

Records.

"(1)(A) Every person who is subject to any requirement of this title or who is a grantee, shall establish and maintain such records, make such reports, conduct such monitoring, and provide such information as the Administrator may reasonably require by regulation to assist the Administrator in establishing regulations under this title, in determining whether such person has acted or is acting in compliance with this title, in administering any program of financial assistance under this title, in evaluating the health risks of unregulated contaminants, or in advising the public of such risks. In requiring a public water system to monitor under this subsection, the Administrator may take into consideration the system size and the contaminants likely to be found in the system's drinking water.

"(B) Every person who is subject to a national primary drinking water regulation under section 1412 shall provide such information as the Administrator may reasonably require, after consultation with the State in which such person is located if such State has primary enforcement responsibility for public water systems, on a case-by-case basis, to determine whether such person has acted or is acting in compliance with this title.

"(C) Every person who is subject to a national primary drinking water regulation under section 1412 shall provide such information as the Administrator may reasonably require to assist the Administrator in establishing regulations under section 1412 of this title, after consultation with States and suppliers of water. The Administrator may not require under this subparagraph the installation of treatment equipment or process changes, the testing of treatment technology, or the analysis or processing of monitoring samples, except where the Administrator provides the funding for such activities. Before exercising this authority, the Administrator shall first seek to obtain the information by voluntary submission.

Regulations.

"(D) The Administrator shall not later than 2 years after the date of enactment of this subparagraph, after consultation with public health experts, representatives of the general public, and officials of State and local governments, review the monitoring requirements for not fewer than 12 contaminants identified by the Administrator, and promulgate any necessary modifications.".

(b) MONITORING RELIEF.—Part B is amended by adding the following new section after section 1417 (42 U.S.C. 300g–6):

"MONITORING OF CONTAMINANTS

42 USC 300g–7.

"SEC. 1418. (a) INTERIM MONITORING RELIEF AUTHORITY.—

"(1) IN GENERAL.—A State exercising primary enforcement responsibility for public water systems may modify the monitoring requirements for any regulated or unregulated contaminants for which monitoring is required other than microbial contaminants (or indicators thereof), disinfectants and disinfection byproducts or corrosion byproducts for an interim period to provide that any public water system serving 10,000 persons or fewer shall not be required to conduct additional quarterly monitoring during an interim relief period for such contaminants if—

"(A) monitoring, conducted at the beginning of the period for the contaminant concerned and certified to the State by the public water system, fails to detect the presence of the contaminant in the ground or surface water supplying the public water system; and

"(B) the State, considering the hydrogeology of the area and other relevant factors, determines in writing that the contaminant is unlikely to be detected by further monitoring during such period.

"(2) TERMINATION; TIMING OF MONITORING.—The interim relief period referred to in paragraph (1) shall terminate when permanent monitoring relief is adopted and approved for such State, or at the end of 36 months after the date of enactment of the Safe Drinking Water Act Amendments of 1996, whichever comes first. In order to serve as a basis for interim relief, the monitoring conducted at the beginning of the period must occur at the time determined by the State to be the time of the public water system's greatest vulnerability to the contaminant concerned in the relevant ground or surface water, taking into account in the case of pesticides the time of application of the pesticide for the source water area and the travel time for the pesticide to reach such waters and taking into account, in the case of other contaminants, seasonality of precipitation and contaminant travel time.

"(b) PERMANENT MONITORING RELIEF AUTHORITY.—

"(1) IN GENERAL.—Each State exercising primary enforcement responsibility for public water systems under this title and having an approved source water assessment program may adopt, in accordance with guidance published by the Administrator, tailored alternative monitoring requirements for public water systems in such State (as an alternative to the monitoring requirements for chemical contaminants set forth in the applicable national primary drinking water regulations) where the State concludes that (based on data available at the time of adoption concerning susceptibility, use, occurrence, or wellhead protection, or from the State's drinking water source water assessment program) such alternative monitoring would provide assurance that it complies with the Administrator's guidelines. The State program must be adequate to assure compliance with, and enforcement of, applicable national primary drinking water regulations. Alternative monitoring shall not apply to regulated microbiological contaminants (or indicators thereof), disinfectants and disinfection byproducts, or corrosion byproducts. The preceding sentence is not intended to limit other authority of the Administrator under other provisions of this title to grant monitoring flexibility.

"(2) GUIDELINES.—

"(A) IN GENERAL.—The Administrator shall issue, after notice and comment and at the same time as guidelines are issued for source water assessment under section 1453, guidelines for States to follow in proposing alternative monitoring requirements under paragraph (1) for chemical contaminants. The Administrator shall publish such guidelines in the Federal Register. The guidelines shall assure that the public health will be protected from drinking water contamination. The guidelines shall require that a State alternative monitoring program apply on a contaminant-by-contaminant basis and that, to be eligible for such alternative monitoring program, a public water system must show the State that the contaminant is not present in the drinking water supply or, if present, it is reliably and consistently below the maximum contaminant level.

Federal Register, publication.

"(B) DEFINITION.—For purposes of subparagraph (A), the phrase 'reliably and consistently below the maximum contaminant level' means that, although contaminants have been detected in a water supply, the State has sufficient knowledge of the contamination source and extent of contamination to predict that the maximum contaminant level will not be exceeded. In determining that a contaminant is reliably and consistently below the maximum contaminant level, States shall consider the quality and completeness of data, the length of time covered and the volatility or stability of monitoring results during that time, and the proximity of such results to the maximum contaminant level. Wide variations in the analytical results, or analytical results close to the maximum contaminant level, shall not be considered to be reliably and consistently below the maximum contaminant level.

"(3) EFFECT OF DETECTION OF CONTAMINANTS.—The guidelines issued by the Administrator under paragraph (2) shall require that if, after the monitoring program is in effect and operating, a contaminant covered by the alternative monitoring program is detected at levels at or above the maximum contaminant level or is no longer reliably or consistently below the maximum contaminant level, the public water system must either—

"(A) demonstrate that the contamination source has been removed or that other action has been taken to eliminate the contamination problem; or

"(B) test for the detected contaminant pursuant to the applicable national primary drinking water regulation.

"(4) STATES NOT EXERCISING PRIMARY ENFORCEMENT RESPONSIBILITY.—The Governor of any State not exercising primary enforcement responsibility under section 1413 on the date of enactment of this section may submit to the Administrator a request that the Administrator modify the monitoring requirements established by the Administrator and applicable to public water systems in that State. After consultation with the Governor, the Administrator shall modify the requirements for public water systems in that State if the request of the Governor is in accordance with each of the requirements of this subsection that apply to alternative monitoring requirements established by States that have primary enforcement responsibility. A decision by the Administrator to approve a request under this clause shall be for a period of 3 years and may subsequently be extended for periods of 5 years.

"(c) TREATMENT AS NPDWR.—All monitoring relief granted by a State to a public water system for a regulated contaminant under subsection (a) or (b) shall be treated as part of the national primary drinking water regulation for that contaminant.

"(d) OTHER MONITORING RELIEF.—Nothing in this section shall be construed to affect the authority of the States under applicable national primary drinking water regulations to alter monitoring requirements through waivers or other existing authorities. The Administrator shall periodically review and, as appropriate, revise such authorities.".

(c) UNREGULATED CONTAMINANTS.—Section 1445(a) (42 U.S.C. 300j–4(a)) is amended by striking paragraphs (2) through (8) and inserting the following:

"(2) MONITORING PROGRAM FOR UNREGULATED CONTAMINANTS.—

"(A) ESTABLISHMENT.—The Administrator shall promulgate regulations establishing the criteria for a monitoring program for unregulated contaminants. The regulations shall require monitoring of drinking water supplied by public water systems and shall vary the frequency and schedule for monitoring requirements for systems based on the number of persons served by the system, the source of supply, and the contaminants likely to be found, ensuring that only a representative sample of systems serving 10,000 persons or fewer are required to monitor. Records.

"(ii) GOVERNORS' PETITION.—The Administrator shall include among the list of contaminants for which monitoring is required under this paragraph each contaminant recommended in a petition signed by the Governor of each of 7 or more States, unless the Administrator determines that the action would prevent the listing of other contaminants of a higher public health concern.

"(C) MONITORING PLAN FOR SMALL AND MEDIUM SYSTEMS.—

"(i) IN GENERAL.—Based on the regulations promulgated by the Administrator, each State may develop a representative monitoring plan to assess the occurrence of unregulated contaminants in public water systems that serve a population of 10,000 or fewer in that State. The plan shall require monitoring for systems representative of different sizes, types, and geographic locations in the State.

"(ii) GRANTS FOR SMALL SYSTEM COSTS.—From funds reserved under section 1452(o) or appropriated under subparagraph (H), the Administrator shall pay the reasonable cost of such testing and laboratory analysis as are necessary to carry out monitoring under the plan.

"(D) MONITORING RESULTS.—Each public water system that conducts monitoring of unregulated contaminants pursuant to this paragraph shall provide the results of the monitoring to the primary enforcement authority for the system.

"(E) NOTIFICATION.—Notification of the availability of the results of monitoring programs required under paragraph (2)(A) shall be given to the persons served by the system.

"(F) WAIVER OF MONITORING REQUIREMENT.—The Administrator shall waive the requirement for monitoring for a contaminant under this paragraph in a State, if the State demonstrates that the criteria for listing the contaminant do not apply in that State.

"(G) ANALYTICAL METHODS.—The State may use screening methods approved by the Administrator under subsection (i) in lieu of monitoring for particular contaminants under this paragraph.

"(H) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this paragraph $10,000,000 for each of the fiscal years 1997 through 2003.".

(d) SCREENING METHODS.—Section 1445 (42 U.S.C. 300j–4) is amended by adding the following after subsection (h):

"(2) PUBLIC INPUT.—In establishing the occurrence data base, the Administrator shall solicit recommendations from the Science Advisory Board, the States, and other interested parties concerning the development and maintenance of a national drinking water contaminant occurrence data base, including such issues as the structure and design of the data base, data input parameters and requirements, and the use and interpretation of data.

"(3) USE.—The data shall be used by the Administrator in making determinations under section 1412(b)(1) with respect to the occurrence of a contaminant in drinking water at a level of public health concern.

"(4) PUBLIC RECOMMENDATIONS.—The Administrator shall periodically solicit recommendations from the appropriate officials of the National Academy of Sciences and the States, and any person may submit recommendations to the Administrator, with respect to contaminants that should be included in the national drinking water contaminant occurrence data base, including recommendations with respect to additional unregulated contaminants that should be listed under subsection (a)(2). Any recommendation submitted under this clause shall be accompanied by reasonable documentation that—

"(B) the contaminant poses a risk to public health.

"(5) PUBLIC AVAILABILITY.—The information from the data base shall be available to the public in readily accessible form.

"(6) REGULATED CONTAMINANTS.—With respect to each contaminant for which a national primary drinking water regulation has been established, the data base shall include information on the detection of the contaminant at a quantifiable level in public water systems (including detection of the contaminant at levels not constituting a violation of the maximum contaminant level for the contaminant).

"(7) UNREGULATED CONTAMINANTS.—With respect to contaminants for which a national primary drinking water regulation has not been established, the data base shall include—

"(A) monitoring information collected by public water systems that serve a population of more than 10,000, as required by the Administrator under subsection (a);

"(B) monitoring information collected from a representative sampling of public water systems that serve a population of 10,000 or fewer; and

(a) IN GENERAL.—Section 1447 (42 U.S.C. 300j–6) is amended by redesignating subsection (c) as subsection (d) and by striking subsections (a) and (b) and inserting the following:

"(a) IN GENERAL.—Each department, agency, and instrumentality of the executive, legislative, and judicial branches of the Federal Government—

"(1) owning or operating any facility in a wellhead protection area;

"(2) engaged in any activity at such facility resulting, or which may result, in the contamination of water supplies in any such area;

"(3) owning or operating any public water system; or

"(4) engaged in any activity resulting, or which may result in, underground injection which endangers drinking water (within the meaning of section 1421(d)(2)),

shall be subject to, and comply with, all Federal, State, interstate, and local requirements, both substantive and procedural (including any requirement for permits or reporting or any provisions for injunctive relief and such sanctions as may be imposed by a court to enforce such relief), respecting the protection of such wellhead areas, respecting such public water systems, and respecting any underground injection in the same manner and to the same extent as any person is subject to such requirements, including the payment of reasonable service charges. The Federal, State, interstate, and local substantive and procedural requirements referred to in this subsection include, but are not limited to, all administrative orders and all civil and administrative penalties and fines, regardless of whether such penalties or fines are punitive or coercive in nature or are imposed for isolated, intermittent, or continuing violations. The United States hereby expressly waives any immunity otherwise applicable to the United States with respect to any such substantive or procedural requirement (including, but not limited to, any injunctive relief, administrative order or civil or administrative penalty or fine referred to in the preceding sentence, or reasonable service charge). The reasonable service charges referred to in this subsection include, but are not limited to, fees or charges assessed in connection with the processing and issuance of permits, renewal of permits, amendments to permits, review of plans, studies, and other documents, and inspection and monitoring of facilities, as well as any other nondiscriminatory charges that are assessed in connection with a Federal, State, interstate, or local regulatory program respecting the protection of wellhead areas or public water systems or respecting any underground injection. Neither the United States, nor any agent, employee, or officer thereof, shall be immune or exempt from any process or sanction of any State or Federal Court with respect to the enforcement of any such injunctive relief. No agent, employee, or officer of the United States shall be personally liable for any civil penalty under any Federal, State, interstate, or local law concerning the protection of wellhead areas or public water systems or concerning underground injection with respect to any act or omission within the scope of the official duties of the agent, employee, or officer.

An agent, employee, or officer of the United States shall be subject to any criminal sanction (including, but not limited to, any fine or imprisonment) under any Federal or State requirement adopted pursuant to this title, but no department, agency, or instrumentality of the executive, legislative, or judicial branch of the Federal Government shall be subject to any such sanction. The President may exempt any facility of any department, agency, or instrumentality in the executive branch from compliance with such a requirement if he determines it to be in the paramount interest of the United States to do so. No such exemption shall be granted due to lack of appropriation unless the President shall have specifically requested such appropriation as a part of the budgetary process and the Congress shall have failed to make available such requested appropriation. Any exemption shall be for a period not in excess of 1 year, but additional exemptions may be granted for periods not to exceed 1 year upon the President's making a new determination. The President shall report each January to the Congress all exemptions from the requirements of this section granted during the preceding calendar year, together with his reason for granting each such exemption.

The review may be obtained in the United States District Court for the District of Columbia or in the United States District Court for the district in which the violation is alleged to have occurred by the filing of a complaint with the court within the 30-day period beginning on the date the penalty order becomes final. The person filing the complaint shall simultaneously send a copy of the complaint by certified mail to the Administrator and the Attorney General.

"(B) RECORD.—The Administrator shall promptly file in the court a certified copy of the record on which the order was issued.

"(C) STANDARD OF REVIEW.—The court shall not set aside or remand the order unless the court finds that there is not substantial evidence in the record, taken as a whole, to support the finding of a violation or that the assessment of the penalty by the Administrator constitutes an abuse of discretion.

"(D) PROHIBITION ON ADDITIONAL PENALTIES.—The court may not impose an additional civil penalty for a

violation that is subject to the order unless the court finds that the assessment constitutes an abuse of discretion by the Administrator.

"(c) LIMITATION ON STATE USE OF FUNDS COLLECTED FROM FEDERAL GOVERNMENT.—Unless a State law in effect on the date of enactment of the Safe Drinking Water Act Amendments of 1996 or a State constitution requires the funds to be used in a different manner, all funds collected by a State from the Federal Government from penalties and fines imposed for violation of any substantive or procedural requirement referred to in subsection (a) shall be used by the State only for projects designed to improve or protect the environment or to defray the costs of environmental protection or enforcement.".

Part E (42 U.S.C. 300j et seq.) is amended by adding the following new section after section 1451:

"STATE REVOLVING LOAN FUNDS

42 USC 300j–12.

"SEC. 1452. (a) GENERAL AUTHORITY.—

"(1) GRANTS TO STATES TO ESTABLISH STATE LOAN FUNDS.—

"(A) IN GENERAL.—The Administrator shall offer to enter into agreements with eligible States to make capitalization grants, including letters of credit, to the States under this subsection to further the health protection objectives of this title, promote the efficient use of fund resources, and for other purposes as are specified in this title.

"(B) ESTABLISHMENT OF FUND.—To be eligible to receive a capitalization grant under this section, a State shall

establish a drinking water treatment revolving loan fund (referred to in this section as a 'State loan fund') and comply with the other requirements of this section. Each grant to a State under this section shall be deposited in the State loan fund established by the State, except as otherwise provided in this section and in other provisions of this title. No funds authorized by other provisions of this title to be used for other purposes specified in this title shall be deposited in any State loan fund.

"(C) EXTENDED PERIOD.—The grant to a State shall be available to the State for obligation during the fiscal year for which the funds are authorized and during the following fiscal year, except that grants made available from funds provided prior to fiscal year 1997 shall be available for obligation during each of the fiscal years 1997 and 1998.

"(D) ALLOTMENT FORMULA.—Except as otherwise provided in this section, funds made available to carry out this section shall be allotted to States that have entered into an agreement pursuant to this section (other than the District of Columbia) in accordance with—

"(i) for each of fiscal years 1995 through 1997, a formula that is the same as the formula used to distribute public water system supervision grant funds under section 1443 in fiscal year 1995, except that the minimum proportionate share established in the formula shall be 1 percent of available funds and the formula shall be adjusted to include a minimum proportionate share for the State of Wyoming and the District of Columbia; and

"(ii) for fiscal year 1998 and each subsequent fiscal year, a formula that allocates to each State the proportional share of the State needs identified in the most recent survey conducted pursuant to subsection (h), except that the minimum proportionate share provided to each State shall be the same as the minimum proportionate share provided under clause (i).

"(E) REALLOTMENT.—The grants not obligated by the last day of the period for which the grants are available shall be reallotted according to the appropriate criteria set forth in subparagraph (D), except that the Administrator may reserve and allocate 10 percent of the remaining amount for financial assistance to Indian Tribes in addition to the amount allotted under subsection (i) and none of the funds reallotted by the Administrator shall be reallotted to any State that has not obligated all sums allotted to the State pursuant to this section during the period in which the sums were available for obligation.

"(F) NONPRIMACY STATES.—The State allotment for a State not exercising primary enforcement responsibility for public water systems shall not be deposited in any such fund but shall be allotted by the Administrator under this subparagraph. Pursuant to section 1443(a)(9)(A) such sums allotted under this subparagraph shall be reserved as needed by the Administrator to exercise primary enforcement responsibility under this title in such State and the remainder shall be reallotted to States exercising primary

enforcement responsibility for public water systems for deposit in such funds. Whenever the Administrator makes a final determination pursuant to section 1413(b) that the requirements of section 1413(a) are no longer being met by a State, additional grants for such State under this title shall be immediately terminated by the Administrator. This subparagraph shall not apply to any State not exercising primary enforcement responsibility for public water systems as of the date of enactment of the Safe Drinking Water Act Amendments of 1996.

"(G) OTHER PROGRAMS.—

"(i) NEW SYSTEM CAPACITY.—Beginning in fiscal year 1999, the Administrator shall withhold 20 percent of each capitalization grant made pursuant to this section to a State unless the State has met the requirements of section 1420(a) (relating to capacity development) and shall withhold 10 percent for fiscal year 2001, 15 percent for fiscal year 2002, and 20 percent for fiscal year 2003 if the State has not complied with the provisions of section 1420(c) (relating to capacity development strategies). Not more than a total of 20 percent of the capitalization grants made to a State in any fiscal year may be withheld under the preceding provisions of this clause. All funds withheld by the Administrator pursuant to this clause shall be reallotted by the Administrator on the basis of the same ratio as is applicable to funds allotted under subparagraph (D). None of the funds reallotted by the Administrator pursuant to this paragraph shall be allotted to a State unless the State has met the requirements of section 1420 (relating to capacity development).

"(ii) OPERATOR CERTIFICATION.—The Administrator shall withhold 20 percent of each capitalization grant made pursuant to this section unless the State has met the requirements of 1419 (relating to operator certification). All funds withheld by the Administrator pursuant to this clause shall be reallotted by the Administrator on the basis of the same ratio as applicable to funds allotted under subparagraph (D). None of the funds reallotted by the Administrator pursuant to this paragraph shall be allotted to a State unless the State has met the requirements of section 1419 (relating to operator certification).

"(2) USE OF FUNDS.—Except as otherwise authorized by this title, amounts deposited in a State loan fund, including loan repayments and interest earned on such amounts, shall be used only for providing loans or loan guarantees, or as a source of reserve and security for leveraged loans, the proceeds of which are deposited in a State loan fund established under paragraph (1), or other financial assistance authorized under this section to community water systems and nonprofit noncommunity water systems, other than systems owned by Federal agencies. Financial assistance under this section may be used by a public water system only for expenditures (not including monitoring, operation, and maintenance expenditures) of a type or category which the Administrator has determined, through guidance, will facilitate compliance with

national primary drinking water regulations applicable to the system under section 1412 or otherwise significantly further the health protection objectives of this title. The funds may also be used to provide loans to a system referred to in section 1401(4)(B) for the purpose of providing the treatment described in section 1401(4)(B)(i)(III). The funds shall not be used for the acquisition of real property or interests therein, unless the acquisition is integral to a project authorized by this paragraph and the purchase is from a willing seller. Of the amount credited to any State loan fund established under this section in any fiscal year, 15 percent shall be available solely for providing loan assistance to public water systems which regularly serve fewer than 10,000 persons to the extent such funds can be obligated for eligible projects of public water systems.

"(3) LIMITATION.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), no assistance under this section shall be provided to a public water system that—

"(i) does not have the technical, managerial, and financial capability to ensure compliance with the requirements of this title; or

"(ii) is in significant noncompliance with any requirement of a national primary drinking water regulation or variance.

"(B) RESTRUCTURING.—A public water system described in subparagraph (A) may receive assistance under this section if—

"(i) the use of the assistance will ensure compliance; and

"(ii) if subparagraph (A)(i) applies to the system, the owner or operator of the system agrees to undertake feasible and appropriate changes in operations (including ownership, management, accounting, rates, maintenance, consolidation, alternative water supply, or other procedures) if the State determines that the measures are necessary to ensure that the system has the technical, managerial, and financial capability to comply with the requirements of this title over the long term.

"(C) REVIEW.—Prior to providing assistance under this section to a public water system that is in significant noncompliance with any requirement of a national primary drinking water regulation or variance, the State shall conduct a review to determine whether subparagraph (A)(i) applies to the system.

"(b) INTENDED USE PLANS.—

"(1) IN GENERAL.—After providing for public review and comment, each State that has entered into a capitalization agreement pursuant to this section shall annually prepare a plan that identifies the intended uses of the amounts available to the State loan fund of the State.

"(2) CONTENTS.—An intended use plan shall include—

"(A) a list of the projects to be assisted in the first fiscal year that begins after the date of the plan, including a description of the project, the expected terms of financial assistance, and the size of the community served;

"(C) a description of the financial status of the State loan fund and the short-term and long-term goals of the State loan fund.

"(3) USE OF FUNDS.—

"(A) IN GENERAL.—An intended use plan shall provide, to the maximum extent practicable, that priority for the use of funds be given to projects that—

"(i) address the most serious risk to human health;

"(ii) are necessary to ensure compliance with the requirements of this title (including requirements for filtration); and

"(iii) assist systems most in need on a per household basis according to State affordability criteria.

Publications. Records.

"(B) LIST OF PROJECTS.—Each State shall, after notice and opportunity for public comment, publish and periodically update a list of projects in the State that are eligible for assistance under this section, including the priority assigned to each project and, to the extent known, the expected funding schedule for each project.

"(c) FUND MANAGEMENT.—Each State loan fund under this section shall be established, maintained, and credited with repayments and interest. The fund corpus shall be available in perpetuity for providing financial assistance under this section. To the extent amounts in the fund are not required for current obligation or expenditure, such amounts shall be invested in interest bearing obligations.

"(d) ASSISTANCE FOR DISADVANTAGED COMMUNITIES.—

"(1) LOAN SUBSIDY.—Notwithstanding any other provision of this section, in any case in which the State makes a loan pursuant to subsection (a)(2) to a disadvantaged community or to a community that the State expects to become a disadvantaged community as the result of a proposed project, the State may provide additional subsidization (including forgiveness of principal).

"(2) TOTAL AMOUNT OF SUBSIDIES.—For each fiscal year, the total amount of loan subsidies made by a State pursuant to paragraph (1) may not exceed 30 percent of the amount of the capitalization grant received by the State for the year.

"(3) DEFINITION OF DISADVANTAGED COMMUNITY.—In this subsection, the term 'disadvantaged community' means the service area of a public water system that meets affordability criteria established after public review and comment by the State in which the public water system is located. The Administrator may publish information to assist States in establishing affordability criteria.

"(e) STATE CONTRIBUTION.—Each agreement under subsection (a) shall require that the State deposit in the State loan fund from State moneys an amount equal to at least 20 percent of the total amount of the grant to be made to the State on or before the date on which the grant payment is made to the State, except that a State shall not be required to deposit such amount into the fund prior to the date on which each grant payment is made for fiscal years 1994, 1995, 1996, and 1997 if the State deposits the State contribution amount into the State loan fund prior to September 30, 1999.

"(f) TYPES OF ASSISTANCE.—Except as otherwise limited by State law, the amounts deposited into a State loan fund under this section may be used only—

"(1) to make loans, on the condition that—

"(A) the interest rate for each loan is less than or equal to the market interest rate, including an interest free loan;

"(B) principal and interest payments on each loan will commence not later than 1 year after completion of the project for which the loan was made, and each loan will be fully amortized not later than 20 years after the completion of the project, except that in the case of a disadvantaged community (as defined in subsection (d)(3)), a State may provide an extended term for a loan, if the extended term—

"(i) terminates not later than the date that is 30 years after the date of project completion; and

"(ii) does not exceed the expected design life of the project;

"(C) the recipient of each loan will establish a dedicated source of revenue (or, in the case of a privately owned system, demonstrate that there is adequate security) for the repayment of the loan; and

"(D) the State loan fund will be credited with all payments of principal and interest on each loan;

"(2) to buy or refinance the debt obligation of a municipality or an intermunicipal or interstate agency within the State at an interest rate that is less than or equal to the market interest rate in any case in which a debt obligation is incurred after July 1, 1993;

"(3) to guarantee, or purchase insurance for, a local obligation (all of the proceeds of which finance a project eligible for assistance under this section) if the guarantee or purchase would improve credit market access or reduce the interest rate applicable to the obligation;

"(4) as a source of revenue or security for the payment of principal and interest on revenue or general obligation bonds issued by the State if the proceeds of the sale of the bonds will be deposited into the State loan fund; and

"(5) to earn interest on the amounts deposited into the State loan fund.

"(g) ADMINISTRATION OF STATE LOAN FUNDS.—

"(1) COMBINED FINANCIAL ADMINISTRATION.—Notwithstanding subsection (c), a State may (as a convenience and to avoid unnecessary administrative costs) combine, in accordance with State law, the financial administration of a State loan fund established under this section with the financial administration of any other revolving fund established by the State if otherwise not prohibited by the law under which the State loan fund was established and if the Administrator determines that—

"(A) the grants under this section, together with loan repayments and interest, will be separately accounted for and used solely for the purposes specified in subsection (a); and

"(B) the authority to establish assistance priorities and carry out oversight and related activities (other than financial administration) with respect to assistance remains with

the State agency having primary responsibility for administration of the State program under section 1413, after consultation with other appropriate State agencies (as determined by the State): *Provided*, That in nonprimacy States eligible to receive assistance under this section, the Governor shall determine which State agency will have authority to establish priorities for financial assistance from the State loan fund.

"(2) COST OF ADMINISTERING FUND.—Each State may annually use up to 4 percent of the funds allotted to the State under this section to cover the reasonable costs of administration of the programs under this section, including the recovery of reasonable costs expended to establish a State loan fund which are incurred after the date of enactment of this section, and to provide technical assistance to public water systems within the State. For fiscal year 1995 and each fiscal year thereafter, each State may use up to an additional 10 percent of the funds allotted to the State under this section—

"(A) for public water system supervision programs under section 1443(a);

"(B) to administer or provide technical assistance through source water protection programs;

"(C) to develop and implement a capacity development strategy under section 1420(c); and

"(D) for an operator certification program for purposes of meeting the requirements of section 1419,

if the State matches the expenditures with at least an equal amount of State funds. At least half of the match must be additional to the amount expended by the State for public water supervision in fiscal year 1993. An additional 2 percent of the funds annually allotted to each State under this section may be used by the State to provide technical assistance to public water systems serving 10,000 or fewer persons in the State. Funds utilized under subparagraph (B) shall not be used for enforcement actions.

Publication.

"(3) GUIDANCE AND REGULATIONS.—The Administrator shall publish guidance and promulgate regulations as may be necessary to carry out the provisions of this section, including—

"(A) provisions to ensure that each State commits and expends funds allotted to the State under this section as efficiently as possible in accordance with this title and applicable State laws;

"(B) guidance to prevent waste, fraud, and abuse; and

"(C) guidance to avoid the use of funds made available under this section to finance the expansion of any public water system in anticipation of future population growth.

The guidance and regulations shall also ensure that the States, and public water systems receiving assistance under this section, use accounting, audit, and fiscal procedures that conform to generally accepted accounting standards.

"(4) STATE REPORT.—Each State administering a loan fund and assistance program under this subsection shall publish and submit to the Administrator a report every 2 years on its activities under this section, including the findings of the most recent audit of the fund and the entire State allotment. The Administrator shall periodically audit all State loan funds established by, and all other amounts allotted to, the States

pursuant to this section in accordance with procedures established by the Comptroller General.

"(h) NEEDS SURVEY.—The Administrator shall conduct an assessment of water system capital improvement needs of all eligible public water systems in the United States and submit a report to the Congress containing the results of the assessment within 180 days after the date of enactment of the Safe Drinking Water Act Amendments of 1996 and every 4 years thereafter. Reports.

"(i) INDIAN TRIBES.—

The grants may only be used for expenditures by tribes and villages for public water system expenditures referred to in subsection (a)(2).

"(2) USE OF FUNDS.—Funds reserved pursuant to paragraph (1) shall be used to address the most significant threats to public health associated with public water systems that serve Indian Tribes, as determined by the Administrator in consultation with the Director of the Indian Health Service and Indian Tribes.

"(3) ALASKA NATIVE VILLAGES.—In the case of a grant for a project under this subsection in an Alaska Native village, the Administrator is also authorized to make grants to the State of Alaska for the benefit of Native villages. An amount not to exceed 4 percent of the grant amount may be used by the State of Alaska for project management.

"(4) NEEDS ASSESSMENT.—The Administrator, in consultation with the Director of the Indian Health Service and Indian Tribes, shall, in accordance with a schedule that is consistent with the needs surveys conducted pursuant to subsection (h), prepare surveys and assess the needs of drinking water treatment facilities to serve Indian Tribes, including an evaluation of the public water systems that pose the most significant threats to public health.

"(j) OTHER AREAS.—Of the funds annually available under this section for grants to States, the Administrator shall make allotments in accordance with section 1443(a)(4) for the Virgin Islands, the Commonwealth of the Northern Mariana Islands, American Samoa, and Guam. The grants allotted as provided in this subsection may be provided by the Administrator to the governments of such areas, to public water systems in such areas, or to both, to be used for the public water system expenditures referred to in subsection (a)(2). The grants, and grants for the District of Columbia, shall not be deposited in State loan funds. shall establish a maximum contaminant level for the contaminant in bottled water which is no less stringent than the maximum contaminant level provided in the national primary drinking water regulation.

"(B) In the case of contaminants for which a treatment technique is established in a national primary drinking water regulation under section 1412 of the Safe Drinking Water Act (42 U.S.C. 300g–1), the regulation under this subsection shall require that bottled water be subject to requirements no less protective of the public health than those applicable to water provided by public water systems using the treatment technique required by the national primary drinking water regulation.

"(4)(A) If the Secretary does not promulgate a regulation under this subsection within the period described in paragraph (1), the national primary drinking water regulation referred to in paragraph (1) shall be considered, as of the date on which the Secretary is required to establish a regulation under paragraph (1), as the regulation applicable under this subsection to bottled water.

"(B) In the case of a national primary drinking water regulation that pursuant to subparagraph (A) is considered to be a standard of quality regulation, the Secretary shall, not later than the applicable date referred to in such subparagraph, publish in the Federal Register a notice— Federal Register, publication.

"(ii) providing that for purposes of this paragraph the effective date for such regulation is the same as the effective date for the regulation for purposes of the Safe Drinking Water Act (or, if the exception under paragraph (1) applies to the regulation, that the effective date for the regulation is not later than 2 years and 180 days after the date of enactment of the Safe Drinking Water Act Amendments of 1996).". SEC. 3. DELEGATION OF ROYALTY COLLECTIONS AND RELATED ACTIVITIES.

(a) GENERAL AUTHORITY.—Section 205 of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1735) is amended to read as follows:

30 USC 1735.

"SEC. 205. DELEGATION OF ROYALTY COLLECTIONS AND RELATED ACTIVITIES.

"(a) Upon written request of any State, the Secretary is authorized to delegate, in accordance with the provisions of this section, all or part of the authorities and responsibilities of the Secretary under this Act to:

"(1) conduct inspections, audits, and investigations;

"(2) receive and process production and financial reports;

"(3) correct erroneous report data;

"(4) perform automated verification; and

"(5) issue demands, subpoenas, and orders to perform restructured accounting, for royalty management enforcement purposes,

to any State with respect to all Federal land within the State.

"(b) After notice and opportunity for a hearing, the Secretary is authorized to delegate such authorities and responsibilities granted under this section as the State has requested, if the Secretary finds that—

"(1) it is likely that the State will provide adequate resources to achieve the purposes of this Act;

"(2) the State has demonstrated that it will effectively and faithfully administer the rules and regulations of the Secretary under this Act in accordance with the requirements of subsections (c) and (d) of this section;

"(3) such delegation will not create an unreasonable burden on any lessee;

"(4) the State agrees to adopt standardized reporting procedures prescribed by the Secretary for royalty and production accounting purposes, unless the State and all affected parties (including the Secretary) otherwise agree;

"(5) the State agrees to follow and adhere to regulations and guidelines issued by the Secretary pursuant to the mineral leasing laws regarding valuation of production; and

"(6) where necessary for a State to have authority to carry out and enforce a delegated activity, the State agrees to enact such laws and promulgate such regulations as are consistent with relevant Federal laws and regulations

with respect to the Federal lands within the State.

"(c) After notice and opportunity for hearing, the Secretary shall issue a ruling as to the consistency of a State's proposal with the provisions of this section and regulations under subsection (d) within 90 days after submission of such proposal. In any unfavorable ruling, the Secretary shall set forth the reasons therefor and state whether the Secretary will agree to delegate to the State if the State meets the conditions set forth in such ruling.

"(d) After consultation with State authorities, the Secretary shall by rule promulgate, within 12 months after the date of enactment of this section, standards and regulations pertaining to the authorities and responsibilities to be delegated under subsection (a), including standards and regulations pertaining to— Regulations.

"(1) audits to be performed;

"(2) records and accounts to be maintained;

"(3) reporting procedures to be required by States under this section;

"(4) receipt and processing of production and financial reports;

"(5) correction of erroneous report data;

"(6) performance of automated verification;

"(7) issuance of standards and guidelines in order to avoid duplication of effort;

"(8) transmission of report data to the Secretary; and

"(9) issuance of demands, subpoenas, and orders to perform restructured accounting, for royalty management enforcement purposes.

Such standards and regulations shall be designed to provide reasonable assurance that a uniform and effective royalty management system will prevail among the States. The records and accounts under paragraph (2) shall be sufficient to allow the Secretary to monitor the performance of any State under this section.

"(e) If, after notice and opportunity for a hearing, the Secretary finds that any State to which any authority or responsibility of the Secretary has been delegated under this section is in violation of any requirement of this section or any rule thereunder, or that an affirmative finding by the Secretary under subsection (b) can no longer be made, the Secretary may revoke such delegation.

If, after providing written notice to a delegated State and a reasonable opportunity to take corrective action requested by the Secretary, the Secretary determines that the State has failed to issue a demand or order to a Federal lessee within the State, that such failure may result in an underpayment of an obligation due the United States by such lessee, and that such underpayment may be uncollected without Secretarial intervention, the Secretary may issue such demand or order in accordance with the provisions of this Act prior to or absent the withdrawal of delegated authority.

"(f) Subject to appropriations, the Secretary shall compensate any State for those costs which may be necessary to carry out the delegated activities under this Section. Payment shall be made no less than every quarter during the fiscal year. Compensation to a State may not exceed the Secretary's reasonably anticipated expenditure for performance of such delegated activities by the Secretary. Such costs shall be allocable for the purposes of section 35(b) of the Act entitled 'An act to promote the mining of coal, phosphate, oil, oil shale, gas and sodium on the public domain', approved February 25, 1920 (commonly known as the Mineral Leasing Act) (30 U.S.C. 191 (b)) to the administration and enforcement of laws providing for the leasing of any onshore lands or interests in land owned by the United States. Any further allocation of costs under section 35(b) made by the Secretary for oil and gas activities, other than those costs to compensate States for delegated activities under this Act, shall be only those costs associated with onshore oil and gas activities and may not include any duplication of costs allocated pursuant to the previous sentence. Nothing in this section affects the Secretary's authority to make allocations under section 35(b) for non-oil and gas mineral activities. All moneys received from sales, bonuses, rentals, royalties, assessments and interest, including money claimed to be due and owing pursuant to a delegation under this section, shall be payable and paid to the Treasury of the United States.

"(g) Any action of the Secretary to approve or disapprove a proposal submitted by a State under this section shall be subject to judicial review in the United States district court which includes the capital of the State submitting the proposal.

"(h) Any State operating pursuant to a delegation existing on the date of enactment of this Act may continue to operate under the terms and conditions of the delegation, except to the extent that a revision of the existing agreement is adopted pursuant to this section.".

(b) CLERICAL AMENDMENT.—The item relating to section 205 in the table of contents in section 1 of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1701) is amended to read as follows:

"(b) LIMITATION PERIOD.—

"(1) IN GENERAL.—A judicial proceeding or demand which arises from, or relates to an obligation, shall be commenced within seven years from the date on which the obligation becomes due and if not so commenced shall be barred. If commencement of a judicial proceeding or demand for an obligation is barred by this section, the Secretary, a delegated State, or a lessee or its designee (A) shall not take any other or further action regarding that obligation, including (but not limited to) the issuance of any order, request, demand or other communication seeking any document, accounting, determination, calculation, recalculation, payment, principal, interest, assessment, or penalty or the initiation, pursuit or completion of an audit with respect to that obligation; and (B) shall not pursue any other equitable or legal remedy, whether under statute or common law, with respect to an action on or an enforcement of said obligation.

"(2) RULE OF CONSTRUCTION.—A judicial proceeding or demand that is timely commenced under paragraph (1) against a designee shall be considered timely commenced as to any lessee who is liable pursuant to section 102(a) of this Act for the obligation that is the subject of the judicial proceeding or demand.

"(3) APPLICATION OF CERTAIN LIMITATIONS.—The limitations set forth in sections 2401, 2415, 2416, and 2462 of title 28, United States Code, and section 42 of the Mineral Leasing Act (30 U.S.C. 226–2) shall not apply to any obligation to which this Act applies. Section 3716 of title 31, United States Code, may be applied to an obligation the enforcement of which is not barred by this Act, but may not be applied to any obligation the enforcement of which is barred by this Act.

"(c) OBLIGATION BECOMES DUE.—

"(1) IN GENERAL.—For purposes of this Act, an obligation becomes due when the right to enforce the obligation is fixed.

"(2) ROYALTY OBLIGATIONS.—The right to enforce any royalty obligation for any given production month for a lease is fixed for purposes of this Act on the last day of the calendar month following the month in which oil or gas is produced.

"(d) TOLLING OF LIMITATION PERIOD.—The running of the limitation period under subsection (b) shall not be suspended, tolled, extended, or enlarged for any obligation for any reason by any action, including an action by the Secretary or a delegated State, other than the following:

"(1) TOLLING AGREEMENT.—A written agreement executed during the limitation period between the Secretary or a delegated State and a lessee or its designee (with notice to the lessee who designated the designee) shall toll the limitation period for the amount of time during which the agreement is in effect.

"(2) SUBPOENA.—

"(A) The issuance of a subpoena to a lessee or its designee (with notice to the lessee who designated the designee, which notice shall not constitute a subpoena to the lessee) in accordance with the provisions of subparagraph (B)(i) shall toll the limitation period with respect to the obligation which is the subject of a subpoena only for the period beginning on the date the lessee or its designee receives the subpoena and ending on the date on which (i) the lessee or its designee has produced such subpoenaed records for the subject obligation, (ii) the Secretary or a delegated State receives written notice that the subpoenaed records for the subject obligation are not in existence or are not in the lessee's or its designee's possession or control, or (iii) a court has determined in a final decision that such records are not required to be produced, whichever occurs first.

"(B)(i) A subpoena for the purposes of this section which requires a lessee or its designee to produce records necessary to determine the proper reporting and payment of an obligation due the Secretary may be issued only by an Assistant Secretary of the Interior or an Acting Assistant Secretary of the Interior who is a schedule C employee (as defined by section 213.3301 of title 5, Code of Federal Regulations), or the Director or Acting Director of the respective bureau or agency, and may not be delegated to any other person. If a State has been delegated authority pursuant to section 205, the State, acting through the highest State official having ultimate authority over the collection of royalties from leases on Federal lands within the State, may issue such subpoena, but may not delegate such authority to any other person.

"(ii) A subpoena described in clause (i) may only be issued against a lessee or its designee during the limitation period provided in this section and only after the Secretary or a delegated State has in writing requested the records from the lessee or its designee related to the obligation which is the subject of the subpoena and has determined that—

"(I) the lessee or its designee has failed to respond within a reasonable period of time to the Secretary's or the applicable delegated State's written request for such records necessary for an audit, investigation or other inquiry made in accordance with the Secretary's or such delegated State's responsibilities under this Act; or

"(II) the lessee or its designee has in writing denied the Secretary's or the applicable delegated State's written request to produce such records in the lessee's or its designee's possession or control necessary for an audit, investigation or other inquiry made in accordance with the Secretary's or such delegated State's responsibilities under this Act; or

"(III) the lessee or its designee has unreasonably delayed in producing records necessary for an audit, investigation or other inquiry made in accordance with the Secretary's or the applicable delegated State's

responsibilities under this Act after the Secretary's or delegated State's written request.

"(C) In seeking records, the Secretary or the applicable delegated State shall afford the lessee or its designee a reasonable period of time after a written request by the Secretary or such delegated State in which to provide such records prior to the issuance of any subpoena.

"(3) MISREPRESENTATION OR CONCEALMENT.—The intentional misrepresentation or concealment of a material fact for the purpose of evading the payment of an obligation in which case the limitation period shall be tolled for the period of such misrepresentation or such concealment.

"(4) ORDER TO PERFORM RESTRUCTURED ACCOUNTING.—A)(i) The issuance of a notice under subparagraph (D) that the lessee or its designee has not substantially complied with the requirement to perform a restructured accounting shall toll the limitation period with respect to the obligation which is the subject of the notice only for the period beginning on the date the lessee or its designee receives the notice and ending 120 days after the date on which (I) the Secretary or the applicable delegated State receives written notice that the accounting or other requirement has been performed, or (II) a court has determined in a final decision that the lessee is not required to perform the accounting, whichever occurs first.

"(ii) If the lessee or its designee initiates an administrative appeal or judicial proceeding to contest an order to perform a restructured accounting issued under subparagraph (B)(i), the limitation period in subsection (b) shall be tolled from the date the lessee or its designee received the order until a final, nonappealable decision is issued in any such proceeding.

"(B)(i) The Secretary or the applicable delegated State may issue an order to perform a restructured accounting to a lessee or its designee when the Secretary or such delegated State determines during an audit of a lessee or its designee that the lessee or its designee should recalculate royalty due on an obligation based upon the Secretary's or the delegated State's finding that the lessee or its designee has made identified underpayments or overpayments which are demonstrated by the Secretary or the delegated State to be based upon repeated, systemic reporting errors for a significant number of leases or a single lease for a significant number of reporting months with the same type of error which constitutes a pattern of violations and which are likely to result in either significant underpayments or overpayments.

"(ii) The power of the Secretary to issue an order to perform a restructured accounting may not be delegated below the most senior career professional position having responsibility for the royalty management program, which position is currently designated as the 'Associate Director for Royalty Management', and may not be delegated to any other person. If a State has been delegated authority pursuant to section 205 of this Act, the State, acting through the highest ranking State official having ultimate authority over the collection of royalties from leases on Federal lands within the State, may issue such order to perform, which may not be delegated to any other person. An order to perform a restructured accounting shall—

"(I) be issued within a reasonable period of time from when the audit identifies the systemic, reporting errors;

"(II) specify the reasons and factual bases for such order;

"(III) be specifically identified as an 'order to perform a restructured accounting';

"(IV) provide the lessee or its designee a reasonable period of time (but not less than 60 days) within which to perform the restructured accounting; and

"(V) provide the lessee or its designee 60 days within which to file an administrative appeal of the order to perform a restructured accounting.

"(C) An order to perform a restructured accounting shall not mean or be construed to include any other action by or on behalf of the Secretary or a delegated State.

Notice.

"(D) If a lessee or its designee fails to substantially comply with the requirement to perform a restructured accounting pursuant to this subsection, a notice shall be issued to the lessee or its designee that the lessee or its designee has not substantially complied with the requirements to perform a restructured accounting. A lessee or its designee shall be given a reasonable time within which to perform the restructured accounting. Such notice may be issued under this section only by an Assistant Secretary of the Interior or an acting Assistant Secretary of the Interior who is a schedule C employee (as defined by section 213.3301 of title 5, Code of Federal Regulations) and may not be delegated to any other person. If a State has been delegated authority pursuant to section 205, the State, acting through the highest State official having ultimate authority over the collection of royalties from leases on Federal lands within the State, may issue such notice, which may not be delegated to any other person.

"(e) TERMINATION OF LIMITATIONS PERIOD.—An action or an enforcement of an obligation by the Secretary or delegated State or a lessee or its designee shall be barred under this section prior to the running of the seven-year period provided in subsection (b) in the event—

"(1) the Secretary or a delegated State has notified the lessee or its designee in writing that a time period is closed to further audit; or

"(2) the Secretary or a delegated State and a lessee or its designee have so agreed in writing.

For purposes of this subsection, notice to, or an agreement by, the designee shall be binding on any lessee who is liable pursuant to section 102(a) for obligations that are the subject of the notice or agreement.

"(f) RECORDS REQUIRED FOR DETERMINING COLLECTIONS.—Records required pursuant to section 103 of this Act by the Secretary or any delegated State for the purpose of determining obligations due and compliance with any applicable mineral leasing law, lease provision, regulation or order with respect to oil and gas leases from Federal lands or the Outer Continental Shelf shall be maintained for the same period of time during which a judicial proceeding or demand may be commenced under subsection (b). If a judicial proceeding or demand is timely commenced, the record holder shall maintain such records until the final nonappealable decision in such judicial proceeding is made, or with respect to

that demand is rendered, unless the Secretary or the applicable delegated State authorizes in writing an earlier release of the requirement to maintain such records. Notwithstanding anything herein to the contrary, under no circumstance shall a record holder be required to maintain or produce any record relating to an obligation for any time period which is barred by the applicable limitation in this section. In connection with any hearing, administrative proceeding, inquiry, investigation, or audit by the Secretary or a delegated State under this Act, the Secretary or the delegated State shall minimize the submission of multiple or redundant information and make a good faith effort to locate records previously submitted by a lessee or a designee to the Secretary or the delegated State, prior to requiring the lessee or the designee to provide such records.

"(g) TIMELY COLLECTIONS.—In order to most effectively utilize resources available to the Secretary to maximize the collection of oil and gas receipts from lease obligations to the Treasury within the seven-year period of limitations, and consequently to maximize the State share of such receipts, the Secretary should not perform or require accounting, reporting, or audit activities if the Secretary and the State concerned determine that the cost of conducting or requiring the activity exceeds the expected amount to be collected by the activity, based on the most current 12 months of activity. This subsection shall not provide a defense to a demand or an order to perform a restructured accounting. To the maximum extent possible, the Secretary and delegated States shall reduce costs to the United States Treasury and the States by discontinuing requirements for unnecessary or duplicative data and other information, such as separate allowances and payor information, relating to obligations due. If the Secretary and the State concerned determine that collection will result sooner, the Secretary or the applicable delegated State may waive or forego interest in whole or in part.

"(h) APPEALS AND FINAL AGENCY ACTION.—

"(1) 33-MONTH PERIOD.—Demands or orders issued by the Secretary or a delegated State are subject to administrative appeal in accordance with the regulations of the Secretary. No State shall impose any conditions which would hinder a lessee's or its designee's immediate appeal of an order to the Secretary or the Secretary's designee. The Secretary shall issue a final decision in any administrative proceeding, including any administrative proceedings pending on the date of enactment of this section, within 33 months from the date such proceeding was commenced or 33 months from the date of such enactment, whichever is later. The 33-month period may be extended by any period of time agreed upon in writing by the Secretary and the appellant.

"(2) EFFECT OF FAILURE TO ISSUE DECISION.—If no such decision has been issued by the Secretary within the 33-month period referred to in paragraph (1)—

"(A) the Secretary shall be deemed to have issued and granted a decision in favor of the appellant as to any nonmonetary obligation and any monetary obligation the principal amount of which is less than $10,000; and

"(B) the Secretary shall be deemed to have issued a final decision in favor of the Secretary, which decision shall be deemed to affirm those issues for which the agency

rendered a decision prior to the end of such period, as to any monetary obligation the principal amount of which is $10,000 or more, and the appellant shall have a right to judicial review of such deemed final decision in accordance with title 5 of the United States Code.

"(i) COLLECTIONS OF DISPUTED AMOUNTS DUE.—To expedite collections relating to disputed obligations due within the seven-year period beginning on the date the obligation became due, the parties shall hold not less than one settlement consultation and the Secretary and the State concerned may take such action as is appropriate to compromise and settle a disputed obligation, including waiving or reducing interest and allowing offsetting of obligations among leases.

"(j) ENFORCEMENT OF A CLAIM FOR JUDICIAL REVIEW.—In the event a demand subject to this section is properly and timely commenced, the obligation which is the subject of the demand may be enforced beyond the seven-year limitations period without being barred by this statute of limitations. In the event a demand subject to this section is properly and timely commenced, a judicial proceeding challenging the final agency action with respect to such demand shall be deemed timely so long as such judicial proceeding is commenced within 180 days from receipt of notice by the lessee or its designee of the final agency action.

"(k) IMPLEMENTATION OF FINAL DECISION.—In the event a judicial proceeding or demand subject to this section is timely commenced and thereafter the limitation period in this section lapses during the pendency of such proceeding, any party to such proceeding shall not be barred from taking such action as is required or necessary to implement a final unappealable judicial or administrative decision, including any action required or necessary to implement such decision by the recovery or recoupment of an underpayment or overpayment by means of refund or credit.

"(l) STAY OF PAYMENT OBLIGATION PENDING REVIEW.—Any person ordered by the Secretary or a delegated State to pay any obligation (other than an assessment) shall be entitled to a stay of such payment without bond or other surety instrument pending an administrative or judicial proceeding if the person periodically demonstrates to the satisfaction of the Secretary that such person is financially solvent or otherwise able to pay the obligation. In the event the person is not able to demonstrate, the Secretary may require a bond or other surety instrument satisfactory to cover the obligation. Any person ordered by the Secretary or a delegated State to pay an assessment shall be entitled to a stay without bond or other surety instrument.".

(b) CLERICAL AMENDMENT.—The table of contents in section 1 of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1701) is amended by inserting after the item relating to section 114 the following new item:

"Sec. 115. Secretarial and delegated States' actions and limitation periods.".

SEC. 5. ADJUSTMENT AND REFUNDS.

(a) IN GENERAL.—The Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1701 et seq.) is amended by inserting after section 111 the following:

"SEC. 111A. ADJUSTMENTS AND REFUNDS. 30 USC 1721a.

"(a) ADJUSTMENTS TO ROYALTIES PAID TO THE SECRETARY OR A DELEGATED STATE.—

"(1) If, during the adjustment period, a lessee or its designee determines that an adjustment or refund request is necessary to correct an underpayment or overpayment of an obligation, the lessee or its designee shall make such adjustment or request a refund within a reasonable period of time and only during the adjustment period. The filing of a royalty report which reflects the underpayment or overpayment of an obligation shall constitute prior written notice to the Secretary or the applicable delegated State of an adjustment.

"(2)(A) For any adjustment, the lessee or its designee shall calculate and report the interest due attributable to such adjustment at the same time the lessee or its designee adjusts the principle amount of the subject obligation, except as provided by subparagraph (B).

"(B) In the case of a lessee or its designee who determines that subparagraph (A) would impose a hardship, the Secretary or such delegated State shall calculate the interest due and notify the lessee or its designee within a reasonable time of the amount of interest due, unless such lessee or its designee elects to calculate and report interest in accordance with subparagraph (A).

"(3) An adjustment or a request for a refund for an obligation may be made after the adjustment period only upon written notice to and approval by the Secretary or the applicable delegated State, as appropriate, during an audit of the period which includes the production month for which the adjustment is being made. If an overpayment is identified during an audit, then the Secretary or the applicable delegated State, as appropriate, shall allow a credit or refund in the amount of the overpayment.

"(4) For purposes of this section, the adjustment period for any obligation shall be the six-year period following the date on which an obligation became due. The adjustment period shall be suspended, tolled, extended, enlarged, or terminated by the same actions as the limitation period in section 115.

"(b) REFUNDS.—

"(1) IN GENERAL.—A request for refund is sufficient if it—

"(A) is made in writing to the Secretary and, for purposes of section 115, is specifically identified as a demand;

"(B) identifies the person entitled to such refund;

"(C) provides the Secretary information that reasonably enables the Secretary to identify the overpayment for which such refund is sought; and

"(D) provides the reasons why the payment was an overpayment.

"(2) PAYMENT BY SECRETARY OF THE TREASURY.—The Secretary shall certify the amount of the refund to be paid under paragraph (1) to the Secretary of the Treasury who shall make such refund. Such refund shall be paid from amounts received as current receipts from sales, bonuses, royalties (including interest charges collected under this section) and rentals of the public lands and the Outer Continental Shelf under the provisions of the Mineral Leasing Act and the Outer Continental Shelf Lands Act, which are not payable to a State or

the Reclamation Fund. The portion of any such refund attributable to any amounts previously disbursed to a State, the Reclamation Fund, or any recipient prescribed by law shall be deducted from the next disbursements to that recipient made under the applicable law. Such amounts deducted from subsequent disbursements shall be credited to miscellaneous receipts in the Treasury.

"(3) PAYMENT PERIOD.—A refund under this subsection shall be paid or denied (with an explanation of the reasons for the denial) within 120 days of the date on which the request for refund is received by the Secretary. Such refund shall be subject to later audit by the Secretary or the applicable delegated State and subject to the provisions of this Act.

"(4) PROHIBITION AGAINST REDUCTION OF REFUNDS OR CREDITS.—In no event shall the Secretary or any delegated State directly or indirectly claim or offset any amount or amounts against, or reduce any refund or credit (or interest accrued thereon) by the amount of any obligation the enforcement of which is barred by section 115 of this Act.".

(b) CLERICAL AMENDMENT.—The table of contents in section 1 of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1701) is amended by inserting after the item relating to section 111 the following new item:

"Sec. 111A. Adjustments and refunds.".

SEC. 6. ROYALTY TERMS AND CONDITIONS, INTEREST, AND PENALTIES.

(a) LESSEE OR DESIGNEE INTEREST.—Section 111 of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1721) is amended by adding after subsection (g) the following:

"(h) Interest shall be allowed and paid or credited on any overpayment, with such interest to accrue from the date such overpayment was made, at the rate obtained by applying the provisions of subparagraphs (A) and (B) of section 6621(a)(1) of the Internal Revenue Code of 1986, but determined without regard to the sentence following subparagraph (B) of section 6621(a)(1). Interest which has accrued on any overpayment may be applied to reduce an underpayment. This subsection applies to overpayments made later than six months after the date of enactment of this subsection or September 1, 1996, whichever is later. Such interest shall be paid from amounts received as current receipts from sales, bonuses, royalties (including interest charges collected under this section) and rentals of the public lands and the Outer Continental Shelf under the provisions of the Mineral Leasing Act, and the Outer Continental Shelf Lands Act, which are not payable to a State or the Reclamation Fund. The portion of any such interest payment attributable to any amounts previously disbursed to a State, the Reclamation Fund, or any other recipient designated by law shall be deducted from the next disbursements to that recipient made under the applicable law. Such amounts deducted from subsequent disbursements shall be credited to miscellaneous receipts in the Treasury.".

(b) LIMITATION ON INTEREST.—Section 111 of the Federal Oil and Gas Royalty Management Act of 1982, as amended by subsection (a), is further amended by adding at the end the following:

"(i) Upon a determination by the Secretary that an excessive overpayment (based upon all obligations of a lessee or its designee

for a given reporting month) was made for the sole purpose of receiving interest, interest shall be paid on the excessive amount of such overpayment. For purposes of this Act, an 'excessive overpayment' shall be the amount that any overpayment a lessee or its designee pays for a given reporting month (excluding payments for demands for obligations determined to be due as a result of judicial or administrative proceedings or agreed to be paid pursuant to settlement agreements) for the aggregate of all of its Federal leases exceeds 10 percent of the total royalties paid that month for those leases.".

(c) ESTIMATED PAYMENT.—Section 111 of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1721), as amended by subsections (a) and (b), is further amended by adding at the end the following:

"(j) A lessee or its designee may make a payment for the approximate amount of royalties (hereinafter in this subsection 'estimated payment') that would otherwise be due for such lease by the rate royalties are due for that lease. When an estimated payment is made, actual royalties are payable at the end of the month following the month in which the estimated payment is made. If the estimated payment was less than the amount of actual royalties due, interest is owned on the underpaid amount. If the estimated payment exceeds the actual royalties due, interest is owned on the overpayment. If the lessee or its designee makes a payment for such actual royalties, the lessee or its designee may apply the estimated payment to future royalties. Any estimated payment may be adjusted, recouped, or reinstated at any time by the lessee or its designee.".

(d) VOLUME ALLOCATION OF OIL AND GAS PRODUCTION.—Section 111 of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1721), as amended by subsections (a) through (c), is amended by adding at the end the following:

"(k)(1) Except as otherwise provided by this subsection—

"(A) a lessee or its designee of a lease in a unit or communitization agreement which contains only Federal leases with the same royalty rate and funds distribution shall report and pay royalties on oil and gas production for each production month based on the actual volume of production sold by or on behalf of that lessee;

"(B) a lessee or its designee of a lease in any other unit or communitization agreement shall report and pay royalties on oil and gas production for each production month based on the volume of oil and gas produced from such agreement and allocated to the lease in accordance with the terms of the agreement; and

"(C) a lessee or its designee of a lease that is not contained in a unit or communitization agreement shall report and pay royalties on oil and gas production for each production month based on the actual volume of production sold by or on behalf of that lessee.

"(2) This subsection applies only to requirements for reporting and paying royalties. Nothing in this subsection is intended to alter a lessee's liability for royalties on oil or gas production based on the share of production allocated to the lease in accordance with the terms of the lease, a unit or communitization agreement, or any other agreement.

"(3) For any unit or communitization agreement if all lessees contractually agree to an alternative method of royalty reporting and payment, the lessees may submit such alternative method to the Secretary or the delegated State for approval and make payments in accordance with such approved alternative method so long as such alternative method does not reduce the amount of the royalty obligation.

"(4) The Secretary or the delegated State shall grant an exception from the reporting and payment requirements for marginal properties by allowing for any calendar year or portion thereof royalties to be paid each month based on the volume of production sold. Interest shall not accrue on the difference for the entire calendar year or portion thereof between the amount of oil and gas actually sold and the share of production allocated to the lease until the beginning of the month following such calendar year or portion thereof. Any additional royalties dues or overpaid royalties and associated interest shall be paid, refunded, or credited within six months after the end of each calendar year in which royalties are paid based on volumes of production sold. For the purpose of this subsection, the term 'marginal property' means a lease that produces on average the combined equivalent of less than 15 barrels of oil per well per day or 90 thousand cubic feet of gas per well per day, or a combination thereof, determined by dividing the average daily production of crude oil and natural gas from producing wells on such lease by the number of such wells, unless the Secretary, together with the State concerned, determines that a different production is more appropriate.

"(5) Not later than two years after the date of the enactment of this subsection, the Secretary shall issue any appropriate demand for all outstanding royalty payment disputes regarding who is required to report and pay royalties on production from units and communitization agreements outstanding on the date of the enactment of this subsection, and collect royalty amounts owed on such production.".

(e) PRODUCTION ALLOCATION.—Section 111 of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1721), as amended by subsections (a) through (d), is amended by adding at the end the following:

"(l) The Secretary shall issue all determinations of allocations of production for units and communitization agreements within 120 days of a request for determination. If the Secretary fails to issue a determination within such 120-day period, the Secretary shall waive interest due on obligations subject to the determination until the end of the month following the month in which the determination is made.".

(f) NEW ASSESSMENT TO ENCOURAGE PROPER ROYALTY PAYMENTS.—

(1) IN GENERAL.—The Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1721), as amended by section 4(a), is further amended by adding at the end the following:

30 USC 1725.

"SEC. 116. ASSESSMENTS.

"Beginning eighteen months after the date of enactment of this section, to encourage proper royalty payment the Secretary or the delegated State shall impose assessments on a person who chronically submits erroneous reports under this Act. Assessments under this Act may only be issued as provided for in this section.".

(2) CLERICAL AMENDMENT.—The table of contents in section 1 of such Act (30 U.S.C. 1701) is amended by adding after the item relating to section 115 the following new item:

"Sec. 116. Assessments.".

(g) LIABILITY FOR ROYALTY PAYMENTS.—Section 102(a) of the Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1712(a)) is amended to read as follows:

"(a) In order to increase receipts and achieve effective collections of royalty and other payments, a lessee who is required to make any royalty or other payment under a lease or under the mineral leasing laws, shall make such payments in the time and manner as may be specified by the Secretary or the applicable delegated State. A lessee may designate a person to make all or part of the payments due under a lease on the lessee's behalf and shall notify the Secretary or the applicable delegated State in writing of such designation, in which event said designated person may, in its own name, pay, offset or credit monies, make adjustments, request and receive refunds and submit reports with respect to payments required by the lessee. Notwithstanding any other provision of this Act to the contrary, a designee shall not be liable for any payment obligation under the lease. The person owning operating rights in a lease shall be primarily liable for its pro rata share of payment obligations under the lease. If the person owning the legal record title in a lease is other than the operating rights owner, the person owning the legal record title shall be secondarily liable for its pro rata share of such payment obligations under the lease.".

(h) CLERICAL AMENDMENTS.—(1) The heading of section 111 of the Federal Oil and Gas Royalty management Act of 1982 (30 U.S.C. 1721) is amended to read as follows:

"ROYALTY TERMS AND CONDITIONS, INTEREST, AND PENALTIES".

(2) The item relating to section 111 in the table of contents in section 1 of such Act (30 U.S.C. 1701) is amended to read as follows:

"Sec. 111. Royalty terms and conditions, interest, and penalties.".

SEC. 7. ALTERNATIVES FOR MARGINAL PROPERTIES.

(a) IN GENERAL.—The Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1701 et seq.), as amended by section 6 of this Act, is further amended by adding at the end the following:

"SEC. 117. ALTERNATIVES FOR MARGINAL PROPERTIES. 30 USC 1726.

"(a) DETERMINATION OF BEST INTERESTS OF STATE CONCERNED AND THE UNITED STATES.—The Secretary and the State concerned, acting in the best interests of the United States and the State concerned to promote production, reduce administrative costs, and increase net receipts to the United States and the States, shall jointly determine, on a case by case basis, the amount of what marginal production from a lease or leases or well or wells, or parts thereof, shall be subject to a prepayment under subsection (b) or regulatory relief under subsection (c). If the State concerned does not consent, such prepayments or regulatory relief shall not be made available under this section for such marginal production: *Provided,* That if royalty payments from a lease or leases, or well or wells are not shared with any State, such determination shall be made solely by the Secretary.

"(b) PREPAYMENT OF ROYALTY.—

"(1) IN GENERAL.—Notwithstanding the provisions of any lease to the contrary, for any lease or leases or well or wells identified by the Secretary and the State concerned pursuant to subsection (a), the Secretary is authorized to accept a prepayment for royalties in lieu of monthly royalty payments under the lease for the remainder of the lease term if the affected lessee so agrees. Any prepayment agreed to by the Secretary, State concerned and lessee which is less than an average $500 per month in total royalties shall be effectuated under this section not earlier than two years after the date of enactment of this section and, any prepayment which is greater than an average $500 per month in total royalties shall be effectuated under this section not earlier than three years after the date of enactment of this section. The Secretary and the State concerned may condition their acceptance of the prepayment authorized under this section on the lessee's agreeing to such terms and conditions as the Secretary and the State concerned deem appropriate and consistent with the purposes of this Act. Such terms may—

"(A) provide for prepayment that does not result in a loss of revenue to the United States in present value terms;

"(B) include provisions for receiving additional prepayments or royalties for developments in the lease or leases or well or wells that deviate significantly from the assumptions and facts on which the valuation is determined; and

"(C) require the lessee or it designee to provide such periodic production reports as may be necessary to allow the Secretary and the State concerned to monitor production for the purposes of subparagraph (B).

"(2) STATE SHARE.—A prepayment under this section shall be shared by the Secretary with any State or other recipient to the same extent as any royalty payment for such lease.

"(3) SATISFACTION OF OBLIGATION.—Except as may be provided in the terms and conditions established by the Secretary under subsection (b), a lessee or its designee who makes a prepayment under this section shall have satisfied in full the lessee's obligation to pay royalty on the production stream sold from the lease or leases or well or wells.

"(c) ALTERNATIVE ACCOUNTING AND AUDITING REQUIREMENTS.—Within one year after the date of the enactment of this section, the Secretary or the delegated State shall provide accounting, reporting, and auditing relief that will encourage lessees to continue to produce and develop properties subject to subsection (a): *Provided,* That such relief will only be available to lessees in a State that concurs, which concurrence is not required if royalty payments from the lease or leases or well or wells are not shared with any State. Prior to granting such relief, the Secretary and, if appropriate, the State concerned shall agree that the type of marginal wells and relief provided under this paragraph is in the best interest of the United States and, if appropriate, the State concerned.".

(b) CLERICAL AMENDMENT.—The table of contents in section 1 of such Act (30 U.S.C. 1701) is amended by adding after the item relating to section 116 the following new item:

(b) OCSLA.—Effective on the date of the enactment of this Act, section 10 of the Outer Continental Shelf Lands Act (43 U.S.C. 1339) is repealed.

SEC. 9. INDIAN LANDS.

30 USC 1701 note.

The amendments made by this Act shall not apply with respect to Indian lands, and the provisions of the Federal Oil and Gas Royalty Management Act of 1982 as in effect on the day before the date of enactment of this Act shall continue to apply after such date with respect to Indian lands.
